Dear Mr. Osborn:

We are now in receipt of the corrected depositions of yourself and two witnesses in proof of beneficial use on Permit No. 25395 and also the affidavit of publication in the Adams County Leader.

This completes your proof but before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

RE: Permit No. 25395

Mr. Warren Osborn
New Meadows
Idaho

Dear Mr. Osborn:

We have your letter enclosing depositions of yourself and two witnesses in proof of beneficial use on Permit No. 25395.

It is necessary that these depositions be sent to this department for approval and record and it is also necessary that the affidavit of publication be sent to this department as it is an essential part of the proof.

The Adams County Leader was instructed to send this affidavit to you and if you have not received it, we suggest you take the matter up with them at once.

We note that none of these depositions give the legal description of the land where the water has been used as called for in Question 6. We, therefore, return them for such correction.

Very truly yours,
