

APPLICATION FOR PERMIT

To Construct a Reservoir and Appropriate and Store
The Public Waters of the State of Idaho

Application No. R 36593
Permit No. R 1064

France Meyer
Fenn, Idaho

1. Name of Applicant: France H. Meyer

Post office address: Fenn

County Idaho

Idaho
State

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of Capital Stock: \$

(c) Amount paid in: \$

(d) Names and addresses of directors:

II. The financial resources of the corporation are:

(a) Cash on hand: \$

(b) Treasury Stock: \$

(c) Bonds to be issued: \$

(d) Other resources:

2. Quantity of water to be stored: 1.0

3. Source of water supply is Creek-Johns Creek (Creek) (River) (Spring), a tributary of Salmon River.

4. The outlet of the proposed reservoir is located Southwesterly 400 feet, distant from the NE corner of Section 20, Township 30 N, Range 2 E, B.M. and is in the NE 1/4 of NW 1/4 of Section 20, Township 30 N, Range 2 E, B.M. County of Idaho

5. Fill out either (a) or (b).

(a) The reservoir is located in the channel of

(Creek) (River).

(b) The reservoir is to be filled through a feeder canal, the point of diversion for which is located Southwesterly 400 feet distant from the NE corner of Section 20, Township 30 N, Range 2 E, B.M., and is in the NE 1/4 of NW 1/4 of Section 20, Township 30 N, Range 2 E, B.M.; width at bottom 1 feet, width at top 1 feet, depth of water 2 inches, average grade per mile feet; Capacity cubic feet per second

6. (a) The area of the high water line of the reservoir is 1/4 acres.

(b) The reservoir capacity is 1 acre feet.

7. Height of reservoir dam 10 feet, length at top 150 feet, length at bottom 150 feet, size of outlet 3 feet

by 3 feet. The dam is to be constructed of materials as follows: earth fill - constructed on a side hill by digging a hole and banking the lower side with the earth removed from the hole.

(If height will exceed 10 feet, plans must be approved by Department of Reclamation, before beginning construction.)

8. (a) Will water stored in reservoir be diverted to canal or aqueduct, thence to ~~land to be irrigated~~ place of use Johns (Creek) (River)? Yes

(b) Water stored in reservoir will be carried in the channel of (Creek) (River) a distance of miles to point of diversion located (bearing) feet, distant from the corner of Section Township, Range, B.M., and in the 1/4 of 1/4 of Section Township, Range, B.M.

9. (a) Area of watershed above dam site square miles.

(b) Estimated maximum flow of stream cubic feet per second.

10. Water is to be used for Stock watering and domestic purposes.

11. If for mining, milling, power or manufacturing purposes give:

(a) Point of use of water feet, distant from Corner of Section, Township, Range, B.M., and is in the 1/4 of 1/4 of Section, Township, Range, B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to (Creek) (River) (Spring) at a point feet distant from the corner of Section, Township, Range, B.M. in the 1/4 of 1/4 of Section, Township, Range, B.M.

12. Water stored in accordance with this Permit will be carried to place of use through a canal heretofore constructed under the terms of Permit No. which is hereby referred to and made a part hereof.

13. Kind of diversion works: Ditch (Dam, canal, flume, pipe, etc.)

14. Height of diversion dam: feet, length at top feet, length at bottom feet. The dam is to be constructed of materials as follows: No diversion dam needed. Small diversion ditch dug by hand shovel to divert flow (If height will exceed 10 feet, plans must be approved by Department of Reclamation, before beginning construction.)

acre feet per annum.

SEP 25 1963

Department of Reclamation

AFFIDAVIT OF PUBLICATION

NOTICE OF PROOF OF
COMPLETION OF WORKS
and
APPLICATION OF WATER
TO BENEFICIAL USE
NOTICE is hereby given that at
1:30 P.M., on the 23rd day of Nov-
ember 1962, at Grangeville, County
of Idaho, State of Idaho, before B.
Auger, Notary Public, at (address)
403 S. Florence St., proof will be
submitted of the completion of works
for the diversion of .04 cubic feet per
second of the waters of John's
Creek, a tributary of Salmon River,
and of the application to beneficial
use of said water, in accordance
with the terms and conditions of
Permit No. R1064, heretofore issued
by the Department of Reclamation of
the State of Idaho.
1. The name and postoffice address
of the person or corporation holding
said permit is: France H. Meyer, Fenn,
Idaho County, Idaho.
2. Said works of diversion will be
fully completed on the date set for
such completion and the amount of
water which said works are cap-
able of conveying to the place of
use is .04 cubic feet per second.
3. The use to which said water has
been applied is stock watering and
domestic purposes, and the amount
applied to beneficial use is .04 cubic
feet per second.
4. The point of diversion of said
water is 421 feet southwesterly from
NE corner of NE 1/4 NW 1/4 Section 20,
Twp. 30 N. Rge 2 E. B. M. and the
reservoir constructed is in the same
subdivision with capacity of 1.0 acre
foot per annum.
5. The place where said water is
used is from the reservoir constructed
upon and supplied by the waters from
John's Creek aforesaid and in con-
nection with Permit No. R-1064 and
through a ditch.
6. The date of priority which said
user is prepared to establish is April
11, 1960.

BOISE, IDAHO
REPORT OF ENGINEER

Permit No. R-1064

This proof is for Completion of Works & Beneficial Use In Water District No. _____

1. Name of applicant Francis H. Meyer
2. Source of water supply: Johns Creek
3. Location of point of diversion: Is in the NE 1/4 NW 1/4 of Section 20
T. 30 N R. 2 E.B.M. County of Idaho

4. Describe works as they exist, giving dimensions and capacities of same: Pond 50' wide X 150' long approximately 10' deep in center 4' wide crest width on North, West and South sides. East side is natural hillside. Spillway is in southeast corner in the natural hillside. 3' bottom width X 6' top width by 1' deep. There is no outlet other than spillway and seepage.

5. Water is used for: Stock watering and domestic

6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

PLACE OF USE: NE 1/4 NW 1/4 Sec. 20., Twp. 30 N., Rge. 2 E.B.M.

See Permit # 28611

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? ?

Remarks: Mr. Meyer along

Used as a stock watering pond only when Johns Creek dries up in late summer. holds enough water to carry through dry portion of season until rains start in early September or late August.

Mr. Meyer stated depth was dozed to approximately 10' in center.

This examination was made on the 5th day of September, 1963

Dear Sir,-

In the matters of Permits Nos. 28611 and R-1064, Meyer,
I am sending herewith for each

Affidavit of publication of notice

Deposition of holder, France H. Meyer

Depositions of Frank L. Castle and Robert E. Lee,
witnesses.

Yours truly,

B. Auger

R-1064

**STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO**

Permit No. E-1064

**Proof of Application of Water to Beneficial Use
_____and Completion of Works**

Deposition of Holder

✓ Ques. 1. State your name, residence, occupation and postoffice address.

Ans. ELANCE H. MEYER, Penn, Idaho, Farmer Penn, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. ---

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. E-1064 April 14, 1960; April 11, 1960

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. John's Creek, a tributary of Salmon River. Point of diversion is 421 feet distant from northeast corner of NE1/4 of Section 20, Twp. 30 N. R. 2 E. B. M. is in such NE1/4 of Sec. 20.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Stock pond and ditch, with dam 10 feet high, 150 feet long at each top and bottom, earth filled, and with ditch 1 foot wide at top and bottom, 2 inches deep, and 2 inch diameter pipe. Reservoir to be used during dry seasons. Water is returned to creek. Ditch is formed by used excavated material from the ditch on lower side to conform to the upper side of ditch which is constructed on a hill side. Outlet is 3 X 3 feet.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Stock watering principally, with with some occasional domestic use. Watering is at pond.

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans. ---

E-1064

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Watering stock at open pond.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 1.0 acre foot per annum

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. ----

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. For watering my live stock ever since about the year 1935, the improvement being made principally to assure supply of sufficient water during a longer period time.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other waters.

(Sign) Francis H. Meyer

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Grangeville, County of Idaho

PERMIT NO. R-1064

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. FRANK L. CASTLE, 60 years, Grangeville, Idaho, farmer,
Grangeville Pte. #2, Idaho

Ques. 2. Are you acquainted with France H. Meyer, the holder of Permit No. R-1064? How long have you known him and where does he reside?

Ans. 50 years and more. Fenn, Idaho.

Ques. 3. Have you read or heard read said Permit No. R-1064, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. John's Creek, tributary of Salmon River. Southwesterly 421 feet distant from the northeast corner of NE1/4 Sec. 20, Tp. 30 N. R. 2E BM. a reservoir filled by dam 10 feet high, length 150 feet top and bottom, 3 X 3 feet outlet, constructed on hill side by banking lower side, with a feeder canal 1 X 1 feet, depth of water 2 inches. Earth fill. The pond is adjacent and alongside the stream and returns the water to stream from which taken.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 0.04 cubic feet. Varying amounts from year to year and during different seasons of freshets and dry weather.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Watering live stock of the owner on the premises of the owner, which land is all pasture.

R-1064

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Watering live stock through the ditch and reservoir or pond,

Ques. 8. If for irrigation, state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. ---

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I live in the vicinity of the land and asa neighbor have
observed the application.

(Signed) Frank L. Castle

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Grangeville,

Re: Permit No. R-1064
France H. Meyer

Date: October 8, 1962

Idaho County Free Press,
Grangeville, Idaho,

Gentlemen:

Enclosed you will find notice for publication, once a week for four consecutive weeks prior to **November 23, 1962** the date set for proof; the expense of the publication is to be paid by the applicant

France H. Meyer of **Fern, Idaho**

to whom you should furnish proof of publication on or prior to the date set for proof.

Please acknowledge receipt of this notice and furnish this office with a copy or tear sheet of the first publication.**

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

** If the first copy is not received in this office for checking purposes and errors appear in subsequent issues, it is possible that re-publication of corrected copy will be at your own expense.

Re: Permit No. R-1064
France H. Moyer

Mr. France H. Moyer
Fern, Idaho.

Dear Mr. Moyer:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. R-1064. The proofs are to be made at 1:30 'clock P.M., on the 23rd day of November, 19 62 before B. Auger, 403 S. Florence St., Grangeville, Idaho, Notary Public.

As of this date we have mailed the Notice to the Idaho County Free Press Grangeville, Ida. with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

R-1064

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

NOTICE is hereby given that at 1:30 P.M., on the 23rd day of November
19 62, at Grangeville, County of Idaho, State of Idaho, before
B. Auger, Notary Public, at (address) 403 S. Florence St.
_____, proof will be submitted of the completion of works for the diversion of
.04 cubic feet per second of the waters of John's Creek, a tributary of Salmon
River, and of the application to beneficial use of said water, in accordance with
the terms and conditions of Permit No. R1064, heretofore issued by the Department of
Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit
is: France H. Meyer, Fenn, Idaho County, Idaho

2. Said works of diversion will be fully completed on the date set for such completion
and the amount of water which said works are capable of conveying to the place of use is
.04 cubic feet per second.

3. The use to which said water has been applied is stock watering and domestic

purposes, and the amount applied to beneficial use is .04 cubic
feet per second.

4. The point of diversion of said water is 421 feet southwesterly from NE corner
of NE1/4NW1/4 Section 20, Twp. 30 N. Rge 2 E. B. M. and the reservoir constructed
is in the same subdivision with capacity of 1.0 acre foot per annum

5. The place where said water is used is from the reservoir constructed upon
and supplied by the waters from John's Creek aforesaid and in connect-
ion with Permit No. ^{P-1064} ~~96593~~, and through a ditch. Total _____ acres

6. The date of priority which said user is prepared to establish is ~~Dec 21, 1935~~

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) Oct. 1, 1962

(P. O.) Fenn, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Idaho County Free Press of Grangeville, Idaho published in
the county in which the works are situated. *State Co.*

France H. Meyer

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

Re: Permit No. 28611
Permit No. R-1064 ✓
France H. Meyer

Mr. France H. Meyer,
Penn, Idaho.

Dear Mr. Meyer:

We enclose Permit No. 28611 and No. R-1064, in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

We also enclose Departmental Receipt No. 30067, issued to Kenneth H. Meyer, covering payment in the amount of \$10.00 for the filing fee of the above mentioned permits.

Very truly yours,

GEO. N. CAPTER
State Reclamation Engineer
By

(Mrs.) Edna P. Rule
Chief Clerk
