Mr. Lee Highley,

Dear Sir:

Replying to your letter of October 18th would say that notice of proof of beneficial use of water under the above numbered Permit has not yet been sent to any paper for publication. In our letter of October 5 to Mr. Fields we stated that a copy of the notice would be mailed to the New Meadows Eagle for the required four weeks publication, inasmuch as the holder had not given any paper in which to publish the notice and we were not advised that the New Meadows Eagle was not still in existence and qualified to publish these notices. However, notice of proof will now be mailed to the Adams County Leader at Counsel, as per your request and will be in ample time for the required four weeks publication prior

Dear Sir,

On October 3rd I sent you the publication notice for R. C. Fields, Meadows, Idaho, permit No 14478 setting date of hearing for Dec. 5, 1922, before J. Edwin Thawert, New Meadows, Ida.

It seems that the papers were sent from your office to the "Meadows Eagle," Meadows, Idaho, and the post master forwarded them to Mr Lucas at Eden, Idaho. (Mr Lucas was editor of the Eagle until it ceased publication some years ago)

The only newspaper published in Adams County is the Adams County Leader, Council, Idaho.

If Mr Lucas should return the papers to you and a date later than Dec 5th is needed, fix another in Dec. Any time will suit Mr Fields,

Yours very truly,

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. R. C. Fields,
Meadows, Idaho.

Boise, Idaho,
Sept. 2, 1921.

Dear Sir:—

Under the terms of your permit No. 14478 you are required to complete your diversion works on or before Dec. 31, 1921. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.
