Dear Mr. Coston:

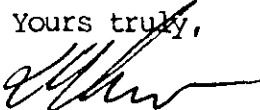

The Department of Water Resources has completed the advertising of your claims to a water right, and no further action is authorized under Section 42-243 and 42-244, IDAHO CODE. Your claims will be retained in our files and will be available at any time for use by you or the court.

The filing and advertising of the claims does not confirm the water rights claimed, but will serve to record and preserve the information and the evidence which you included in your claim.

If, at a later date, you find that you have additional information or supporting evidence that you would like to have included with the claims, you may have that information or evidence added at any time. Please refer to the claims identification number when corresponding with this office.

We are enclosing copies of four claims that required number changes during our processing. An additional claim 77-4116 was forwarded to our Northern Region office for further processing and a number change. You will be notified by that office when processing is complete. If you have questions, or if this office may be of further assistance, please feel free to contact us.
