RE: APPLICATION FOR TRANSFER FOR COMMERCIAL USE

Dear Mr. Van Grouw:

Your consultant, Darwin Vanderstelt, and I have been working on your application for several months to ensure that it meets department requirements and meets your needs. The result of this work created several changes to the original application for transfer that you filed for your dairy needs. In order for us to proceed, our office needs to know that you are aware of these changes and agree to those changes.

Whereas, a transfer document is a notarized document, we need to have you initial and sign off on the changes made to the transfer. Mr. Vanderstelt told me that he would have you come to my office to sign the document several weeks ago. This letter is a request to set a time that you can come into my office and sign off on those corrections.

The Department will hold further processing of your application for 30 days to allow submittal of the required information. Additional time may be granted by the Department upon receipt of a written request and sufficient justification for an extension. After that time, if adequate information is not received, the Department will issue a preliminary order to reject or deny the application.

If you have any questions or concerns please contact Dan Nelson at the above address.

Respectfully,

A handwritten signature in black ink that reads "Daniel A. Nelson". The signature is fluid and cursive, with a long horizontal line extending from the end.

Daniel A. Nelson
Sr. Water Right Agent
