Dear Mr. Swenstrom:

We acknowledge receipt of your letter of September 10 enclosing depositions and proof of publication in connection with proof of beneficial use under Permit No. 20546 in the name of the Village of New Meadows.

Before final action is taken in the matter the law requires that a field examination be made by an engineer from this Department.

We can not say just when this examination can be made as this Department has but one field engineer who makes examinations all over the state, but Mr. Tolman, Field Engineer for this Department, will try and contact Mr. Blake Hancock at the time he makes the examination so that he may arrange to show him over the project.

Dear Mr. Kulp:

Your letter of July 26th and Permit No. 20546 for the Village of New Meadows, Idaho, is acknowledged with thanks.

In connection with the Proof of Application of Water to Beneficial Use, I wish to advise you that only one copy of your Form No. 10 was enclosed and it is noted your instructions required this to be in duplicate. If you will kindly forward an extra copy of that form, we will submit the documents for making final proof of making beneficial use.

Very truly yours,

RE: Permit No. 20546

Mr. Carl H. Swanstrom
Attorney at Law
Council, Idaho

Dear Mr. Swanstrom:

We enclose Permit No. 20546 in the name of the Village of New Meadows together with Departmental Receipt No. 20749 for the \$5.00 filing fee.

Since your application states that the works are completed, we have allowed three months or until October 23, 1948, to make the two statutory proofs necessary to complete the water right. These proofs, however, may be made at any time prior to that date.

The first proof of proofs of completion of works is made by executing Form 6 enclosed before a Notary Public, and returning to this Department with a statutory fee of \$5.00, upon receipt and approval of such a certificate of completion of works will be issued.

The final or beneficial use proof requires publication once a week in a county newspaper for four consecutive weeks prior to the date set for making proof. Notice should be made in duplicate form on Form 10 enclosed, setting the time and place and naming the Notary Public before whom proof is to be made. Both copies of the notice to be returned to this Department together with Form 11 which is your authorization for us to have the notice published in the designated newspaper at your expense.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing, and on the date set you should appear before the Notary Public together with two disinterested witnesses to execute depositions of proof on forms furnished by this Department.

Very truly yours,

Re: Village of New Meadows, Idaho.

Dear Mr. Kulp:

This is in reply to your letter of July 16th concerning the application of the Village of New Meadows for permission on water developed by village well.

There is an omission in the description of the point of diversion in that the word "quarter" should be inserted immediately preceding west corner of Section 24, and the well is located in the Northeast Quarter of the Southwest Quarter of Section 24, Township 19 North, Range One (1) East.

Please insert the word "quarter" to complete the description so it will read "west quarter corner, Section 24," and I have enclosed my own check for \$5.00 in payment of the fees.

Very truly yours,

A cursive handwritten signature that reads "Carl H. Swanstrom".

Dear Mr. Swenstrom:

We acknowledge receipt of your letter of July 14 enclosing the application of the Village of New Meadows to appropriate one second foot of water from a well for domestic use for the inhabitants of the Village.

We do not quite understand the location of the point of diversion as described in Question 4, which should give it in a 40 acre sub-division. Approximately 2400 ft. Northeast from the Southwest corner of Section 24 would place it in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of this Section but we do not understand what is meant by "2175 ft. Southwest of the West corner of said Section 24. Please advise us to the exact location by Sub-division, Section, Township, and Range.

The correct filing fee on this amount is \$5.00.
