ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No. 79-7155, and said application is hereby APPROVED.

1. Approval of said application is subject to the following limitations and conditions:

- SUBJECT TO ALL PRIOR WATER RIGHTS.
- Proof of construction of works and application of water to beneficial use shall be submitted on or before July 1, 19 87.
- The rate of diversion, if water is to be used for irrigation under this permit, when combined with all other water rights for the same land shall not exceed 0.02 cubic feet per second for each acre of land.
- Other: Permit holder shall commence the excavation or construction of diverting works within one year of the date this permit is issued and shall proceed diligently until the project is complete.
An access port or other device as specified by the Department shall be installed by the permit holder to provide for the installation of measuring equipment and the determination of the rate of diversion by the Department.

E. NARRATIVE/REMARKS/COMMENTS

~~Ditch~~ Diversion is located in T28N R20E S19. The ditch parallels the creek while climbing the hillside. It runs west and a bit north until it reaches Free Use Road ^{T28N R21E} S24 NW/ENE. A culvert runs under the road and is pushed over to an 8 inch white plastic pipe which is buried to the north east under the fence. On the north side of the fence the pipe empties into a ditch which runs along the east side of the eastern-most of the three ponds in the elbow of Free Use Road. The ditch continues down hill to the north west to a small pond. According to Don Heckman, this pond overflows into the unnamed stream to the east of his house, flowing eventually into White Bird Creek. Met with Don Heckman on morning of 07/21/1998.

According to Don Heckman this water is not used for any purpose, although the diversion does reduce the amount of water in Baker Gulch during high water, helping to reduce flood flows in the spring. No stock use the pond or ditches. There is no diversion from the unnamed stream below the house. House use is from a spring located in S.13 NE/SE, including irrigating the yard.

Water is not used to fill the three ponds by Free Use Road (per Don Heckman). Ponds have some control works but Don Heckman has not diverted out of them.

No diversion found in SENE S24. ²⁰ Road runs along general line as shown as unnamed stream on OQ but no ditch found. Ditch (+ water) would have to travel up a fairly steep hills from that location. Don Heckman knew of no diversion in SENE S24.

Have conditions of permit approval been met? ☐ yes ☒ no

Don Heckman's information contradicts the information provided by his father over the telephone. The field exam confirmed Don Heckman's version.

Diversion, but no beneficial use.

Dear Mr. Dee:

We have received the proof of beneficial use form and for Permit No. 79-7077. We have also received the exam fee sheet and exam fee for Permit No. 79-7155. However, before these are processed some questions need to be answered.

The exam fee sheet for Permit No. 79-7077 shows 2.0 cfs as the diversion rate under Item No. 6. However, the actual diversion rate shown on this permit is .20 cfs. The fee for .20 cfs is \$50 rather than the \$125 submitted for 2.0 cfs. Therefore, since refunds take a long time in processing, I thought it may be easier to return the \$125 check and have you send a \$50 check as soon as possible. Since the fee was submitted on July 13, 1987, that date will count for the \$50 fee also. Permit No. 79-7155 was originally filed for 1.03 cfs, with .23 cfs for stockwater and .80 cfs for 40 acres of irrigation. We will accept the \$100 exam fee based on .28 cfs unless we hear differently from you. If Heckman Ranches is irrigating more than 2 1/2 acres from Baker Creek, then an additional fee will need to be submitted based on the amount of water used and acres irrigated prior to the examination by our Department. Otherwise, a final license will only be issued for up to 0.23 cfs for stockwater and .05 cfs for 2 1/2 acres of irrigation.

Please submit the \$50 check for Permit No. 79-7077 and contact us if there are any changes on Permit No. 79-7155. If you have any questions or problems concerning this letter, feel free to call.

LAPSE NOTICE

RE: Permit No. 79-7155

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218a, Idaho Code, the above referenced water permit has lapsed. This office did not receive either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time. You were provided the proper forms in our proof due notice to you dated April 30, 1987.

Your permit cannot be reinstated unless you submit proof of beneficial use or submit an extension of time request showing reasonable cause for delay. Either the completed proof of beneficial use submittal (including the examination fee or a completed field examination report) or the extension request form together with the \$15 fee must be received by this Department within sixty days of the date of mailing of this lapse notice.

A proof of beneficial use form and a request for extension of time form are again enclosed for your use. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a governmental agency or by litigation which might bring title to the water in question.

Sincerely,

L. GLEN SAXTON
Chief, Operations Bureau

RE: Water Rights for Heckman Ranches, Inc.

William Dee
DEE & MacGREGOR
P.O. Box 463
Grangeville, ID 83530

Dear Mr. Dee:

In response to your request, you will find herein the status of the water rights that you conveyed to me over the telephone.

Permit No. 79-7155 - Proof of beneficial use of this permit was due on or before July 1, 1987. There is a 60 day period in which a day of priority is lost for each day the proof is late. After the 60 day grace period the permit will become null and void.

Permit No. 79-7077 - This permit has had the beneficial use submitted. We have now requested the permit holder to submit an examination fee. Once the fee is paid a representative from our Department will come out and examine the system completed under this permit.

Permit Nos. 79-7042 and 79-7043 - These permits lapsed in June of 1978. They are null and void.

Permit No. 79-7087 - The proof of beneficial use of this permit has been submitted and this permit is in form for the field examination to be completed. A fee for the exam is not required for this right since it is for stockwater use only.

Permit No. 79-7138 - This permit received an approved request for extension of time in which to submit the proof of beneficial use. The permit holder has until September 1, 1989 to finish up the system he is developing under this permit. Our office will send him notice of the beneficial use due date 60 days prior to the date when the proof is due.

Enclosed you will find copies of all of the above permits that are in good standing. The copying charge for these copies is \$4.00. Please remit this amount to our office at your earliest convenience.

If you have any other questions regarding these water rights, please feel free to contact our office.

Sincerely,

PROOF DUE NOTICE

RE: PERMIT NO. 79-7155

DEAR PERMIT HOLDER:

ONE OF THE CONDITIONS OF APPROVAL OF THE ABOVE REFERENCED WATER PERMIT WAS THAT PROOF OF THE EXTENT OF YOUR BENEFICIAL USE MUST BE SUBMITTED TO THIS OFFICE ON OR BEFORE JULY 1, 1987. (SEE LAST PAGE OF YOUR APPROVED PERMIT OR YOUR LAST APPROVED EXTENSION REQUEST.) ENCLOSED IS A FORM WHICH WHEN ACCOMPANIED BY THE LICENSE EXAMINATION FEE OR A COMPLETED FIELD EXAMINATION REPORT PREPARED BY A CERTIFIED WATER RIGHT EXAMINER MAY BE USED TO SUBMIT THE REQUIRED PROOF.

IF YOU HAVE NOT FULLY COMPLETED YOUR PROJECT, AND YOU OR A PREVIOUS OWNER OF THIS PERMIT HAVE NOT RECEIVED A PRIOR EXTENSION OF TIME, YOU MAY REQUEST AN EXTENSION OF TIME IF THE DELAY IS FOR REASONABLE CAUSE AS PROVIDED IN SECTION 42-204, IDAHO CODE. IF YOU HAVE BEEN PREVENTED FROM PROCEEDING BY A GOVERNMENTAL AGENCY OR BY LITIGATION WHICH MIGHT BRING TITLE TO THE WATER IN QUESTION, MORE THAN ONE EXTENSION OF TIME CAN BE GRANTED. AN EXTENSION OF TIME REQUEST FORM IS ENCLOSED FOR YOUR CONVENIENCE.

EITHER AN ACCEPTABLE PROOF OF BENEFICIAL USE SUBMITTAL OR AN ACCEPTABLE REQUEST FOR AN EXTENSION OF TIME MUST BE RECEIVED BY THIS DEPARTMENT ON OR BEFORE THE ABOVE DESCRIBED PROOF DUE DATE. IF NEITHER IS RECEIVED, THE DEPARTMENT WILL SEND YOU A LAPSE NOTICE. WITHIN SIXTY (60) DAYS OF THE MAILING OF THE LAPSE NOTICE, THE PERMIT WILL NO LONGER BE OF ANY FORCE NOR EFFECT.

SINCERELY,

RITA FLECK

Dear Permit Holder:

Enclosed is a copy of your approved Application for Permit. We direct your attention to the conditions of approval on the fourth page.

Be sure to note the special condition requiring you to install a measuring device, or a flow measurement port to provide for the installation of measuring equipment by the Department. Enclosed please find a list of measuring device options, and specifications for the installation of the flow measurement port.

The 1982 Idaho Legislature added a requirement that as a permit holder you must commence the excavation or construction of diverting works within one year of the date the permit was issued, and you must proceed diligently until the project is completed. The enclosed blue card must be completed and returned to this office as soon as you commence construction, no later than one year from the date the permit was approved.

We have enclosed a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit into a license.

Sincerely,

DAVID R. TUTHILL, JR., P.E.

Dear Mr. Dee:

We have received a copy of the completed Application for Permit for Heckman Ranches, Inc. on Baker Creek along with the \$30 fee needed for the entire filing fee required for 1.03 cfs (\$65).

However, we cannot accept a copy of the original application unless the signature is original. The copy you have sent also is a copy of the signature of the applicant. I spoke with your secretary on April 9th and she was to check on the problem. To my knowledge no application has yet been returned.

Please check your records for the original and return it to our office for processing. If the original cannot be located either a new application form will have to be completed, signed and returned or a copy of this application made with the signature signed after the copy is made.

If you have any questions, please contact me.

Sincerely,

JAN GROVER

Application for Permit - Baker Creek

Attention: Jan Grover
Senior Water Resource Agent

Dear Ms Grover:

Enclosed you will find the corrected Application for Permit with an additional \$35.00 filing fee. I have discussed this matter with my client and he feels that he will apply the beneficial use of the water to the entire 40 acres. I would appreciate your processing this application at your earliest convenience.

Yours very truly,

Dear Mr. Dee:

About three weeks ago, I contacted your office concerning an application for permit filed on Baker Creek for stockwater and irrigation purposes.

At that time I questioned the number of acres filed on for irrigation under Item No. 8b. Forty acres were filed on in the SW $\frac{1}{4}$ SE $\frac{1}{4}$; however, only .05 cfs of water were listed under Item No. 4. This is only enough water for 2 $\frac{1}{2}$ acres of irrigation. If the entire 40 acres are being or will be irrigated, then the amount to apply for is 0.80 cubic feet per second, which is 1" per acre for 80 acres. However, if less than 40 acres is being irrigated, then the exact acreage should be listed, rather than the total land owned.

Please complete the form as requested and return it to this office so processing can continue.

If you have any questions, don't hesitate to contact us.

Sincerely,

Jan Grover
