

January 20, 2004

Idaho Dept. of Water Resources
2735 Airport Way
Boise, ID 83705

Gentlemen:

Attn; John Westra

Thank you for your assistance. Enclosed is our completed application and sufficient maps and photographs to identify where the two wells on our property are located. The information you provided on William T. Stevens fits our understanding of the former use of this property as a dairy. His dairy business ended around 2000 and he sold the property and retired. What we have marked on our survey plat as Well#1 is the domestic well, and Well#2 is the stockwater well.

Enclosed is a copy of our deed, legal description, and a check for \$25.00.

Sincerely Yours,

Larry L. Woodard
