

- (8) Remarks This is a source for stock water and irrigation on the Ogden ranch at times of the year when no other water is available, and caddisflies during the time when there is other water. The water has been used on this property since earlier than the 1920's and will be used for the expressed purposes for the foreseeable future.

Scale: 2 inches equal 1 mile.

Map should show the location of the point of diversion and the place of use of the water by 40-acre subdivisions, section, township and range of the public land survey system.

State of Idaho)
County of ADAMS) ss.

Be it known that the undersigned, being duly sworn, deposes and says that he, she, they subscribed the foregoing claim to a water right, together with all attached information, and that the matters and facts therein are true to the best of the affiant's knowledge.

RE: Claim No. 78-4286

Dear Claimant:

The Department of Water Resources has completed the advertising of your claim to a water right, and no further action is authorized under Section 42-243 and 42-244, IDAHO CODE. Your claim will be retained in our files and will be available at any time for use by you or the court.

The filing and advertising of the claim does not confirm the water right claimed, but will serve to record and preserve the information and the evidence which you included in your claim.

If, at a later date, you find that you have additional information or supporting evidence that you would like to have included with the claim, you may have that information or evidence added at any time. Please refer to the claim identification number when corresponding with this office.

We are enclosing a copy of your claim for your records. If you have questions, or if this office may be of further assistance, please feel free to contact us.

Yours truly,

DAVID B. SHAW
Western Region Supervisor

RECORDED

347-2445

November 22, 1983

Mr. Marshall Dean Dryden
P.O. Box 312
New Meadows, ID 83654

Dear Mr. Dryden:

We are now processing the claims received in June, 1983, and need additional information and fees before your claim can be processed.

Your legal description under Item No. 6(A) does not appear to match the map drawn on the back of the claim. Your map shows 10 acres in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, and 20 acres in the NW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 20, Twp. 19N, Rge. 2E. However, under Item No. 6(A) you list the place of use as 10 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, and 20 acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 20, Twp. 19N, Rge. 2E, B.M. The point of diversion does correspond with the map.

The fee for a claim to a water right is \$30.00. Therefore, an additional \$10 needs to be submitted and the claim needs to be notarized as shown by your signature.

We are returning the claim to you for these corrections and additions. Please submit the claim within 60 days in order for your received date to remain acceptable. If you have any questions, please don't hesitate to contact us.

Sincerely,

Jan Grover
Senior Water Resource Agent
