Dear Sir:

I enclose herewith proof of completion of works in the case of permit No. 10610 issued to John Nuttmann of Keuterville, Idaho under date of Sept 30th, 1914. This is in accordance with the instructions of Mr. Wing, which I enclose herewith for reference, although I do not understand the statute accordingly in the matter of the submission of proof of completion. As I understand from Section 3257 of the Revised Codes notification should be given by the holder of the permit by registered mail to the State Engineer 60 days prior to the date for the submission of proof and the Engineer would order the publication of notice of completion.

I enclose also M. O. for Five Dollars and notices of proof of application of water to beneficial use for publication.

If this is not the proper procedure in this case, kindly notify me, sending instructions. I have not filled in the date for the beginning of publication in the Camas Prairie Chronicle, a weekly newspaper.

Yours very truly,

C. W. Greenough

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

John Nuttman,
Keuterville, Ida.

BOISE, IDAHO, Dec. 8, 1914.

DEAR SIR:

Under the terms of your permit No. 10610, you are required to complete your diversion works on or before March 30, 1915. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

Dear Sir:

I am requested by John Nuttmann of Keuterville, Idaho, to ask you to send to me at Cottonwood, Idaho, duplicate papers of those you mailed him upon receipt of his application for a water right on a spring on the public highway. Mr. Nuttmann lost your letter containing papers (the permit, I presume) after leaving the Post Office at Keuterville and has not been able to find them. He has not been able to tell me what the contents of the envelope were.
