Remarks:

14.

[illegible]

That affiant further desires to amend Permit No. 17257 with respect to the statement under heading of "Remarks", substituting for said statement the following:

One second foot of water to be taken from Goose Creek through Campbell canal to a point in SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 5, thence released into Alder Creek to be taken out again in SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 7, thence through personal ditch to and over the land to be irrigated.

That his reasons for desiring to make such changes are as follows: That the affiant herein has erroneously drafted the original application, and substitutes these amendments to conform to the plan of irrigation which will best serve his interests.

That no one will be injured by such change and that such change will be made at affiant's own risk.

J. S. Campbell

AFFIDAVIT FOR CHANGE OF POINT OF DIVERSION

OF WATER RIGHT

PERMIT NO. 17257

STATE OF IDAHO,)
) ss.
County of Adams.)

J. S. Campbell, being first duly sworn, deposes and says: That his postoffice address is Meadows, Idaho. That he is the owner of and using a certain water right, for one cubic foot per second of the water of Goose Creek, County of Adams, State of Idaho, obtained by virtue of Permit to appropriate the public waters of the State of Idaho, No. 17257, issued by the Commissioner of Reclamation, dated March 14, 1930, bearing date of priority of March 13, 1930, for the purpose of irrigating the following described lands, situate, lying and being in Water District No....., in the County of Adams and State of Idaho, to-wit:

SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 6; W $\frac{1}{2}$ NW $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 7, T. 19 N., R. 2 E., B. M.

and is the person to whom such right was so issued.

That said waters are now diverted from said stream in the NW $\frac{1}{4}$ of NW $\frac{1}{4}$ of Sec. 28, Twp. 19 N., Range 2 E., B. M., and conducted to the above described lands through the Campbell ditch, as per map filed herewith and of this affidavit made a part;

That affiant desires to change the point of diversion of said waters from the point above described to a point located in SW $\frac{1}{4}$ of NW $\frac{1}{4}$ of Sec. 28, Twp. 19 N., Range 2 E., B. M., and thereafter conduct same to the above described land through the Campbell ditch, as per map above referred to;

That his reasons for desiring to make such change are as follows: Permit holder was in error in describing his point of diversion.

That no one will be injured by such change and that such change will be made at affiant's own risk.

J. S. Campbell
Affiant.

Re: Permit No. 17257

MR. LEL HIGHLEY
New Meadows,
Idaho

Dear Sir:

Reference is made to your letter of January 20th.

Upon inspection of the records, I find that proof of beneficial use of the water claimed under the above permit was not regularly due until March 14, 1936. When we mailed out the notices it was not noticed that this proof had been made ahead of time and that accounts for Mr. Campbell's receiving the notice. This was purely an oversight, since, as you know, a license has been issued.

Kindly advise Mr. Campbell to disregard the notice.

RECLAMATION

New Meadows, Idaho,
January 20, 1936.

Mr. R. W. Faris,
Commissioner of Reclamation,
Boise, Idaho.

Dear Mr. Faris,

Mr. J. S. Campbell, whom I assisted with the papers for application # 17257, has a recent communication from your office asking that he make Proof of Application of Water to Beneficial Use. Is not this an error? Mr Campbell offered proof in April 1934 and holds Certificate of Water Right together with receipt # 14970 for \$12.00 payment made in connection therewith.

Please check up on this and write me about it.

Yours very truly,

Lee Highley

Affidavit for Change of Point of Diversion of Water Right

Permit No. 17257

STATE OF IDAHO,

County of Adams

ss.

J. S. Campbell, being first duly sworn, deposes and says: That his postoffice address is Meadows, Idaho. That he is the owner of and using a certain water right, for one cubic feet per second of the water of Goose Creek, County of Adams, State of Idaho, obtained by virtue of Permit to appropriate the public waters of the State of Idaho, No. 17257, issued by the Commissioner of Reclamation, dated March 14, 1930, bearing date of priority of March 13, 1930, for the purpose of irrigating the following described lands, situate, lying and being in Water District No. , in the County of Adams and State of Idaho, to-wit:

SW 1/4 Sec. 6; W 1/4 NW 1/4, SE 1/4 NW 1/4, N 1/4 SW 1/4, Sec. 7, T. 19 N., R. 2 E., B. M. and is the person ~~(or representative of the person or persons)~~ to whom such right was so issued, ~~for~~ ~~has become the owner thereof in the following manner:~~

That said waters are now diverted from said stream in the NW 1/4 of NW 1/4 of Sec. 28, Twp. 19 N., Range 2 E., B.M. and conducted to the above described lands through the Campbell ditch, as per map filed herewith and of this affidavit made a part;

That affiant desires to change the point of diversion of said waters from the point above described to a point located in SW 1/4 of NW 1/4 of Sec. 28, Twp. 19 N., Range 2 E., B.M. and thereafter conduct same to the above described land through the Campbell ditch, as per map above referred to;

That his reasons for desiring to make such change are as follows: Permit holder was in error in describing his point of diversion.

That no one will be injured by such change and that such change will be made at affiant's own risk.

J. S. Campbell
Affiant.

Re: Permit No. 17257

MR. J. S. CAMPBELL
Meadows,
Idaho

Dear Sir:

This is to inform you that we now have the field engineer's report relative to his examination made in connection with final proof under the above permit. At the time of his examination last August, you had 6 entire forty acre tracts under irrigation. Therefore, the fee due in connection with this proof amounts to \$12.00, since it is calculated at the rate of \$2.00 for each forty acre subdivision or portion thereof that is being irrigated.

We also find that the report shows your point of diversion in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 28, T. 19 N., R. 2 E., S. M., rather than in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 28, as is shown on the permit record. You will recall that some time ago you filed an application for change of point of diversion in order to correct the records so that they would show the situation as it actually existed. However, you apparently did not describe the proper forty where the point of diversion was located in making your change. In order to correct the records, to conform with the engineer's report, we have prepared another affidavit for change of point of diversion which we are enclosing with the request that you go before a Notary Public, execute it and return it to this office with your fee of \$12.00. The affidavit can then be made a matter of record and your license issued immediately thereafter.

Dear Sir:

This will acknowledge receipt of the deposition to holder and depositions of two witnesses executed in connection with beneficial use proof under the above permit. These depositions have been checked and are in satisfactory form.

As yet, we have not received the affidavit of proof of publication from the newspaper but we presume this will be forth coming within the next few days. A field examination must be made before a license can be issued under this permit. We are unable to say definitely when the field engineer will be able to make this examination but it will quite likely be some time within the next couple of months. At the time this examination is made, Mr. Tolman, field engineer, of the department will contact Mr. Campbell in order that he may show him over the grounds.

After Mr. Tolman's report has been filed, Mr. Campbell will be notified as to fees due before a license is issued.

MR. LEE NICHOLY
New Meadows,
Idaho

Dear Sir:

We are in receipt of Mr. Campbell's notice of appearance which signifies his intention to offer proof that the works required under the above permit were fully completed on or before the date when proof was due.

We are enclosing special depositions, one for the holder and one each for two witnesses. Mr. Campbell should go before some notary public or other official who is empowered to administer oaths with two disinterested witnesses who are thoroughly familiar with the works constructed under the permit, and execute these depositions. After they have been duly executed they should be returned to this office with a statutory fee of \$5.00.

Upon their receipt, together with the necessary fee, if the Commissioner of Reclamation is satisfied that the permit holder has acted in good faith, and that the works required under the permit were fully completed in due time, an order reinstating the permit will be drawn, and the certificate of completion of works can then be issued.

Very truly yours,

RE: PERMIT NO. 17257
Mr. J. S. Campbell

MR. LEE HIGHLY
New Meadows,
Idaho

Dear Sir:

We have your letter of May 19 concerning the above permit. Since the permit was issued to J. S. Campbell we of course mailed all notices concerning the permit to him. Proof of completion of works was due March 14 and since it was not made the permit lapsed on that date.

In the event that the works were fully completed at this time it will be possible to offer proof. If the works were not fully completed by this date the permit must be cancelled. We are enclosing notice of appearance which Mr. Campbell may file to show that he will offer proof that the works required under his permit were fully completed on or before the date when proof was due. Upon receipt of this notice properly dated and signed by the applicant, we will mail special depositions in compliance with Section 41-311 Idaho Code Annotated. These depositions will consist of one for the holder and one each for two witnesses.

After the depositions have been submitted, if the Commissioner of Reclamation is satisfied that the permit holder has acted in good faith and that the works required were completed within the time specified in the permit, an order reinstating the permit will be drawn and the certificate of completion of works can then be issued.

Department of Reclamation,

Gentlemen,

Concerning Permit No 17257, J. S. Campbell:

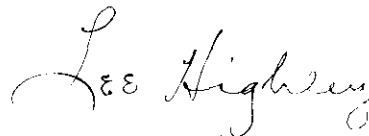

This filing was made by Floyd Campbell, the son, who lives on the land of his father, J, S. Campbell. The title resting in J S Campbell made it necessary for the son to file in the father's name.

On January 12, 1933, J S Campbell received notice from your office to offer proof of Completion of Works. He was confused and thought the notice referred to the water belonging to the place where he lived in the town of Meadows. This involved a very small amount of water and he requested that your office be informed he did not wish to offer proof.

On May 10, 1933, J S Campbell received your notice again referring to #17257 and calling attention to the date March 14, 1933. Upon talking with his son Mr X Campbell now understands the situation and wishes to offer proof of completion of works, and continue in regular course until title to the water has been acquired. He is also prepared to offer proof of beneficial use of the water under this permit.

Will you please advise me what steps Mr. Campbell needs to take and also send the required blanks for use in the case.

Yours very truly,

To J. S. CAMPBELL

Meadows, Idaho

It appearing to the Commissioner of Reclamation that the terms and conditions of Permit No. 17257, to appropriate the Public Waters of the State of Idaho, have not been complied with as to

PROOF OF COMPLETION OF WORK

you are hereby notified in compliance with Sec. 5594, Compiled Statutes of Idaho, that said Permit No. 17257 is hereby held for cancellation.

You are hereby required to show cause before the Commissioner of Reclamation on or before forty days from date of this notice why said Permit should not be cancelled.

Said Permit No. 17257 claims the use of 1 cubic feet per second of the waters of Goose Creek, with point of diversion located NW 1/4 NW 1/4 Section 29, T. 19 N., R. 2 E. B. M., and was approved March 14, 1930.

In Witness Whereof, I have hereunto set my hand and affixed the seal of my office at Boise, Idaho, this 10th day of May, 1933.

Gentlemen,

I have your notice of the 12th calling attention to the limiting date of March 14, 1933 for filing proof of completion of works under permit Number 17257 for J S Campbell.

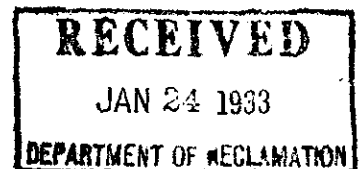

Mr Campbell advises me that conditions locally have changed and he does not wish to go further in this matter. He will not offer proof of completion of works.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. Lee Highley, Agent
Mr. J. S. Campbell
Meadows, Idaho

Boise, Idaho,
January 12, 1933

Dear Sir:—

Under the terms of your permit No. 17257 you are required to complete your diversion works on or before March 14, 1933. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

R. W. FARIS
Commissioner of Reclamation.

Dear Sir:-

Referring to your letter of June 30 would say that that the affidavit for change of point of diversion under the above numbered permit is sufficient to correct the records here without filing a new application. The affidavit has been recorded under the permit and will be considered as a part of said permit. The original, with one copy of the map, is herewith returned for the applicant's own files. The new application is also returned, together with blank check; also, Permit No. 17257 with receipt for fee paid.

AFFIDAVIT FOR CHANGE OF POINT OF DIVERSION
OF WATER RIGHT

Permit No. 17257

STATE OF IDAHO,) ss.
County of Adams)

J. S. CAMPBELL, being first duly sworn, deposes and says:

That his postoffice address is Meadows, Idaho. That he is the owner of and using a certain water right, for one cubic foot per second of the water of Goose Creek, County of Adams, State of Idaho, obtained by virtue of Permit to appropriate the public waters of the State of Idaho, No. 17257, issued by the Commissioner of Reclamation, dated March 13, 1930, bearing date of priority of March 13, 1930, for the purpose of irrigating the following described lands, situate, lying and being in Water District No. _____, in the County of Adams, and State of Idaho, to-wit:

SW $\frac{1}{4}$ SW $\frac{1}{4}$, Section 6,
W $\frac{1}{2}$ NW $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$, Section 7, T. 19 N., R. 2 E.

and is the person (or representative of the person or persons) to whom such right was so issued, (or has become the owner thereof in the following manner.)

That said waters are now diverted from said stream in the NW $\frac{1}{4}$ of NW $\frac{1}{4}$ of Sec. 29, T. 19 N., R. 2 E., B. M., and conducted to the above described lands through the Campbell ditch, as per map filed herewith and of this affidavit made a part;

That affiant desires to change the point of diversion of said waters from the point above described to a point located in NW $\frac{1}{4}$ of NW $\frac{1}{4}$ of Sec. 28, T. 19 N., R. 2 E., B. M., and thereafter conduct same to the above described land through the Campbell ditch, as per map above referred to;

17257

That affiant further desires to amend Permit No. 17257
with respect to the statement under the heading of "Remarks",
substituting for said statement the following:

One second foot of water to be taken from Goose
Creek through Campbell canal to a point in SW $\frac{1}{4}$
SE $\frac{1}{4}$, Sec. 5, thence released into Alder Creek
to be taken out again in SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 7, thence
through personal ditch to and over the land to
be irrigated.

That his reasons for desiring to make such changes are
as follows: That the affiant herein has erroneously drafted the
original application, and substitutes these amendments to conform
to the plan of irrigation which will best serve his interests.

That no one will be injured by such change and that such
change will be made at affiant's own risk.

John de Campbell
Affiant.

Subscribed and sworn to before me this 24 day of June,
1930.

J. B. A. Mitchell

Notary Public

NOTE:--If this water right has heretofore been carried jointly in a
ditch with other water, affiant should secure written consent
of other owners or users to removal from its original carrier
and file such consent with this affidavit.

Re: Permit No. 17257

MR. LEE HIGHLEY
New Meadows
Idaho

Dear Mr. Highley:

Reference is had to your letter of May 31, regarding the permit filed in behalf of J. S. CAMPBELL last March.

I believe enough amendments can be made to the original permit to avoid the necessity of filing a new one, as suggested by your application and check in blank. It appears only necessary to amend the location of the point of diversion from the

NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 29, T. 19 N., R. 2 E.,
to the
NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 28, same township and range;
and to file the maps accompanying the suggested new application as amended maps to Permit No. 17257. A further amendment can be made to the permit stating that whereas originally the water diverted from Goose Creek was intended to commingle with the waters of Alder Creek instead of Three Mile Creek, and therefrom be conveyed to the same lands as originally described.

The enclosed form is merely suggested as something which might cover the proposed amendment with respect to the course of the ditch and the commingling of the waters with Alder Creek, etc.

Yours very truly,

Commissioner of Reclamation.

Dear Sir,

Last March I submitted an application for J. S. Campbell. It was accepted, and given No. 17257.

Mr. Campbell gave me the information to work on verbally, and before I had made out the application, went away to his old home in Nebraska for a three month's visit. Upon his return and going over the accepted filing we find that I did not get his idea correctly. He wishes to bring the water from Campbell Ditch to his land through Alder creek and not Three Mile creek.

I return all papers of No. 17257, also new papers showing what Mr. Campbell wanted. The error is mine. Please handle as the custom of your office requires. Fill in my check for the expenses incident.
