If we let our cattle drink
from the creek during part of
the year (150 head - 250 head)
but do not divert water for that
purpose, do we need to include
that on items 3 and 6B?

RE: Claim No. 79-4082

Dear Claimant:

The Department of Water Resources has completed the advertising of your claim to a water right, and no further action is authorized under Section 42-243 and 42-244, IDAHO CODE. Your claim will be retained in our files and will be available at any time for use by you or the court.

The filing and advertising of the claim does not confirm the water right claimed, but will serve to record and preserve the information and the evidence which you included in your claim.

If, at a later date, you find that you have additional information or supporting evidence that you would like to have included with the claim, you may have that information or evidence added at any time. Please refer to the claim identification number when corresponding with this office.

We are enclosing a copy of your claim for your records. If you have questions, or if this office may be of further assistance, please feel free to contact us.

Yours truly,

DAVID B. SHAW
Western Region Supervisor

Dear Mrs. Chandler:

Your claim 79-4082 has been advertised and a copy will be mailed to you shortly. In answer to your question concerning stockwater, you were correct in leaving it off the claim since you do not physically divert the water for that purpose.

If you do divert the water for stockwater in the future, you will be required to file an application for permit to protect your water right. If I can be of any further assistance, please contact me.

Sincerely,

CHARLES W. BRYAN, JR.
