Re: Elizabeth Halter Transfer Application

Dear Roger:

In response to your March 9, letter, we are enclosing a copy of the Corporation Warranty Deed to Elizabeth Halter and a mark up of the map showing the layout and return. I did not try to superimpose this on the colored photo you sent because I think with the measurements you would be better able to do that on the computer than I. It is true that the remaining acreage will continue to be irrigated and the only thing that needs to be subtracted is the pond, the home, the septic tank and the small streams to and from the pond.

Finally, we understand the irrigated crop prior to the transfer has been pasture grass. If we can provide any additional information, please feel free to call upon us at your convenience.

Yours very truly,

Kent W. Foster
