Dear Mr. Baker:

We have received the claim to a Water Right for your water use from the Salmon River. However, before we can continue processing this claim more information is necessary.

We checked the topographic map to check your legal description as the map on the back page of the claim did not match the legal given on item's # 5 and 6 on the front. The legal as given on the front page, SW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 22, Twp, 28N, Rge, 1E, B.M., is probably correct, but the map seems to show the river flowing east and west rather than north and south as shown on our topographic maps. Therefore, I am enclosing a copy of our topographic map for your area and if you could designate where your diversion out of the Salmon River is and the place of use of this water we can make it a part of this filing and be sure of the accuracy of the legal description for future generation's.

If you have any questions, do not hesitate to contact us.
If not, please mark the map and return it to us as soon as possible.

Sincerely,

JAN GROVER
