RE: Permit No. 22749

Dear Sir:

In accordance with your letter of October 20th 1955 please find enclosed my check in the amount of \$13.00 representing statutory fee (\$5.00) for completion of works and License fee (\$8.00) on 100 inches of water from the Little Salmon River to irrigate 150 acres of my ranch.

I understand that the proper documents will be mailed to me in due time.

I wish to advise that your Mr. Humphery, the field engineer who inspected the work, was a great help to me by way of council and advice in the matter of questions on the subject of improved irrigation practices. While I realize that his purpose is not to hold class on the subject, I sincerely appreciated the extra few minutes he took to answer my questions.

Very truly yours,

Dear Mr. Durden:

We acknowledge receipt of your letter of September 1, and enclosing deposition of yourself and two witnesses submitted in proof of Completion of Works and Beneficial Use on permit No. 22749.

Before final action is taken the law requires that a field examination be made by an engineer from this Department.

We cannot say just when this examination will be made, but our field engineer will contact you at the time he makes the examination in order that you may arrange to show him over the ground.

Very truly yours,

RE: Permit No. 22749

Mr. Victor Burden
New Meadows, Idaho

Dear Mr. Burden:

We have your letter of July 12, 1933, and note that you are prepared to make proof of Completion of Works and Beneficial Use on Permit No. 22749.

Before these proofs are made, the statute requires publication of a notice once a week for four weeks in a county newspaper. This notice should be made in duplicate in form 36 enclosed, setting the time and place and naming the notary public before whom the proof is to be made.

The time should be set sufficiently far ahead to allow for four weeks publication and the proof may be made at any place convenient for you and your two witnesses.

Both copies of form 36 are to be returned to this department together with form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper.

We shall then send a copy to the paper with instructions in regard to publishing and send you the necessary forms of deposition to be used in making the proofs.

Re: Water Permit

of May 6th 1952

Dear Mr. Kulp:

On page four of my water permit there are specific instructions relative to certain limitations, such as the work is to be finished and the beneficial use of the water be made on or before May 6th 1962.

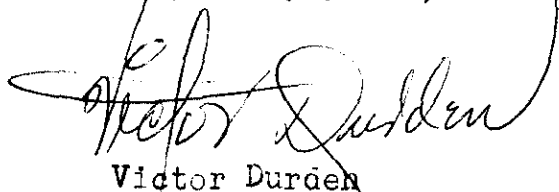

I assume, therefore, that when the work is finished and the water actually is being put on the land it is incumbent upon me to notify you.

Consequently I am happy to report that I am some nine years ahead of schedule. The pump is installed and we have been applying water for three weeks.

Please be good enough to advise if there are any special forms required for me to establish the fact that I have complied with the regulations.

Thanking you for your courtesies in the past,

We acknowledge receipt of your letter of April 27, 1952, enclosing application for permit to appropriate water from Little Salmon River, accompanied by your check for \$5.00.

Since the water is to be used on 148 acres, you could be allowed one inch to the acre, or 148 inches, the filing fee on which amounts to \$5.50. We therefore return your check with the request that you substitute for it one for \$5.50.

Your application seems to be correct in every particular except that you have failed to state whether or not there are any existing water rights appurtenant to the same land. Please advise us to this.
