State of Idaho License and Certificate of Water Right

Water License No. 21830

Amount 2.64 second feet

Water District No.

Priority November 15, 1950

THIS IS TO CERTIFY that CLAUDE C. WHITE
of Riggins, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated November 15, 1950; that Permit No. 21830
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
4.9 second feet, was issued thereunder on December 5, 1951, showing that said works
were completed on the 3rd day of December, 1951; and that on the 18th
day of December, 1953,

CLAUDE C. WHITE

of Riggins, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of Skookumchuck Creek,
a tributary of Salmon River, for the purpose of irrigation
under Use Permit No. 21830 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume 9
of Licenses at page 5448, on the 18th day of December, 1954.

The right hereby confirmed dates from November 15, 1950.

The Point of Diversion is located

in the NE 1/4, SW 1/4, Sec. 33, Tp. 28N., R. 2E., B. M. Idaho County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 2.64 cubic feet per second.

AFFIDAVIT OF PUBLICATION

Ranford Russell being first duly

sworn, says he is the Chief Clerk.

of the IDAHO COUNTY FREE PRESS, a weekly newspaper which is published and issued weekly at Grangeville, Idaho County, State of Idaho, and which is of general circulation in said county and state; that the said notice, of which the one hereto attached is a true copy, was published in said paper for four weeks, being published four times, the first publication being on the 12 day of November, 1953, and the last publication on the 3 day of December, 1953; and that the said notice was published in the newspaper proper and not in a supplement; that said newspaper has been continuously and uninterruptedly published in said county during a period of more than seventy-eight consecutive weeks prior to the first publication of said notice or advertisement.

Ranford Russell

Subscribed and sworn to before me this 4 day of December, 1953.

H. L. Cone, Notary Public,
for State of Idaho, residing at Grangeville, Idaho.

NOTICE FOR PUBLICATION NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the 18th day of December, 1953, at Grangeville, County of Idaho, State of Idaho, before Paul G. Eimers, Notary Public, proof will be submitted of the application to beneficial use of 4.9 cubic feet per second of the waters of Skookumchuck Creek in accordance with the terms and conditions of Permit No. 21830 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Claud C. White, Whitebird, Idaho.

The use to which said water has been applied is irrigation of agricultural lands.

The amount applied to beneficial use is 4.9 second feet.

The place where said water is used NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 33, Township 28 North, Range 2 E.B.M., N $\frac{1}{2}$ NW $\frac{1}{4}$ Section 4; NE $\frac{1}{4}$ and NW $\frac{1}{4}$ Section 5; Township 27 North, Range 2 E.B.M., all in Idaho County, Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is: unnamed.

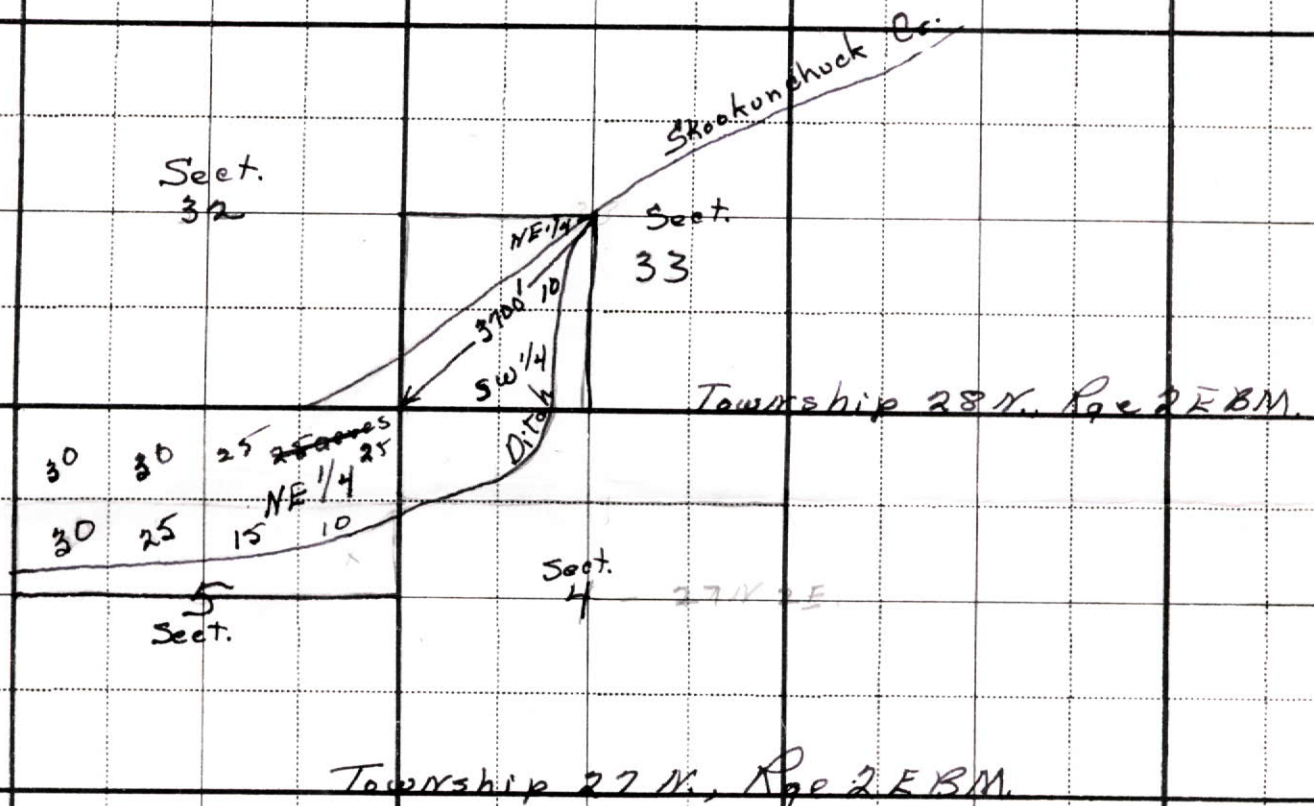

The right to take water from such works is based upon Permit No. 21830.

The source of supply from which such water is diverted is Skookumchuck Creek.

The date of priority which said user is prepared to establish is November 15, 1950.

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 29503
PERMIT No. 21830
DISTRICT No.

Robert M. Robson
Grangeville, Idaho

1. Name of Applicant: CLAUD C. WHITE

Postoffice address: White Bird

County: Idaho

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand: None
- (c) Bonds to be issued: None

(d) Other resources: 156 head of cattle, 60 head hogs, \$5,500.00 in machinery, 1666 acres real property

2. Quantity of water claimed: on contract, Equity \$6,000.00
4.9 cubic feet per second.

3. Source of water supply: North fork Skookumchuck Creek which is a tributary of Salmon River

4. Location of point of diversion: Approximately 1700 Northeast ~~feet~~ distant from the Southwest
corner of Section 33, T. 28 N., R. 2 E., B.M., and is in the NE $\frac{1}{4}$ SW $\frac{1}{4}$
of Section 33, T. 28 N., R. 2 E., B.M., County of Idaho

5. Water is to be used for Irrigation

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section
T., R., B.M., in the of Section, T., R., B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet
distant from the corner of Section, T., R., B.M., in the
of Section, T., R., B.M.

7. Estimated cost of works: \$ 2,400.00

8. Kind of works: Open ditch irrigation canal- direct diversion

9. Height of dam feet; length of dam at top feet; length of dam at bottom
feet; material used in dam:

10. Size of headgate: Width 30" feet; height 18" feet.

11. Ditch: Width at bottom 36" feet; width at water line 3' 6" feet; depth of water 6' feet;
dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile 8.8' feet.

12. The time required for the completion of such work is One year ~~years~~.

13. The time required for the complete application of the water to the proposed use is One additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

16. (a) Is reservoir to be used? None If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

CLAUD C. WHITE *Applicant.*

By W. E. Akins Agent.

Date of first receipt at Department of Reclamation: 9:00 A. M. November 15, 1950

In the Matter of the Application)

OF)

CLAUD C. WHITE,)

Permittee.)

- APPLICATION FOR EXTENSION OF TIME
FOR PROOF OF BENEFICIAL USE.

Claud C. White, holder of Permit No. 21830, makes this application for an extension of time within which to make proof of application of water to beneficial use, and respectfully represents and shows as follows:

1.

That he made and filed with the Department of Reclamation his application for permit to appropriate the public waters of the State of Idaho, on or about December 21, 1950, that he was granted thereunder Permit No. 21830.

2.

That under the terms of the permit granted, the applicant was required to complete his diversion works on or about December 26, 1951; that he did so complete the diversion works, and was granted a certificate of completion of works on December 5, 1951, for 4.9 second feet of water from Skookumchuck Creek in Idaho County, Idaho.

3.

That the approval of the State Reclamation Engineer in granting the permit, stipulated and required that beneficial use of the waters appropriated under said application was to be made on or before December 26, 1952.

4.

That due to the weather conditions in the spring of 1952, this applicant was unable to utilize the ground upon which the water here involved was to be applied in the manner contemplated, and during the crop season of 1952, raised a grain crop upon said land, and therefore did not apply irrigation water to said land during this season.

That there will be no use or necessity for water to be put upon the land between the date hereof and December 26, 1952, the time heretofore fixed for application of water under the permit hereinabove mentioned.

5.

That the applicant will be prepared to apply the water granted under the aforementioned permit, during the crop season of 1953.

6.

The time originally granted for application of the water to beneficial use, being two years from the date of the application, is less than the maximum prescribed in Sec. 42-217, Idaho Code, and the matter therefore qualifies under the provisions of Sec. 42-218, Idaho Code, for an extension of time for proof of application of the water to beneficial use.

WHEREFORE, petitioner prays that an extension of one year, that is until December 26, 1953, be granted this applicant for the purpose of making proof of application of the water sought to a beneficial use under permit No. 21830.

Dated and signed at Grangeville, Idaho, this 15th day of October, 1952.

CLAUD C. WHITE

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby extend the time for the making of proof of Beneficial Use under Permit to Appropriate the Public Waters of the State of Idaho, No. 21830 to December 26, 1953.

Witness my hand this 23rd day of October.

REPORT OF ENGINEER

Permit No. 21830This proof is for Beneficial Use

In Water District No. _____

1. Name of applicant Claud C. White, Riggins, Idaho2. Source of water supply: Skookumchuck Creek3. Location of point of diversion: Is in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 33T. 28 N. R. 2 E. County of Idaho

4. Describe works as they exist, giving dimensions and capacities of same: At the P.D. the whole creek has been changed into a new channel for a short distance. The spillway is made by placing 9 large logs in slanting or step formation down to the old channel. Spillway is 30' long and just high enough to maintain water over the outlet pipe (22" d x 24' long) into the ditch.

5. Water is used for: Irrigation6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 33, Twp. 28 North, Range 2 East, B. M.N $\frac{1}{2}$ NW $\frac{1}{4}$ Section 4;North Half Section 5;Twp. 27 North, Range 2 East, B. M.See MapThis is a cattle ranch.Ditch is 5' wide on the bottom. Built with a large Cat-dogger & scraper.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Salmon R.

Remarks: This is a long ditch on canal leading to the ranch on Sec 4 & 5. Good capy laterals in fields. Field is rather steep but in alfalfa and does not appear to be washing any.

There are 3 or 4 long laterals on contour.Soil is a deep black clay loam.The upper 40 belonged to Maynards at time of filing and they asked a 10" water right for stop way.Maynards died - White bought place. No irrig ever done on it.This examination was made on the 2 day of Nov, 1954(Signed) E. N. Humphrey Examiner 21830

No survey markers known. Check up made in
Grangeville in AAA. Office - 1946 airplane map - AAA. plat of 1939.

From 46 aerial map.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permit No. 21830

Mr. Claude C. White
Riggins
Idaho

Dear Mr. White:

I stopped on Tuesday as per my promise to discuss the report which I will turn in on Permit No. 21830. I spent considerable time in the office AAA in Grangeville. I checked the land area from the aerial photos and plats which they had and I find some cultivated land lying outside the area which you included in your filing, namely the $N\frac{1}{2}SW\frac{1}{4}$ Section 5 and $SW\frac{1}{4}SW\frac{1}{4}$ Section 33. Unless I am mistaken, I believe the point of diversion lies about 6000 feet to the NE by airline from your farm buildings and is actually in the $N\frac{1}{2}NW\frac{1}{4}$ Section 34, instead of being in the $NE\frac{1}{4}SW\frac{1}{4}$ of Section 33 as you claim in your filing.

I hoped to be able to check with you regarding these things on Tuesday, November 9, on my return trip.

However, unless you feel that there is a mistake, I shall turn in a report allowing for 132 acres irrigated as follows:

$NE\frac{1}{4}NW\frac{1}{4}$ Section 4	10 acres
$NW\frac{1}{4}NW\frac{1}{4}$ Section 4	35 acres
$NE\frac{1}{4}NE\frac{1}{4}$ Section 5	20 acres
$SW\frac{1}{4}NE\frac{1}{4}$ Section 5	35 acres
$SE\frac{1}{4}NE\frac{1}{4}$ Section 5	20 acres
$SE\frac{1}{4}NW\frac{1}{4}$ Section 5	12 acres

and shall give the point of diversion as being in the $NW\frac{1}{4}NW\frac{1}{4}$ of Section 34.

If the point of diversion is in Section 34, then an amendment on your Permit is needed. This can be done without much trouble in as much as the point of diversion was not specified in the published notice.

Yours truly,
State Reclamation Engineer

RE: Permit No. 21830

Mr. Claud C. White
Riggins
Idaho

Dear Mr. White:

State law requires that an inspection be made by a representative of the State Department of Reclamation in connection with any Permit ready to be licensed.

I intend to make inspection in connection with your Permit No. 21830 on Friday, May 18, 1954, sometime in the early afternoon.

Perhaps it would be best for you to meet me where the road turns off at Skookumchuck Creek as I believe that is the normal way to reach Section 33 where the water is used.

I will pass through Riggins on my way North, Monday morning and if possible, will try to contact you at that time. In case I do not, please meet me at the mouth of Skookumchuck Creek, as suggested.

Yours truly,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. 21830

Mr. Paul G. Eimers
First Security Bank Building
Grangeville, Idaho

Dear Mr. Eimers:

We acknowledge receipt of your letter of December 18th, enclosing depositions of Claud C. White and two witnesses, also affidavit of publication in the Idaho County Free Press, all in proof of Beneficial Use on Permit No. 21830.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact Mr. White at the time he makes the examination so that arrangements may be made to show him over the grounds.

No fee is due at the present time, but after inspection has been made and report of our field engineer filed, we shall notify Mr. White as to the amount of the fee.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Claud C. White, Permit No. 21830

Dear Mr. Kulp:

I enclose herewith Proof of Application of Water to Beneficial Use, including deposition of Claud C. White, and witnesses George A. Stevens and Dale Eimers. I have attached to those executed forms the Affidavit of Publication of the Notice of Hearing, as published in the Idaho County Free Press.

Your letter of instructions of November 2 does not mention any fee becoming due the State for filing of proof, but I presume that there is one, and if you will advise me, prompt remittance will be made.

I trust that you will find the enclosures in order.

AFFIDAVIT OF PUBLICATION

Ranford Russell being first duly

sworn, says he is the Chief Clerk.

of the IDAHO COUNTY FREE PRESS, a weekly newspaper which is published and issued weekly at Grangeville, Idaho County, State of Idaho, and which is of general circulation in said county and state; that the said notice, of which the one hereto attached is a true copy, was published in said paper for four weeks, being published four times, the first publication being on the 12 day of November, 1953, and the last publication on the 3 day of December, 1953; and that the said notice was published in the newspaper proper and not in a supplement; that said newspaper has been continuously and uninterruptedly published in said county during a period of more than seventy-eight consecutive weeks prior to the first publication of said notice or advertisement.

Ranford Russell

Subscribed and sworn to before me this 4 day
of December, 1953.

H. L. Cone, Notary Public,
for State of Idaho, residing at Grangeville, Idaho.

NOTICE FOR PUBLICATION NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the 18th day of December, 1953, at Grangeville, County of Idaho, State of Idaho, before Paul G. Eimers, Notary Public, proof will be submitted of the application to beneficial use of 4.9 cubic feet per second of the waters of Skookumchuck Creek in accordance with the terms and conditions of Permit No. 21830 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Claud C. White, Whitebird, Idaho.

The use to which said water has been applied is irrigation of agricultural lands.

The amount applied to beneficial use is 4.9 second feet.

The place where said water is used NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 33, Township 28 North, Range 2 E.B.M., N $\frac{1}{2}$ NW $\frac{1}{4}$ Section 4; NE $\frac{1}{4}$ and NW $\frac{1}{4}$ Section 5; Township 27 North, Range 2 E.B.M., all in Idaho County, Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is: unnamed.

The right to take water from such works is based upon Permit No. 21830. The source of supply from which such water is diverted is Skookumchuck Creek.

The date of priority which said user is prepared to establish is November 15, 1950.

21830
MARK R. KULP,
N12-D3 State Reclamation Engineer.

21830

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21830

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Claud C. White, Idaho County, Stock Rancher, Riggins, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. --

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 21830, Dec. 26, 1950 (Approval date) Priority 11/15/50.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. North Fork Skookumchuck Creek. 3700 ft northeast from southwest corner of Sec. 33, Twp 28 N. R. 2 EBM in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of said section.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Steel headgate in concrete with concrete spillway and ditch 3 $\frac{1}{2}$ to 4 ft. in width at bottom and 5 to 6 feet deep. Estimated ditch would carry about 20 second feet of water. Headgate pipe is inches in diameter.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation, and is used in NE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec 33, Twp 28 N. R. 2 EBM, 10 acres NW $\frac{1}{4}$ Sec 4, approx 45 acres, NE $\frac{1}{4}$ Sec 5, approx, 75 acres, and NW $\frac{1}{4}$ Sec 5 Approx 55 acres, all in Twp 27 N. R. 2 EBM. As a result of use of water about 135 acres has been cultivated and is in alfalfa, and about 50 acres of pasture is irrigable and has been irrigated.

21830

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans.**.....

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. It is estimated that approximately 5 second feet of water is needed.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.**.....

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. All the water in the creek, estimated to be about 5 second feet, has been diverted, and used. The last application of such water was from about the middle of November, 1953 to the 12th of December, 1953.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None.....

(Sign) Bland E. White

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Grangeville, County of Idaho, State of Idaho, on this 18th day of December, A. D. 1953,

Paul G. Finners

My commission expires February 25, 1954.

Notary Public for the State of Idaho, residing at Grangeville/

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 21830

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Dale Eimers, age 50, Grangeville, Idaho, manager of farm
implement business, postoffice address, Grangeville, Idaho

Ques. 2. Are you acquainted with Claud C. White, the
holder of Permit No. 21830? How long have you known him and where does
he reside?

Ans. Yes, I have known him for about 25 years. He resides in Idaho
County, Idaho and his address is Riggins, Idaho.

Ques. 3. Have you read or heard read said Permit No. Yes 21830, and are you
familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. The source of supply is the North Fork of Skookumchuck Creek.
The place of diversion is in the NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Sec. 33, Twp.
28 North, Range 2 E.B.M., Idaho County, Idaho. The works consists
of a steel headgate in concrete and ditch about 10000 ft. long, and
4 feet wide at the bottom, and four feet deep.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

I estimate the ditch would convey at least 10 second feet of water.
Ans. I have seen the ditch take all the water the creek contained at low
stage and estimate the amount to be between 4 and 5 second feet.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give
each subdivision in which water has been used and number of acres irrigated in each
subdivision.) State whether cultivated or natural meadow land and the nature of all im-
provements which have been made as a direct result of said use.

Ans. Irrigation. In NE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 33, Twp 28 N. R. 2 EBM, 10 acres;
N $\frac{1}{2}$ NW $\frac{1}{4}$ Sec. 4, approx. 45 acres, NE $\frac{1}{4}$ Sec. 5, approx 75 acres;
NW $\frac{1}{4}$ Sec 5, approx 55 acres, all in Twp 27 N. R. 2 EBM. As a
result of use of water about 135 acres has been cultivated and
is in alfalfa, and about 50 acres of pasture is irrigable and
has been irrigated.

21830

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. None

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is heavy black loam. It is considered that at least 4.9 second feet of water, or all that the creek carries at low stage is needed for proper use of the land.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen all the water carried by the creek at point of diversion diverted and used. The last such use which I have witnessed was from about the middle of November to the 12th of December, 1953.

(Signed) *Rob. E. Emery*

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Grangeville,
County of Idaho, State of Idaho, on this 18th day of December,
A. D. 1953.

Paul H. Emery
Notary Public.

My commission expires February 25, 1954

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 21830

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. George A. Stevens, age 64, Idaho County, ranching, Whitebird, Idaho.

Ques. 2. Are you acquainted with Claud C. White, the holder of Permit No. 21830? How long have you known him and where does he reside?

Ans. Yes, about 25 years, Idaho County, Address, Riggins, Idaho.

Ques. 3. Have you read or heard read said Permit No. 21830, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. North Fork of Skookumchuck Creek, diversion point in NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 33, Twp 28 N. R. 2 EBM. Works consists of steel headgate on concrete, concrete spillway and about 2 miles of ditch about 4 ft. wide at bottom and about 5 to 6 feet deep.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Ditch will convey more than 10 second feet of water and I have seen it carry all the flow of the creek at low stage, estimated at 5 ft.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation of about 135 acres cult. land and about 50 acres of pasture. Approx. 10 acres in NE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 33 Twp 28 N. R. 2 EBM; about 45 acres in N $\frac{1}{2}$ NW $\frac{1}{4}$ Sec 4, 75 acres in NE $\frac{1}{4}$ Sec 5 and 55 acres in NW $\frac{1}{4}$ Sec 5, all in Twp 27 N. R. 2 EBM.

21830

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. **

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is black heavy loam and it is my opinion that
proper irrigation of that hereinbefore described requires all the
water carried by the creek at the point of diversion, estimated at 5 ft.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen all the water in the referenced creek taken out by the
works herein described, the creek being at low stage and carrying about
5 second feet of water, applied to the land hereinbefore described.

(Signed) Geo G Stevens

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Grangeville, Idaho,
County of Idaho, State of Idaho, on this 18th day of December,

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the 18th day of December, 19 53,
at Grangeville, County of Idaho, State of Idaho, before
Paul G. Eimers, Notary Public, proof will be submitted of the
application to beneficial use of 4.9 cubic feet per second of the waters of Skookumchuck
Creek in accordance with the terms and conditions of Permit No. 21830
heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are
Claud C. White, Whitebird, Idaho.

The use to which said water has been applied is irrigation of agricultural lands.

The amount applied to beneficial use is 4.9 second feet.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated)

NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 33, Township 28 North, Range 2 E.B.M.,

N $\frac{1}{2}$ NW $\frac{1}{4}$ Section 4; NE $\frac{1}{4}$ and NW $\frac{1}{4}$ Section 5; Township 27

North, Range 2 E.B.M., all in Idaho County, Idaho

The name of the canal or ditch or other works by which said water is conducted to such place of use is :
unnamed.

The right to take water from such works is based upon Permit No. 21830

The source of supply from which such water is diverted is Skookumchuck Creek

The date of priority which said user is prepared to establish is November 15, 1950.

RE: Permit No. 21830

Mr. Paul G. Eimers
First Security Bank Building
Grangeville, Idaho

Dear Mr. Eimers:

We acknowledge receipt of your letter of October 17, 1952,
enclosing application of Claud C. White for extension of time for
beneficial use proof on the above numbered permit.

This extension will be allowed, and we shall return same
to you when it has been properly recorded.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 21830

Gentlemen:

I enclose herewith the application of Claud C. White for an extension of time for proof of beneficial use, which I believe you will find to be self-explanatory.

It would be appreciated if your advice of the result of your action in the matter in response to the application, could be sent to Mr. White in care of the writer.

Very truly yours,

PAUL G. EIMERS

October 1, 1952

Mr. Claud C. White

White Bird, Idaho

Dear Sir:

We enclose herewith blank notice for proof of application of water to beneficial use under your Permit No. ~~21830~~ 21830. This notice should be filled out in duplicate and returned to this office at least 40 days before the date upon which you wish to make this proof, in order to allow time for the four weeks' publication required by law.

This proof must be submitted before a Notary Public or other officer authorized by law to administer oaths.

The date for proof, as set out in your permit, is not later than December 26, 1952, and if proof is submitted later than said date, your priority will be brought down a length of time equal to the time elapsing between the date the proof is due and the date proof is actually made.

Very truly yours,

MARK R. KULP

State Reclamation Engineer

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. Claud C. White

White Bird, Idaho

Boise, Idaho October 1, 1951

Dear Sir:-

Under the terms of your permit No. 21830-----you are required to complete your diversion works on or before December 26, 1951. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer

Re: Application of Claude C. White

Dear Mr. Kulp:

The mark over on question 14 in the application in question is a error and should read 245 acres instead of 175 acres.

Mr. White is very anxious to receive his permit and your cooperation is appreciated.

Very truly yours,

Robert M. Robson

Re: Application No. 29503

Mr. Robert M. Robson
Flanigan Building
Orangeville, Idaho

Dear Mr. Robson:

We are still holding the application of Claude C. White for Permit to appropriate water from the North Fork of Skoekumshuck Creek, awaiting reply to office letter addressed you on November 17, 1950.

In this letter we inquired as to the correct description of the land and the acreage on which the water is to be used.

In your letter enclosing the application, you requested that the Permit be sent you as soon as possible, and we are wondering if your client is still interested in obtaining this Permit.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

November 17, 1950

Mr. Robert M. Robson
Flanigan Building
Grangeville, Idaho

Dear Mr. Robson:

We acknowledge receipt of your letter of November 13, enclosing the application of Claude C. White for Permit to appropriate 200 miner's inches of waters of the North Fork of Skookumchuck Creek, accompanied by the check of Mr. W. E. Akins for the \$6.00 filing fee.

We note that the description of the land on which this water is to be used includes 245 acres, although Question 14 has marked out 245 acres and written 175 acres above.

If only 175 acres are to be irrigated, we can only allow 175 inches, but if the water is to be used for the irrigation of 245 acres, we can allow 245 inches.

The filing fee on 200 inches or 175 inches is only \$5.75, in which case there would be a refund of \$.25 on the filing fee, but if 245 inches are to be allowed, the fee would be \$6.00.

Please advise us as to your client's wishes in this matter.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the 18th day of December, 1953, at Grangeville, County of Idaho, State of Idaho, before Paul G. Eimers, Notary Public, proof will be submitted of the application to beneficial use of 4.9 cubic feet per second of the waters of Skookumchuck Creek in accordance with the terms and conditions of Permit No. 21830 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Claud C. White, Whitebird, Idaho.

The use to which said water has been applied is irrigation of agricultural lands.

The amount applied to beneficial use is 4.9 second feet.

The place where said water is used NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 33, Township 28 North, Range 2 E.B.M., N $\frac{1}{2}$ NW $\frac{1}{4}$ Section 4; NE $\frac{1}{4}$ and NW $\frac{1}{4}$ Section 5; Township 27 North, Range 2 E.B.M., all in Idaho County, Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is: unnamed.

The right to take water from such works is based upon Permit No. 21830.

The source of supply from which such water is diverted is Skookumchuck Creek.

The date of priority which said user is prepared to establish is November 15, 1950.
