Gentlemen:

Returned herewith proofs under subject water permit.

Our records show only one Point of Diversion, namely the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 22, T22N-R1 EBM. The proofs show another Point of Diversion in the SW $\frac{1}{4}$ SW $\frac{1}{4}$, same section, township, and range, and if this added diversion is wanted you must make an amendment to the permit and readvertize the proofs for four consecutive weeks for a new proof date.

Also, the witnesses' depositions should show the subdivision, township, and range under Question 4.

Please inform us if you wish to go to the extra cost of amending the point of diversion or prefer to follow the original application.

All the proof papers should be returned with your reply.

Re: Permit #29177 (Part)

Elmer C. Marty & Scott Williams

Gentlemen:

Returned herewith proofs under subject water permit.

Our records show only one Point of Diversion, namely the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 22, T22N-R1 ERM. The proofs show another Point of Diversion in the SW $\frac{1}{4}$ SW $\frac{1}{4}$, same section, township, and range, and if this added diversion is wanted you must make an amendment to the permit and readvertise the proofs for four consecutive weeks for a new proof date.

Also, the witnesses depositions should show the subdivision, township, and range under Question 4.

Please inform us if you wish to go to the extra cost of amending the point of diversion or prefer to follow the original application.

All the proof papers should be returned with your reply.

Very truly yours,

CARL E. TAPPAN
