Instructions to Examiners

1. Examiners will not be permitted to examine any of the receipts in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own right in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

Re: Permit No. 14304. Edw. I. Osborn.

Mr. Lee Highley,
New Meadows, Idaho.

Dear Sir:-

Referring to your letter enclosing depositions and affidavit of publication for proof of beneficial use of water under the above permit would say that this proof will be filed pending the examination and report by an engineer from this office. This examination cannot now be made before Spring but no rights will be lost by reason of the delay. Some time ago an engineer from this office made the examination and report for the water right under permit No. 14303 but the lands in this permit were not reported upon at that time, hence it will require a separate examination.

Very truly yours,

Dear Sir:

Replying to your letter of October 29th, would say that under the circumstances you will be allowed to proceed under the provisions of Section 5594 of the Idaho Compiled Statutes for reinstatement of this right.

The first step in this procedure is a notice of cancellation from this office, which is herewith enclosed, together with blank notice of appearance which should be filled out by you and returned to this office. Deposition blanks, one for the holder and one each for two witnesses, will then be mailed to you to be filled out and returned to this office with statutory fee of \$5.00. If a satisfactory showing is made in this proof that the works were completed within the time specified in the Permit, the right will be reinstated and the Certificate of Completion of Works, issued.

Dear Sir,

Referring to the matter of my application
No 20361, Permit No 14304, which called for completion of
works on or before October 1 1920⁰, I have to say that
the work was done and water applied, but I quite over-
looked the part of making affidavit to your office, and
offering proof. No doubt you mailed me the necessary
blanks in the matter the same as you did in the case
of Permit No 14303 which required attention on Oct.
first of this year, but they were not received.

Will you please advise if there are any
steps which I can take to redeem myself in this in-
stance, or must I start all over again with a new
application for permit.

Thanking you for advise in the matter,

It appearing to the State Engineer that the terms and conditions of Permit No. 14304,
to appropriate the Public Waters of the State of Idaho, have not been complied with as to
proof of completion of works by October 1, 1920

you are hereby notified, in compliance with H. B. 53, approved February 28, 1917, that said Permit
No. 14304 is hereby held for cancellation.

Commissioner of Reclamation

You are hereby required to show cause before the State Engineer on or before forty days from
date of this notice why said Permit should not be cancelled.

Said Permit No. 14304 claims the use of 0.8 cubic feet per second of the
waters of Goose Creek, with point of diversion located
in the NW 1/4 Sec. 16, Twp. 19 N., R. 2 E., B.M., and
was approved Oct. 1, 19¹⁹
