3. Narrative: Description (As operating at time of measurement. Indicate pressure, number of sprinklers, etc.)

A small check dam in Pagoosa Creek and a 1 1/2 hp pump with 1 1/4" discharge pipe provide irrigation water to 1.8 acres. A combination of Rainbird sprinklers* and garden hoses with misc. sprinklers allows irrigation of pasture, garden, fruit trees, and misc. ornamental shrubs. garden hoses can provide water to a ~~single~~ small ditch to flood irrigate part of the property. A lack of water this year reduced irrigation opportunities, but evidence of ~~past~~ use and system in place confirms valid use of water.

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the department to conduct the field examination, but you may change to another certified examiner.
