Notice for Publication
NOTICE OF PROOF OF APPLICATION
OF WATER TO BENEFICIAL USE

Notice is hereby given that at 2 P.M. on the 27 day of June, 1960, at Grangeville, County of Idaho, State of Idaho, before William J. Dee, proof will be submitted of the application to beneficial use of 0.4 cubic feet per second of the waters of Springs-tributary to Salmon River in accordance with the terms and conditions of Permit No. 24111 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and post office address of the person or corporation holding said permit are: A. B. Rogers, White Bird, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is 0.4 cu. ft. per sec.

The place where said water is used, give full and accurate legal description: SW $\frac{1}{4}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 28 T 28 N, R. 1 E., B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is flume and ditch.

The right to take water from such works is based upon Permit No. 24111.

The source of supply from which such water is diverted is Springs.

Point of Diversion (legal description) NE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 28, T 28 N, R. 1 E, B. M.

The date of priority which said user is prepared to establish is May 6, 1953.

GEO. N. CARTER,
State Reclamation Engineer

m26-jn16

AFFIDAVIT OF PUBLICATION

Kay M. Thompson being first duly sworn, says she is the Chief Clerk of the IDAHO COUNTY FREE PRESS, a weekly newspaper which is published and issued weekly at Grangeville, Idaho County, State of Idaho, and which is of general circulation in said county and state; that the said notice, of which the one hereto attached is a true copy, was published in said paper for four weeks, being published four times, the first publication being on the 26th day of May, 1960, and the last publication on the 16th day of June, 1960; and that the said notice was published in the newspaper proper and not a supplement; that said newspaper has been continuously and uninterruptedly published in said county during a period of more than seventy-eight consecutive weeks prior to the first publication of said notice or advertisement.

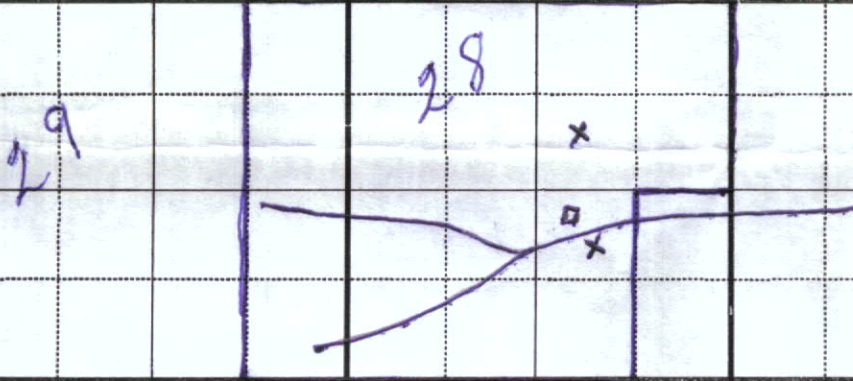

Kay M. Thompson
Subscribed and sworn to before me this 16th day of June, 1960.

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 31896
PERMIT No. 24111
DISTRICT No.

1. Name of Applicant: A. B. ROGERS
- Postoffice address: White Bird County: Idaho State: Idaho
- I. If applicant is a corporation, give:
- (a) Date and place of incorporation:
 - (b) Amount of capital stock:
 - (c) Amount paid in:
 - (d) Names and addresses of directors:
- II. The financial resources of the applicant are:
- (a) Cash on hand:
 - (b) Treasury stock:
 - (c) Bonds to be issued:
 - (d) Other resources:
2. Quantity of water claimed: 0.4 cubic feet per second.
3. Source of water supply: Springs which originate on own land which is a tributary of Salmon River
4. Location of point of diversion: ($NE\frac{1}{4}SW\frac{1}{4}$) 500 feet distant from the SE corner of said $NE\frac{1}{4}SW\frac{1}{4}$ of Section 28, T. 28 N., R. 1 E., B.M., and is in the of Section, T., R., B.M., County of Idaho
5. Water is to be used for Irrigation of crops
6. If for mining, milling, power or manufacturing purposes, give:
- (a) Point of use of water: feet distant from corner of Section T., R., B.M., in the of Section, T., R., B.M.
- (b) Amount of power generated: H.P., under feet head.
- (c) Water is to be returned to at a point feet distant from the corner of Section, T., R., B.M., in the of Section, T., R., B.M.
7. Estimated cost of works: \$ 500.00
8. Kind of works: Ditch and flume
9. Height of dam feet; length of dam at top feet; length of dam at bottom feet; material used in dam:
10. Size of headgate: Width feet; height feet.
11. Ditch: Width at bottom $1\frac{1}{2}$ feet; width at water line $1\frac{1}{2}$ feet; depth of water 4 inches ~~feet~~; dimensions of flume: $1 \times \frac{1}{2} \times \frac{1}{2}$ feet
- Diameter of pipe inches; length of conduit $\frac{1}{4}$ miles.
- Average grade per mile feet.
12. The time required for the completion of such work is 5 years.
13. The time required for the complete application of the water to the proposed use is 2 additional years.
14. The land to be irrigated is described in the following tabulation: See remarks.
15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:

16. (a) Is reservoir to be used? No If so, fill in (b) and (c) below:
(b) Name of Reservoir and number of Storage Permit:
(c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

A. B. ROGERS Applicant.
By Agent.

Date of first receipt at Department of Reclamation: 9:00 a.m. May 6, 1953
Returned to applicant for correction:
Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is 24111
Recorded in Book 86 Page 24111 Approved May 21, 1953
This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve he same, subject to the following limitations and conditions:
Bond in the sum of \$ to be filed on or before
Work to begin on or before July 21, 1953 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.
One-fifth of the work above specified to be completed on or before November 21, 1955
The whole of said work to be completed on or before May 21, 1958
Beneficial use of water appropriated in accordance herewith, to be made on or before May 21, 1960

WITNESS My hand this 21st day of May, 1953
MARK R. KULP

Re: Permit No. 24111

A. B. Rogers
Whitebird, Idaho

Dear Mr. Rogers:

Our field engineer's report on his inspection of the application of water to beneficial use under the terms of Permit No. 24111 shows the dam and ditch is capable of conveying 2 miner's inches, or .04 c.f.s. of water for the irrigation of 2 acres.

Upon receipt of the statutory fee of \$ 2.00 -based at the rate of \$2.00 for each 40-acre subdivision - we will issue the License and Certificate of Water Right, confirming the right with priority of June 12, 1953 to the use of .04 second feet of surface water with the point of diversion in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 28 for irrigation of 2 acres in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 28, Township 28 North, Range 1 East, B.M.

Very truly yours,

GEO. N. CARTER

RE: Permit No. 24111

A. B. Rogers
White Bird, Idaho

Dear Mr. Rogers:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Idaho County Free Press, all submitted in proof of beneficial use of water on Permit No. 24111.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

Notice for Publication
NOTICE OF PROOF OF APPLICATION
OF WATER TO BENEFICIAL USE
Notice is hereby given that at 2 P.M.
on the 27 day of June, 1960, at Grange-
ville, County of Idaho, State of Idaho,
before William J. Dee, proof will be
submitted of the application to beneficial
use of 0.4 cubic feet per second of the
waters of Springs-tributary to Salmon
River in accordance with the terms and
conditions of Permit No. 24111 heretofore
issued by the Department of Reclamation
of the State of Idaho.
The name and post office address of the
person or corporation holding said per-
mit are: A. B. Rogers, White Bird, Idaho.
The use to which said water has been
applied is irrigation.
The amount applied to beneficial use is
0.4 cu. ft. per sec.
The place where said water is used,
give full and accurate legal description:
SW $\frac{1}{4}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 28 T 28 N,
R. 1 E., B. M.
The name of the canal or ditch or
other works by which said water is con-
ducted to such place of use is flume and
ditch.
The right to take water from such
works is based upon Permit No. 24111.
The source of supply from which such
water is diverted is Springs.
Point of Diversion (legal description)
NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 28, T 28 N, R. 1 E,
B. M.
The date of priority which said user
is prepared to establish is May 6, 1953.
GEO. N. CARTER,
State Reclamation Engineer

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. A. B. ROGERS, rancher, White Bird, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 24111, May 6, 1953

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Springs, tributary of Salmon River, point of diversion; NE $\frac{1}{4}$ SW $\frac{1}{4}$, T. 28 N., R. 1 E., E.B.M. (500 feet distant from the SE corner)

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Ditch and Flume. $1\frac{1}{2}$ feet wide at bottom and water line; depth of water 4 inches dimensions of flume $1 \times \frac{1}{2} \times \frac{1}{2}$ feet; length of conduit $\frac{1}{4}$ mile

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. irrigation of crops in 20 acres in SW $\frac{1}{4}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 28 N. - R. 1 E.B.M.

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans. _____

24111

RT

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 0.4 second feet

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

2 Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. entire output for irrigation

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Springs, tributary of Salmon River, point of diversion; NE¼SW¼, Sec. 28, T. 28 N. R. 1 E. E.B.M. (500 feet distant from the SE corner)

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 0.4 second feet

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. entire output for irrigation where?

24111

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Hayland, 0.4 Second feet

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

2 Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. viewed premises personally several times

(Signed) H. E. Selgenhauer

Re: Permit No. 24111

DEPOSITIONS ARE OF NO VALUE

UNLESS AFFIDAVIT OF PUBLICATION

IS ATTACHED

Mr. A. B. Rogers,
White Bird, Idaho.

Dear Mr. Rogers:

This acknowledges the Notice of Proof of ~~Completion of Work~~ and Application of Water to Beneficial Use under Permit No. 24111. The proofs are to be made at 2:00 o'clock P.M., on the 27th day of June, 1960, ~~1950~~, before William J. Doe, Grangeville, Idaho, Notary Public.

As of this date we have mailed the Notice to the Idaho County Free Press with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

CR ENC # 502

Proof of Completion of Works

RECEIVED
APR 28 1960

DEPOSITION OF HOLDER

In compliance with Sec. 5594, Compiled Statutes of Idaho

Department of Reclamation

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. A. B. Rogers, Whitebird, Idaho

Rancher & stockman

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business, your position with reference to same, and your authority for appearing in its behalf.

Ans. None

Ques. 3. State number and date of permit, amount of water you are authorized to divert, source, and point of diversion.

Ans. Permit number 24111 May 21, 1953. Amount of water .4 cu. ft. per sec.

Source springs, point of diversion 500 ft. from NE $\frac{1}{4}$ of SW $\frac{1}{4}$ of sec. 28, Township 28N R1 EBM in Idaho County.

Ques. 4. State purpose for which water is to be used, and, if for irrigation, state the number of acres and give description of the land you have reclaimed or intend to reclaim.

Ans. Irrigation of garden, orchard, berries and about one acre of grass and Alfalfa.

Ques. 5. State whether or not the water has been turned into your works of diversion, and, if so, when and to what extent.

Ans. Yes, it has in 1953.

Ques. 6. State whether or not the works of diversion are fully completed, if so on what date, and whether or not they comply in all respects with terms of the permit.

Ans. Yes, the work was fully completed on August 10, 1953.

Ques. 7. If the works of diversion do not comply with all the terms of your permit, state fully those particulars in which there is any variance.

Ans. None

Ques. 8. Give description of works and state dimensions and capacity of each part as they existed on August 10, 1953, and give cost of same.

Ans. Start of diversion is flume made of 1x12 lumber in shape of, "V" and ditch is one ft. deep, one ft. bottom and about two ft. on top. It's capacity is approximately .4 cu. ft. per sec. Approximately \$175.00 cost.

DEPOSITION OF WITNESS

In compliance with Sec. 5594, Compiled Statutes of Idaho.

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. R. K. Preece, Soil Scientist, USDA, Soil Conservation Service
Box 109, Grangeville, Idaho

Ques. 2. Are you acquainted with A. B. Rogers, Whitebird, Idaho, the holder of Permit No. 24111 authorizing the diversion of . . . 94 cu. ft. ^{Per} second-feet of the waters of creek make by springs originating on said Roger place . . . , at Whitebird, Idaho for irrigation . . . purposes? How long have you known him, and where does he reside?

Ans. One year, resides at Whitebird, Idaho

Ques. 3. Have you read or heard read said Permit No. 24111 . . . , and are you familiar with its terms and conditions?

Ans. Yes

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated under said permit? If so, describe same, state its character, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Garden, berry patch, small orchard total of approximate two acres.
Approximately three acre ft. per acre, per year, will be needed.

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire amount of water set out in the permit from point of diversion to place of use? If so, when were they so completed?

Ans. Yes, 1953.

Ques. 6. Describe the works of diversion as they existed on the date stated in answer to Question 5, and give your estimate of their capacity on that date.

Ans. Start of diversion is flume made of 1x12 lumber in shape of, "V" and ditch is one ft. deep, one ft. bottom and about two ft. on top. It's capacity is approximately .4 cu. ft. per sec.

April 21, 1960

RE: Permit No. 24111

A. B. Rogers
White Bird, Idaho

Dear Mr. Rogers:

Enclosed are three forms for proof of completion of works, one for you to complete, and one each for two witnesses which must be signed before a Notary Public before May 3, 1960 or your permit will be cancelled.

Question 5 on each of the forms must be answered fully including the date of completion of your works of diversion. That date must be on or before May 21, 1958, the date shown on your permit. If your works were not completed by that date there is no advantage in making the depositions.

The proof of beneficial use of the water is due May 21, 1960. That proof consists of completing forms which will be sent to you which must be advertised for four weekly issues in a paper published in your county and going before a Notary Public with two witnesses to complete depositions. The depositions and affidavit of publication are sent to this office. Our field engineer will then visit your farm and make an inspection of the works. The Water License is issued after the report is received and the statutory fees are paid.

To protect your permit, you must return these forms with the \$5.00 fee for the Certificate of Completion of Works as soon as possible. Most of the answers to the questions can be taken from the permit.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

RE: Permit No. 24111

PROOF OF COMPLETION OF WORKS

Boise, Idaho March 1, 1958

A. B. Rogers
White Bird, Idaho

Dear Sir:-

Under the terms of your permit No. 24111 you are required to complete your diversion works on or before May 21, 1958. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

Dear Mr. Rogers:

We have your application for permit to appropriate 1 second foot of water from springs originating on your own land, accompanied by your check for the \$5.00 filing fee.

The statutes allow a maximum of 1 inch per acre for irrigation purposes and as you only describe 20 acres the application can only be approved for 20 inches unless you expect to use the water on more than 12 acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ and 8 acres in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 28, Township 28 North, Range 1 East, B.M.

We return the sketch map which accompanied your application and if you wish to include more acres in either of the two 40s indicated, please show the acreage in each and return. However, as stated above, if only 20 acres are to be irrigated your application cannot be approved for more than 20 inches.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Notice for Publication
**NOTICE OF PROOF OF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 2 P.M. on the 27 day of June, 1960, at Grangeville, County of Idaho, State of Idaho, before William J. Dee, proof will be submitted of the application to beneficial use of 0.4 cubic feet per second of the waters of Springs tributary to Salmon River in accordance with the terms and conditions of Permit No. 24111 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and post office address of the person or corporation holding said permit are: A. B. Rogers, White Bird, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is 0.4 cu. ft. per sec.

The place where said water is used, give full and accurate legal description: SW $\frac{1}{4}$, NE $\frac{1}{4}$, NW $\frac{1}{4}$, SE $\frac{1}{4}$, Sec. 28, T 28 N, R. 1 E., B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is flume and ditch.

The right to take water from such works is based upon Permit No. 24111.

The source of supply from which such water is diverted is Springs.

Point of Diversion (legal description) NE $\frac{1}{4}$, SW $\frac{1}{4}$, Sec. 28, T 28 N, R. 1 E., B. M.

The date of priority which said user is prepared to establish is May 6, 1953.

GEO. N. CARTER,
m26-jn16 State Reclamation Engineer
