Re: Permit No. 67-7035

Circle C Ranch Company
New Meadows,
Idaho 83654

Gentlemen:

One of the conditions of approval of your water Permit No. 67-7035 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before October 1, 1974. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Mr. David W. Campbell:

In reviewing your application for permit, we find that the lands listed for Section 35, T. 21N, R. 1E, B.M. do not correspond with those listed on the map. Perhaps, as the map indicates, the land should be in the NW $\frac{1}{4}$ of the NW $\frac{1}{4}$.

Please make the necessary corrections and return the application for processing.
