SUBJECT: New Owner Address

=====

Today Mr. Bowen called to inquire why his water right license was issued in the name of the previous owners. He was sure that an assignment of permit was filed and paid for. I exhausted every avenue looking for a receipt, another right, etc. in his name, but did not locate anything. However, Mr. Bowen was congenial when he learned that the license was appurtenant to the land and it didn't matter in whose name it was. He did request though that further correspondence be sent to him as follows:

PROOF DUE NOTICE

RE: PERMIT NO. 78-07264

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before June 1, 1990.

(See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Rita Fleck
