IDAHO County

PLACE OF USE: DOMESTIC

TWN RGE SEC

23N 01E 8

NESE

CONDITIONS OF APPROVAL AND REMARKS

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount which can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. Domestic use is for 1 home.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. Witness the seal and signature of the Director, affixed at Boise, this 24th day of FEBRUARY, 1976.

BEFORE THE DEPARTMENT OF WATER RESOURCES

OF THE

STATE OF IDAHO

IN THE MATTER OF EXTENDING THE PROOF DUE
DATE IN CONNECTION WITH PERMIT NO. 78-7064
IN THE NAME OF C. M. VOGELSONG

ORDER

WHEREAS, on December 9, 1974, C. M. Vogelsong filed an application for permit to appropriate 0.17 cubic feet per second of water from a groundwater source to be diverted within the SW $\frac{1}{4}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 9, Twp. 23N, Rge. 1E, B.M., Idaho County, to be used for domestic and irrigation purposes; and,

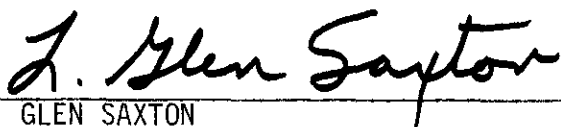

WHEREAS, on January 24, 1975, the Department approved said application and issued Permit No. 78-7064 with the condition that proof of construction of works and application of water to beneficial use be submitted on January 1, 1980; and,

WHEREAS, on December 6, 1979, the Department received a request for an extension of time; and,

WHEREAS, it appears that under the circumstances, the permit holder has given good cause for delay;

IT IS, THEREFORE, HEREBY ORDERED that the time within which to submit proof of beneficial use of water under Permit No. 78-7064 be extended to January 1, 1985.

Dated this 11th day of January, 1980.

MEMORANDUM

TO: File 78-07064 / C. M. Vogelsong
FROM: Brenda Chapman
DATE: February 21, 1996
RE: Ownership / Addresses

=====

Mr. Dice has since sold his home (Vogelsong/Dice home) to Tom Rosen of Riggins, who's phone has been disconnected. I contacted Mrs. Lancaster, the other family sharing the well, and she told me that Mr. Rosen rented the home out 6 months ago and she has no idea what the home's address is or the whereabouts of Mr. Rosen.

Given this information, the license will be sent to Mr. Vogelsong.

MAR 29 1996

MEMORANDUM

DATE: February 20, 1996

TO: File 78-07064

FROM: Shelley W. Keen *SWK*

RE: Telephone conversation with C. M. Vogelsong

=====

This morning I spoke with C. M. Vogelsong, the holder of permit 78-07064, at 628-3283. He submitted proof of beneficial use for one home; I needed to know which of the three reported by the examiner to license. Mr. Vogelsong told me that Darragh's house is served by a well drilled in March of 1981. That use is covered by SRBA claim A78-10344. He told me a well drilled in November of 1974 is located on the property reported as Dice's. This well serves the domestic use for Dice and Lancaster. Mr. Vogelsong explained that his proof of beneficial use was submitted for the Dice home, which was Mr. Vogelsong's at the time. Lancaster's home was built later.

Mr. Vogelsong informed me that Mr. Dice no longer owns the property. To avoid the delay of an assignment, Mr. Vogelsong suggested issuing the license to him, but making the address in care of whoever is now the owner of the formerly Vogelsong/Dice home.

78-07064
FEB 29 1996

MEMORANDUM

TO: File 78-07064 / C. M. Vogelsong
FROM: Brenda Chapman
DATE: January 17, 1996
RE: Ownership Information

=====

According to the field examiner, the original owner of this permit, C. M. Vogelsong, has split the permit between 3 families. However, no assignments were done nor do we have any indication in the file exactly when the splits occurred.

According to a representative from the Idaho County Assessor's Office, Mr. Vogelsong owns three parcels of land in T23N, R1E and Section 8. She provided me with information on the ownership changes, dates, and extent of development.

The three owners listed by the examiner are John and Carolyn Darragh, Richard Lancaster and Howard Dice.

County records indicate the only one with any connection to Mr. Vogelsong is Richard Lancaster. He purchased Mr. Vogelsong's three parcels of land in this section on April 5, 1994. They are being held in escrow by Mr. Vogelsong and will not be deeded to Lancaster until they are paid for.

Parcel 1 - .27 acre with no improvements
Parcel 2 - .44 acre with no improvements
Parcel 3 - 1.0 acre with only a shed on it, no dwelling

John and Carolyn Darragh's property is in Section 9. Their property now includes 3 parcels. Two parcels were obtained a number of years ago (exact number unknown) in an IRS auction. The owner who defaulted was R. Stevenson.

Parcel 1 - .78 acre and 1 home (Tax # 81)
Parcel 2 - .28 acre (Tax # 194)
Parcel 3 - .50 acre and 1 home (Tax # 195)

[One parcel split into 2 & 3 on 10/10/95]

Howard Dice's property is inside the city limits of Riggins. They have a house on a lot and a half (Tax #'s 53 & 54) for a total of 14,785 sq. ft. The property was purchased from August Halmadge on March 24, 1995.

E. NARRATIVE/REMARKS/COMMENTS

- Current owner for $\frac{1}{2}$ of the water from P/D # 2 for irrigation is John + Carolyn Darragh P.O. Box 1157 Riggins, Id 83549. The owner for the other $\frac{1}{2}$ of the water from P/D # 2 for irrigation ~~is~~ + the domestic use is: Richard Lancaster PO Box 244 Pollock, Id 83547 ($\frac{1}{3}$ of this domestic well is shared by Howard Dice, ~~Richard Lancaster~~, use, + $\frac{2}{3}$ is Richard Lancasters).

- No govt lots were found.

- Overlaps for P/D were other sources; overlaps for P/U were other land +/or other uses.

- Use is irrigation .7 acres to Carolyn Darragh's yard + .5 acres to Richard Lancaster's yard (total 1.2 acres). Also use is domestic (Richard Lancaster) ($\frac{2}{3}$), + ($\frac{1}{3}$) domestic internal/external to Howard Dice's property $\leq .5$ acres. External use @ Richard Lancasters is for potted plants + trees in back, + 2 horses.

- The system consists of 2 P/D for this WR (P/D # 2, 3) + P/D # 1 for A78-10344. Both are groundwater sources; P/D # 2 is a hand dug well w/a Sears ~~Water~~ Pump + 2" ABS that splits + goes to Carolyn Darragh's property + Richard Lancaster's property, to risers, misc. sprinklers on hoses to water yard + garden. P/D # 3 is 8 5/8" casing, w/.5HP submersible pump w/ 1 1/2" PVC discharge buried to Richard Lancaster's property ($\frac{2}{3}$ rd water use) + to Howard Dice's property ($\frac{1}{3}$ rd water use) for internal, + external use @ Howard Dice's place for yard/garden.

Have conditions of permit approval been met? ☒ yes ☐ no

@ Richards for potted plants, trees, + 2 horses out back.

MAR 29 1996

(This covers Carolyn's domestic use.)

F. FLOW CALCULATIONS

✓ Additional Computation Sheets Attached

Measured Method: Irrigation:

$$1.2 \text{ acres} \times .03 \text{ cfs} = \boxed{.04 \text{ cfs}}$$

- Allow .04 cfs Domestic, since that is the capacity of the system, + external use by Richard Lancaster is watering potted plants, + then internal use. Both internal/external

G. VOLUME CALCULATIONS

1. Volume Calculations for Irrigation: the well + receives $\frac{1}{3}$ the water.

$$V_{I.R.} = (\text{Acres Irrigated}) \times (\text{Irrigation Requirement}) = 1.2 \times 3.0 = \boxed{4.0}$$

$$V_{D.R.} = [\text{Diversión Rate (cfs)}] \times (\text{Days in Irrigation Season}) \times 1.9835 = .04 \times 246 \times 1.9835 = \boxed{19.5}$$

$$V = \text{Smaller of } V_{I.R.} \text{ and } V_{D.R.} = \boxed{4.0}$$

2. Volume Calculations for Other Uses:

Allow 1.2 Afa Domestic $\frac{1}{2}$ internal/external, since the system is shared $\frac{2}{3}$ rd Richard Lancaster + Howard Dice $\frac{1}{3}$ rd.

H. RECOMMENDATIONS

1. Recommended Amounts

Beneficial Use	Period of Use		Rate of Diver Q (cfs)	Annual Volume V (afa)
	From	To		
<u>Irrigation</u>	<u>3/31</u>	<u>11/30</u>	<u>.04</u>	<u>4.0</u>
<u>Domestic</u>	<u>1/1</u>	<u>12/31</u>	<u>.04</u>	<u>1.2</u>
Totals:			<u>.08</u>	<u>5.2</u>

2. Recommended Amendments

☐ Change P.D. as reflected above ☐ Add P.D. as reflected above ☒ None
☐ Change P.U. as reflected above ☐ Add P.U. as reflected above ☐ Other

May 5, 1988

Dear Permit Holder:

LAPSE NOTICE
License Examination Fee

You are hereby notified that under the provisions of Section 42-217 and 42-218a, Idaho Code, the above referenced permit will lapse and be of no further force nor effect on June 9, 1988, for failure of the permit holder to submit either the license examination fee or an acceptable field examination report prepared by or under the supervision of a certified water right examiner.

Provisions of § 42-217, Idaho Code, and the Beneficial Use Examination Rules and Regulations provide that failure of the permit holder to submit either the fee or an acceptable field examination report within one (1) year and sixty (60) days after notification by the director that the submittal is due is cause for the director to reject the proof of beneficial use and lapse the permit. The Department notified you of the required submittal on April 10, 1987.

The lapsed permit can be reinstated upon a showing of reasonable cause for late submittal of proof of beneficial use, if you submit to the Department on or before August 8, 1988, either the license examination fee or an acceptable field examination report prepared by or under the supervision of a certified water right examiner.

Enclosed is a fee information sheet that must be completed and submitted to the Department to keep the permit in good standing. If you have questions, please contact any office of the Department.

Sincerely,

L. GLEN SAXTON, Chief
Operations Bureau

MEMORANDUM

TO: File No. 78-7064
FROM: Gary Spackman *Gary*
DATE: April 27, 1988
RE: Status of the Permit

Permit to Appropriate Water No. 78-7064 authorizes the diversion of .17 cfs for domestic and irrigation purposes. In November, 1984, the permit holder, C. M. Vogelsong, filed proof of beneficial use.

An examination fee notice was mailed to Mr. Vogelsong on April 10, 1987. In response to the notice, Mr. Vogelsong submitted an examination fee information sheet, indicating that no beneficial use was occurring under Permit No. 78-7064. The examination fee information sheet expressly stated that the water may be used in the future. The future amounts proposed to be used were .04 cfs or 4 acre feet, the thresholds over which an examination fee is required. The examination fee information sheet cannot save the permit merely because Mr. Vogelsong requested licensing for an amount of water that is exempt from the examination fee.

The admissions on the examination fee information sheet will be deemed as an implicit withdrawal of the proof of beneficial use. No proof of beneficial use having been filed, a lapse notice should be mailed. The lapse date probably should not be retroactive to the date that proof was originally due, however. Lapse notice should date from April 10, 1987, the date that the examination fee notice was sent to Mr. Vogelsong. Therefore, sixty days after April 10, 1988, Permit No. 78-7064 will lapse.

78-7064
MAR 29 1996

RECEIVED

OCT 30 1987

MEMORANDUM

Department of Water Resources

TO: KAY WALKER
FROM: JAN SHURTE
SUBJECT: Permit No. 78-7064

DATE: October 30, 1987

Mr. ~~Vogel~~ phoned me in response to the letter of 10/15/87(attached). After much discussion, it appears that he is not using the wells on his land and stated the other waterusers that are using the well on their land have filed for their own permits. This permit(78-7064) covers uses he was going to complete for his own property. Due to neighbor conflicts he feels it will be quite some time before they ever build there. He would like to let the permit lapse at the end of the time period for the exam fee notice. The problem is he did submit an exam fee sheet with no fee of which a copy was sent to you by me. I told him if he doesn't pay a fee now, his permit will lapse in one year from the date of the letter. He is not prepared to relinquish it at this time, just in case something happens this winter. I don't know if we should keep the exam fee sheet in the file because someone might see it and not send a lapse notice even with this memo in the file. Nothing has been entered into the computer here, so the file will come up to lapse next year. If you want to leave the exam fee sheet you can, but I thought I'd let you know what's going on. Thanks.

P.S. - AM SENDING THE ORIG. OVER TO GET IT OUT OF
OUR FILES. SORRY. JAN

What do
you want to do?

C. M. Vogelsong
P.O. Box 347
Riggins, ID 83549

Dear Mr. Vogelsong:

I have received your letter concerning Permit No. 78-7064 and will attempt to answer and advise you concerning your questions.

You stated in your letter that two domestic wells have been drilled on the property under this permit. One is being used by a neighbor and the other is not now used. If the domestic well that is not now used was used in the past, then a field examination to verify the water right can be completed based on the past use as long as it has not been more than five years of non-use. The other domestic well, when examined, will be licensed and attached to its present place of use. This would be the same with the irrigation wells. However, if the well that needs to be deepened has not been used, a license cannot be issued for that well. A license can be issued for the irrigation well being used, but it would be attached to the land it is presently irrigating. The license will be limited to .04 cfs (18 gallons per minute), since no fee was submitted with the exam fee information sheet received on April 15, 1987. If you are using more than .04 cfs from these wells, please see the enclosed exam fee schedule and submit the corresponding fee for the amount of water you are actually using.

Since you have expressed an interest in keeping the present use of these wells, a field examination must now be completed and a license issued attached to the present places of use. If, at a later date, you wish to use the wells on your own property, a new application for permit will have to be filed at that time. The license will not be transferable by you off of property owned by another, unless there is an agreement with the parties using the wells that when you decide to use a well on another parcel of land they will give up their rights to that well. Once a water right is licensed it becomes appurtenant to the land and proof of ownership of the property is required before a transfer can be approved. You also mentioned a third well for domestic purposes is to be drilled at a later date. Since the time has run out on developing this permit, this domestic well will have to be covered

MAR 29 1996

under a new application for permit. This application should be filed approximately two months prior to the actual drilling of the well, as long as beneficial use will begin within the time period applied for on the application.

We also received the relinquishment form for Permit No. 78-7257. This must mean that no beneficial use has taken place or will take place from Flume Gulch Stream under this permit. Therefore, unless we hear from you to the contrary, we will process this relinquishment and this permit will no longer be in affect.

We will be conducting field examinations in your area during the week of October 26th and November 2nd, 1987. Please contact Brad Dingee as to a convenient time to conduct the exam for this permit (78-7064). If you have any questions concerning this letter, please feel free to contact me.

Sincerely,

JAN SHURTE
Sr. Water Resource Agent

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the department to conduct the field examination, but you may change to another certified examiner.

RE: Permit No. 78-7064

Dear Permit Holder:

We acknowledge receipt of your statement submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this department.

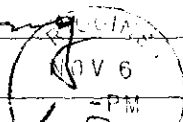

A field examiner will contact you to arrange to examine your system.

If you have any questions regarding the field examination, please contact this office by phone at 334-2190 or in person in the third floor State Towers Building, 450 West State Street, Boise.

PROOF DUE NOTICE

OCTOBER 31, 1984

DEAR PERMIT HOLDER:

ONE OF THE CONDITIONS OF APPROVAL OF YOUR WATER PERMIT NO. 78-7064 WAS THAT PROOF OF THE EXTENT OF YOUR BENEFICIAL USE MUST BE SUBMITTED TO THIS OFFICE ON OR BEFORE JANUARY 01, 1985. (SEE LAST PAGE OF YOUR APPROVED PERMIT OR YOUR LAST APPROVED EXTENSION REQUEST). ENCLOSED IS A POSTCARD WHICH MAY BE USED TO SUBMIT THE REQUIRED PROOF.

IF YOU HAVE NOT FULLY COMPLETED YOUR PROJECT, AND YOU OR A PREVIOUS OWNER OF THIS PERMIT HAVE NOT RECEIVED A PRIOR EXTENSION OF TIME, YOU MAY REQUEST AN EXTENSION OF TIME IF THE DELAY IS FOR REASONABLE CAUSE AS PROVIDED IN SECTION 42-204, IDAHO CODE. IF YOU HAVE BEEN PREVENTED FROM PROCEEDING BY A GOVERNMENTAL AGENCY OR BY LITIGATION, MORE THAN ONE EXTENSION OF TIME CAN BE GRANTED. AN EXTENSION OF TIME REQUEST FORM IS ENCLOSED FOR YOUR CONVENIENCE.

EITHER THE BENEFICIAL USE POSTCARD OR A REQUEST FOR AN EXTENSION OF TIME MUST BE RECEIVED BY THIS DEPARTMENT ON OR BEFORE THE ABOVE DESCRIBED PROOF DUE DATE. IF NEITHER IS RECEIVED, THE DEPARTMENT WILL SEND YOU A LAPSE NOTICE. WITHIN SIXTY (60) DAYS OF THE MAILING OF THE LAPSE NOTICE, THE PERMIT WILL NO LONGER BE OF ANY FORCE NOR EFFECT.

SINCERELY,

RITA FLECK
SECRETARY/RECORDS MANAGER

Re: Permit # 78-7064

Dear Ms. Grover:

Your reference to a "project" is somewhat confusing. The property in question was set up to be used as three or four complete dwelling units (four only if one was a duplex) with three completely separate water systems; one each domestic and irrigation well. At the time the permit was issued there were as stated, two irrigation wells; and one domestic well. There was also one dwelling unit on the property. At this time there is still just one (and a start on the second and third units) completed dwelling unit. For the reasons stated in my previous letter, construction has come to a standstill; and will likely remain so until building costs come back down to a reasonable level; or until the rest of our inflated economy catches up so we may once again resume construction. At such time as that happens, we anticipate the need to complete the water systems outlined on the original application of 1/24/75.

While the above may not directly answer your question, these are the facts. I had not considered the above as a "project" or group of projects; so have no idea how same may be viewed from your point of view. To me, the entire plan was simply the development of this property to its best use; to be done in whatever time frame is appropriate to the economy and the pocketbook. This is how we have proceeded to date.

Trusting the above gives you sufficient upon which to draw your conclusions, I remain,

Sincerely,

C.M. Vogelsong

Re: Permit No. 78-7064

Dear Mr. Vogelsong:

We have received your request for extension of time for the above referenced permit. However, before we can process this request we need some additional information.

In your letter you stated that there were two irrigation wells and one domestic well completed when this permit was issued. Were these wells previously used on another project or were they drilled specifically for this project?

If you could supply us with this information as soon as possible it would be greatly appreciated.

Sincerely,

JAN GROVER
Water Rights Supervisor

RECEIVED

Re: Permit # 78-7064

NOV 14 1979

Attn: Rita Fleck, Sr. Secretary

Department of Water Resources

Dear Ms. Fleck;

In answer your letter of Oct. 31, please be advised that the water development project on my property as set out in the above permit is not yet completed. Per your letter, may I herewith apply for an extension of time in anticipation of a later completion date. I would ask that the date be extended as far as regulations permit as construction and development have been suspended due to the rising cost of money, and inflated costs of materials for construction. The present extent of development is as it was when the permit was issued, to-wit: Two irrigation wells and one domestic drilled well are completed.

Trusting that I may hear from you in the near future,
I remain,

Sincerely,

C.M. Vogelsong

Dear Mr. Vogelsong:

One of the conditions of approval of your water Permit No. 78-7064 was that evidence of the extent of development must be submitted to this office on or before January 1, 1980. (See last page of your approved permit). Enclosed is a post card which may be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use post card or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect within 60 days.

Sincerely,

RITA FLECK
Sr. Secretary

Re: Application for Permit No. 78-7064 - C. M. Vogelsong

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. In order to receive payment, the following certification must appear on the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid."

(signature of claimant)

Sincerely,
