Re: Application for Permit-Gary Paulson, Trail Creek Nursery

Dear Ron:

Enclosed is an application for permit for a water right for the Trail Creek Nursery near Driggs, Idaho. The application is for groundwater for use within the nursery and drip system for trees. Based on water use estimates for the project, the daily use will be less than 2500 gpd so the application is being filed under Section 42-111(b) using an existing well on the project. Please contact me if there are additional questions.

Sincerely,

Charles E. Brockway, P.E. Ph.D.

cc: Gary Paulson
