E. NARRATIVE/REMARKS/COMMENTS

A culvert with holes and gravel surrounded by a concrete collection box is used to divert spring water through 2" and 1" PVS pipes for domestic use at a bus used as a cabin. The spring water is used for a bathtub, a sink and a shower, all located outside the bus. The PVC plumbing drapes through the trees and utilizes gravity flow. Although the above uses are located outside the bus, they are normally considered internal domestic uses. The spring was developed for external domestic use in regards to lawn and garden and applicant stated that it never will be. No other rights are used. The bus and spring are used as a vacation hide-away. Applicant lives in California.

PROOF DUE NOTICE

RE: PERMIT NO. 78-07316

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before December 1, 1993. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Karen L. Gustafson
Secretary/Records Manager

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 78-07316

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. We direct your attention to the conditions of approval on the final page.

As a permit owner you must commence the excavation or construction of the diverting works within one year of the date the permit was issued, and you must proceed diligently until the project is completed. The date shown under condition no. 1 is the date when the project must be completed. You will receive a "Proof Due Notice" from this Department approximately 60 days prior to the completion date requiring you to file either a Proof of Beneficial Use form stating that the project has been completed or file a Request for an Extension of Time in which to file the proof statement.

Sincerely,

RE: Application for Permit No. 78-07316

Bruce Ring
5051 September St.
San Diego, CA 92110

Dear Mr. Ring:

After your visit to our office on Wednesday, I pulled the quad map of the area of your water right application and found that your proposed project is very close to the 40 acre subdivision line. Because of this, I have revised your application to show that your points of diversion may be within either the NWNENE or NENWNE, of Section 22, Twp. 19N, Rge. 2E. I have also changed the proposed place of use to show that your cabins can be within the NENE or NWNE of Section 22. Enclosed for your information is a copy of the revised application. I hope these revisions meet your approval.

If you have any questions regarding this matter, please feel free to contact me at 327-7945.

Sincerely,

A handwritten signature in cursive script that reads "Kay Walker".
