G. VOLUME CALCULATIONS

1. Volume Calculations for Irrigation:

$$V_{I.R.} = (\text{Acres Irrigated}) \times (\text{Irrigation Requirement}) = .68 \times 3.0 = 2.0$$

$$V_{D.R.} = [\text{Diversion Rate (cfs)}] \times (\text{Days in Irrigation Season}) \times 1.9835 = .02 \times 214 \times 1.9835 = 8.5$$

$$V = \text{Smaller of } V_{I.R.} \text{ and } V_{D.R.} = 2.0$$

Allow .03 cfs for Domestic $\frac{1}{2}$, capacity of system

2. Volume Calculations for Other Uses:

Stockwater

$$V_{I.R.} = (2 \text{ head} \times 12 \text{ gpd} \times 365) / 325,850 = .03$$

$$V_{D.R.} = .02 \text{ cfs} \times 365 \times 1.9835 = 14.5$$

$$V = \underline{.03 \text{ Afa}}$$

* Allow .6 Afa Domestic nonpotable use (clean up) for house, + } = 1.2 Afa
H. RECOMMENDATIONS .6 Afa nonpotable use (clean up) for shop.

FROM: Brenda Chapman
DATE: January 22, 1996
RE: Recommendation Adjustment(s)

=====

The final licensing recommendations for Right 78-07086 are based on the information below:

F. FLOW CALCULATIONS

The domestic rate has been reduced. The home's internal domestic use is provided by a well. The lawn and garden are covered under the irrigation component. The only domestic use is the internal needs of the shop.

G. VOLUME CALCULATIONS

The irrigation volume is based on rounding the .68 acre up to .7 acre.

$$.7 \text{ acre} \times 3.0 \text{ af} = 2.1 \text{ af}$$

The domestic volume is reduced to the standard internal use of .6 af based on the information above.

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the department to conduct the field examination, but you may change to another certified examiner.
