

Affidavit of Publication

State of Idaho, County of Adams, ss:

I, H.K. Rogers, being first duly sworn upon my Oath, depose and say that I am the publisher of The Adams County

Leader, a newspaper; that a copy of the Notice of Proof Application of Water as per clipping

herefo attached, was published in the regular and entire issue of said newspaper, and not in any supplement thereof, for

four (4) consecutive weeks, the first publication of the

same being made in the issue dated Feb. 10, 1950

and the last in the issue dated Mar. 3, 1950:

that said newspaper is of general circulation in Adams County, Idaho, printed and published weekly at Council therein and that said newspaper has been continuously and uninterruptedly published in said county during a period of more than sev-

enty-eight consecutive weeks prior to the first publication of

said Notice as aforesaid.

Notice Of Proof Application Of Water To Beneficial Use

Notice is hereby given that at 10:00 A. M. on the 6th day of March, 1950, at New Meadows, County of Adams, State of Idaho, before Carl Peterson, Notary Public, proof will be submitted of the application to beneficial use of 3 cubic feet per second of the waters of Little Salmon River in accordance with the terms and conditions of Permit No 20300 heretofore issued by the State Dept. of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Richard E. Armacost, New Meadows, Idaho.

The use to which said water has been applied is Irrigation.

The amount applied to beneficial use is 3 cubic feet per second. The place where said water is used: W $\frac{1}{2}$ NW $\frac{1}{4}$ and N $\frac{1}{2}$ SW $\frac{1}{4}$, Section 25, Township 20 North Range 1 East B.M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is an electric pump located at Bridge on County Road on North line of SW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 25, Twp. 20 N. R. L. E.: B.M.

The right to take water from such works is based upon Permit No. 20300.

The source of supply from which such water is diverted is Little Salmon River, a tributary of Main Salmon River.

The date of priority which said user is prepared to establish is February 10, 1949.

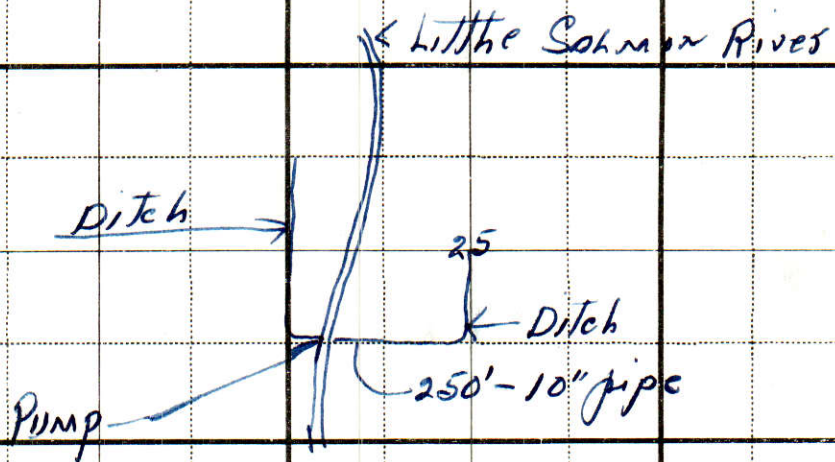

MARK R. KULP
State Reclamation Engineer.

License and Certificate of Water Right

Water License No. 20300

Amount 2.4 second feet

Water District No.

Priority February 10, 1948

THIS IS TO CERTIFY that RICHARD E. ARMACOST
of New Meadows, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated February 10, 1948, that Permit No. 20300
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
three second feet, was issued thereunder on December 18, 1948, showing that said works
were completed on the 3rd day of December, 1948; and that on the 18th
day of March, 1950

RICHARD E. ARMACOST

of New Meadows, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of Little Salmon
River, a tributary of main Salmon River, for the purpose of irrigation
, under Use Permit No. 20300 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
5 of Licenses at page 4774, on the 28th day of June, 1951;

The right hereby confirmed dates from February 10, 1948;

The Point of Diversion is located

in the NW 1/4 SW 1/4, Sec. 25, Tp. 20 N., R. 1 E., B. M. Adams County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 2.4 cubic feet per second.

Description and location of use:

Twp.	Range	Sec	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
20 N.	1 E.	25	NW 1/4 NW 1/4	20	20
			SW 1/4 NW 1/4	40	40
			NE 1/4 SW 1/4	40	35
			NW 1/4 SW 1/4	40	40
			Number of acres Actually Irrigated	-	135

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this

28th day of June, 1951.

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

Application No. 27915
Permit No. 20300
District No.

1. Name of Applicant: RICHARD E. ARMACOST

Postoffice address: New Meadows

County: Adams

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand: \$2,500.00
- (b) Treasury stock:
- (c) Bonds to be issued:
- (d) Other resources: Land, stock and misc. property \$25,000.00

2. Quantity of water claimed: Three (3) cubic feet per second.

3. Source of water supply: Little Salmon River which is a tributary of Main Salmon River

4. Location of point of diversion: 1320 ft. N. and 300 ft. E. feet distant from the Southwest corner of Section 25, T. 20 N., R. 1 E., B.M., and is in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 25, T. 20 N., R. 1 E., B.M., County of Adams

5. Water is to be used for Irrigation purposes

6. If for mining, milling, power or manufacturing purposes, give:

- (a) Point of use of water: feet distant from corner of Section T., R., B.M., in the of Section, T., R., B.M.
- (b) Amount of power generated: H.P., under feet head.
- (c) Water is to be returned to at a point feet distant from the corner of Section, T., R., B.M., in the of Section, T., R., B.M.

7. Estimated cost of works: \$ 1,000.00

8. Kind of works: Electric pump, capacity 150 inches, with 250 ft. 10" pipe line to connect with existing ditches and flumes

9. Height of dam None feet; length of dam at top feet; length of dam at bottom feet; material used in dam:

10. Size of headgate: Width feet; height feet;

11. Ditch: Width at bottom 2 feet; width at water line 2 $\frac{1}{2}$ feet; depth of water 15" feet;

dimensions of flume:

Diameter of pipe 15 inches; length of conduit 250 ft. to ditches miles.

Average grade per mile feet.

12. The time required for the completion of such work is One (1) years.

13. The time required for the complete application of the water to the proposed use is One (1) additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

14-A. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: Flood right, good to July 1st, only- 68"

15. (a) Is reservoir to be used? No If so, fill in (b) and (c) below.
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

A:bh

20300

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 20300

This proof is for Beneficial use In Water District No. _____1. Name of applicant Richard E. Armacost, New Meadows, Idaho2. Source of water supply: Little Salmon River, a tributary of Main Salmon River3. Location of point of diversion: Is in the NW 1/4 SW 1/4 of Section 25T. 20 N. R. 1 E. County of Adams

4. Describe works as they exist, giving dimensions and capacities of same. This system pumps water out of the Little Salmon R. and uses it to irrigate, hay, grain, and pasture. The pump is a Fairbanks Morse with a Niagra Propeller. Pump is size 8 with two stages, 1760 rpm is operating speed. No. PJ2958. Motor is G. E. electric vertical, 7 1/2 hp., 1735 rpm, 220v., 20.1 amps, 60 cycle, # WD1474. Pump is mounted on a wooden frame on 8"x8" stringers, all mounted on the bridge structure. There is no protection against weather. The pump lift is approx. 13' and pump intake is an 8" steel pipe, outlet 8" steel pipe. Pump is located on the NE cor. of the bridge. (see picture) Water is carried to the west thru a wooden flume 10" x 20" x 200' long into a dike ditch across

5. Water is used for: irrigation6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

W 1/2 NW 1/4 and N 1/2 SW 1/4 Section 25, Twp. 20 North, Range 1 East, B. M.

NW 1/4 SW 1/4 = 40 ?

SW 1/4 SW 1/4 = 40

Q = 80 ?

SE 1/4 SW 1/4 = 40 - 35 ?

NE 1/4 SW 1/4 = 40

155

south end of field then along west side to north. Field irrigates North and E. Water is conducted to the west side thru an 8" steel pipe and an 8" metal culvert pipe a distance of 74' into a diked ditch extending East along the S. side of the field.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Salmon River

Remarks: _____

Armacost wants at least 100 inches of water.

That was the amt he said that he told the pump salesman.

Pump was operated - pumped to west thru flume -

Too much leakage for accurate measurement

Estimated by measuring flume and checking flow rate that there was 100 inches or more flowing.

This examination was made on the 11th day of June, 19 51

(Signed) C. M. Humphrey Examiner.

20300

Delivery to West is by
wooden flume 10" x 20" inside
cross section x 200' long
into a ditch in a dike
along inside of fence on N side
of road.

Delivers to E. thru 8" pipe
(culvert) 74' into a diked ditch

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Re: Permit No. 20300

Mr. Richard E. Armacost
New Meadows, Idaho

Dear Mr. Armacost:

We acknowledge receipt of the depositions of yourself and two witnesses, also Affidavit of Publication in the Adams County Leader, all submitted in Proof of Beneficial Use under Permit No. 20300.

We return the statement from the Adams County Leader for costs of publication which was doubtless sent us in error as this item is to be paid by you.

Before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We are unable to say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, the Field Engineer for this Department will try and contact you at the time he makes the examination in order that you may arrange to show him over the grounds.

Very truly yours,

Notice Of Proof Application Of Water To Beneficial Use

Notice is hereby given that at 10:00 A. M. on the 21st day of March, 1950, at New Meadows, County of Adams, State of Idaho, before Carl Peterson, Notary Public, proof will be submitted of the application to beneficial use of 3 cubic feet per second of the waters of Little Salmon River in accordance with the terms and conditions of Permit No. 20300 heretofore issued by the State Dept. of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Richard E. Arnacost, New Meadows, Idaho.

The use to which said water has been applied is Irrigation.

The amount applied to beneficial use is 3 cubic feet per second. The place where said water is used: W $\frac{1}{4}$ NW $\frac{1}{4}$ and N $\frac{1}{4}$ SW $\frac{1}{4}$, Section 25, Township 20 North Range 1 East B.M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is an electric pump located at Bridge on County Road on North line of SW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 25, Twp. 20 N. R. 1 E. B.M.

The right to take water from such works is based upon Permit No. 20300.

The source of supply from which such water is diverted is Little Salmon River, a tributary of Main Salmon River.

The date of priority which said user is prepared to establish is February 10, 1940.

Permit No. 20300

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Richard E. Armacost, ranch - 5 miles N. of New Meadows.
Farmer, New Meadows, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 20300: February 17, 1948: Feb. 10, 1949:

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Little Salmon River: An electric pump located at ^{or bridge} County Road, N. line
of SW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 25 Twp. 20 N. R. 1 E. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. An electric pump, flume and pipe line: 3 cubic ft. per second:

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation: W $\frac{1}{2}$ NW $\frac{1}{4}$ and N $\frac{1}{2}$ SW $\frac{1}{4}$ Sec. 25 Twp. 20 N. R. 1
East B. M.: 20 Acres of NW $\frac{1}{4}$, 40 Acres of SW $\frac{1}{4}$, 40 Acres of the
N. E. $\frac{1}{4}$ and 40 Acres of the N. W. $\frac{1}{4}$: Cultivated: Increased
amount of hay production and made better pasture.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

20300

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 3 cubic feet

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Aug. 1 to Sept 30, 1948. May 1 to Sept 30, 1949.

Pumping, 3 cu. ft. continually and exclusively for irrigation.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None.

My commission expires _____

20300

March 17, 1950

Re: Permit No. 20300

Mr. Richard E. Armacost
New Meadows, Idaho

Dear Mr. Armacost:

We are this morning in receipt of your letter of March 14, in regard to forms for making Proof of Beneficial Use on your Permit No. 20300.

As you are aware, this proof was due to be made on March 6, 1950, as per letter written you on February 4, 1950, in which letter we enclosed you the necessary forms for making the proof. For that reason, no other forms were sent to Mr. Peterson, the Notary Public.

We enclose another set of forms herewith, consisting of one for yourself and one for each of your two witnesses, which should be executed before the Notary Public at the earliest possible date.

Since the proofs were not made at the time set out in the published notice, it will be necessary for Mr. Peterson to submit with the proofs, an affidavit stating that his office was open at the time set for proof, namely March 6, 1950, and that no protests were received, (if that is the case) and that the hearing was continued to the later date.

The proofs should also be accompanied by the Affidavit of Publication which the Adams County Leader was instructed to send you.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

State House
Boise, Idaho
Gentlemen:

We have been watching
our local paper, "The Adams
County Leader" for the notice
of proof of water to beneficial
use. We also ask the editor
if he had received any word
from you.

As Feb. 14 is drawing
near we are getting a bit
anxious. Is there anything
else we are supposed to
do?

Thank you.

20300

Yours Truly,
Richard E. Bernhart

December 10, 1949

Re: Permit No. 20300

Mr. Richard E. Armscost
New Meadows, Idaho

Dear Mr. Armscost:

Reference is made to your memorandum in reply to Notice of Beneficial Use Proof due on Permit No. 20300 on or before February 14, 1950.

The forms are correctly filled in as far as they go, and all that is necessary now is to give us the name of the Notary Public before whom the proofs are to be made and the date on which you wish to make the proof. The date may be any time prior to February 14, 1950, but must be set sufficiently far ahead to allow for the four weeks publication.

We note that you describe the land to be irrigated as W $\frac{1}{2}$ NW $\frac{1}{4}$ and NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 25, Township 20 North, Range 1 East, B.M. whereas the Permit describes the W $\frac{1}{2}$ NW $\frac{1}{4}$ and NE $\frac{1}{4}$ SE $\frac{1}{4}$ of this Section. Which is correct?

Upon receipt of your further advice, we shall send a copy of the notice to the Adams County Leader with instructions in regard to publishing.

Services of the Notary Public will not be required until the time set for making the proof, when you and your two witnesses must appear before the Notary named in the notice for the purpose of executing depositions, forms for which will be furnished later, either to you or the designated Notary.

Very truly yours,

MARK B. KULP
State Reclamation Engineer

New Meadows, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the

Adams County Leader of *Council, Idaho* published in

the county in which the works are situated.

Richard E. Armacost

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

20300

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 6th day of March, 19 50,
at New Meadows, County of Adams, State of Idaho, before
Carl Peterson, Notary Public, proof will be submitted of the

application to beneficial use of 3 cubic feet per second of the waters of Little
Salmon River in accordance with the terms and conditions of Permit No. 20300
heretofore issued by the State Dept. of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are.....

Richard E. Amacost, New Meadows, Idaho

The use to which said water has been applied is Irrigation

The amount applied to beneficial use is 3 cubic feet per second

The place where said water is used (if for irrigation, give full and accurate description of the
~~lands irrigated~~ W $\frac{1}{2}$ NW $\frac{1}{4}$ and NE SW $\frac{1}{4}$ Section 25
Township 20 North, Range East, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of

use is An electric pump located at Bridge on County Road
on North line of SW $\frac{1}{4}$, Section 25, Twp. 20 N. R. 1 E. B. M.

The right to take water from such works is based upon Permit No. 20300

The source of supply from which such water is diverted is Little Salmon River
a tributary of Main Salmon River

The date of priority which said user is prepared to establish is February 1949

Department of Reclamation

Proof of Completion of Works

AFFIDAVIT OF HOLDER

RECEIVED

Department of Reclamation

STATE OF IDAHO

County of Adams

SS.

Richard E. Armacost, being first duly sworn, upon his oath deposes and says:
First: That he is the holder and owner of Permit to Appropriate the Public Waters of the State of Idaho, No. 20300, and that his postoffice address is New Meadows, State of Idaho.

Second: That the name of the stream which said water is to be directed is Little Salmon River.

Third: That the point of diversion of said water is 1320' N & 300' E from the Southwest corner of Section 25 T. 20 N. R. 1 E. S.W. Quarter of Sec. 25.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by February 14, 19 49.

Fifth: That the use for which said water is intended is Irrigation Purpose.

Sixth: That on the date above mentioned, the works constructed under said permit were (~~complete~~) fully completed and consisted of the following:

- I. Kind of works: Electric Pump, Capacity 150" with 250' 10" pipe line to connect with existing ditches and flumes.
(Reservoir, dam, ditch, flume, pipe or otherwise)

- II. Dimensions of work:

(a) Height of dam none feet, length of dam at top.....feet, length of dam at bottom.....feet. Material used in construction.....

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir.....acre feet.

(c) Size of headgate: Width.....feet, height.....feet.

(d) Conduit.....width at bottom 2' feet, width at water line 2 1/2'
(State whether ditch, flume or pipe)

feet, depth of water 15" feet; diameter of pipe 10" inches, average grade Total Ditch E. and W. of river about 1 mile.
per mile is.....feet. Length of conduit is 250' miles.

Seventh: That said works are capable of conducting to the place of intended use 3 cu. ft. per second feet of water.

Eighth: That water appropriated under said permit is available for 140 acres of land described as follows: on North Line at SW 1/4 SW 1/4 Sec. 25, Twp. 20 N. R. 1 E. B.M. on Land -
Legal description: W 1/2 NW 1/4 and N 1/2 SW 1/4 Sec. 25, Twp. 20 N. Range 1 E. B.M.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. Richard E. Armacost

Boise, Idaho

December 1, 1948

New Meadows, Idaho

Dear Sir:-

Under the terms of your permit No. ~~20300~~-----you are required to complete your diversion works on or before----~~February 14, 1949~~ I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

Notice Of Proof Application Of
Water To Beneficial Use

Notice is her given that at 10:00 A. M. on the 6th day of March, 1950, at New Meadows, County of Adams, State of Idaho, before Carl Peterson, Notary Public, proof will be submitted of the application to beneficial use of 3 cubic feet per second of the waters of Little Salmon River in accordance with the terms and conditions of Permit No 20300 heretofore issued by the State Dept. of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Richard E. Armacost, New Meadows, Idaho.

The use to which said water has been applied is Irrigation.

The amount applied to beneficial use is 3 cubic feet per second. The place where said water is used: W 1/2 NW 1/4 and N 1/2 SW 1/4, Section 25, Township 20 North Range 1 East B.M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is an electric pump located at Bridge on County Road on North line of SW 1/4 SW 1/4 Sec. 25, Twp. 20 N. R. 1 E. B.M.

The right to take water from such works is based upon Permit No. 20300.

The source of supply from which such water is diverted is Little Salmon River, a tributary of Main Salmon River.

The date of priority which said user is prepared to establish is February 10, 1949.

MARK R. KULP
State Reclamation Engineer.
