TO ACCOMPANY A
PRELIMINARY ORDER**

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources (department) unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

Comment: When I created the shape for the point of diversion., arc view determined it was located in SWSWSE, S31, T24N, R8E. Examiner found it located on the line between S31 and S06 but in looking at the orthophoto quad of this area it appears that arc view is accurate. Also, with the legal description found by GPS there is no amendment needed to issue the license for this permit.

E. NARRATIVE/REMARKS/COMMENTS

A spring, locally known as Cherry Spring, is diverted on the line between the NWNWNE S6 and the SWSWSE S31 for domestic and irrigation uses in Copenhaver Subdivision. The spring flows from a side slope of a draw and is captured and diverted through a 2" buried PVC pipe to a 3000 gallon storage tank located above the subdivision in the NENE S6. From there, the water gravity flows through another 2" buried PVC line to a water stub in Lot 18 that provides internal domestic use to a home located in lot 18 of Copenhaver Subdivision. S.E. Salmon River water is also filed for use on lot 18 as a back-up source but is currently being held due to the Wilderness Moratorium (77-7382).

MICROFILMED

MAY 20 2003

The spring supplies water to a total of 9 stubs within the subdivision. See file 77-7377 for plat map of specific locations of the 9 stubs. The lot owners limited development to 9 stubs to

remain exempt from DEQ's community system regulations. They plan to develop a separate source, possibly ground water or the S.E. Salmon River, for additional domestic uses if necessary. No other stubs will be added in the subdivision for use of Cherry Spring. At the time of the exam, 7 homes and 1 guest house were built or partially built. The 9 Cherry spring stubs serve the following:

1. Lt 1, home (77-7377)
2. Lt 6, home (77-7377)

The Idaho Department of Water Resources (Department) issues water right permits, licenses, and transfers as preliminary orders pursuant to section 67-5243, Idaho Code. PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of the order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Otherwise, a preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to a preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

ORAL ARGUMENT

If the Department grants a petition to review a preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with a preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Re: Application for Water Right No. 77-07380

Dear Ms. Pyle:

You filed application for water no. 77-07380 with the Idaho Department of Water Resources (IDWR). The application proposes diversion of water from a spring for domestic purposes for one cabin. In the application, you represent that the point of diversion is owned by Orland Badley.

IDWR received a letter from the U.S. Forest Service stating that the point of diversion is located on federal lands and that you will need a special use permit before you are able to convey the water to your property. Enclosed is a copy of the letter from the U.S. Forest Service.

This letter requests that you reconcile the difference between the Forest Service statements and your representations on your application. Please respond to this request for information within thirty (30) of the date of this letter. Failure to do so is cause for IDWR to void your application from its records.

Sincerely,

A handwritten signature in cursive script that reads "Gary Spackman".

Dear Mr. Dreher:

We are writing to express our concerns regarding Application for Permit No. 77-07380 filed by Barbara G. Pyle to divert .04 cfs of water from an unnamed spring, a tributary of sinks, near the South Fork Salmon River on McCall Ranger District. The applicant does not have a special use permit for the purpose of conveying water to private land. Without this permit the applicant would be unable to divert water from public land.

We recommend that your Department defer any action on this application until the applicant has obtained a special use permit that authorizes diversion of the unnamed spring from public land.

If you have questions, please contact Holly Becker, Hydrologic Technician, at (208) 634-0795.

Sincerely,

DAVID F. ALEXANDER

RE: Processing

Applicant called 1/10/00 and requested her application to be permitted asap. She stated that there is no snow at the p/u and they wish to start building their cabin. Don Sokolowski, plumbing inspector for Idaho County, will not give them approval for a sewer permit until they have an approved permit from IDWR. The application has been advertised and not protested. It is for internal domestic use only, exempt from the Wilderness Moratorium.
