**EXPLANATORY INFORMATION
TO ACCOMPANY A
PRELIMINARY ORDER**

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources (department) unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Comment: Licensing review by S. Keen on 6/13/2002. No overlaps. The permit was issued for ten acres; the examiner found 3 acres but recommended 2 beacuse the permit holder wrote 2 on the proof form. Sometimes IDWRs measurement methods are better than the permit holders. I am recommending the license be issued for 3 acres.

E. NARRATIVE/REMARKS/COMMENTS

1. The water system consists of a portable pump mounted on a portable Diesel engine set in a 2 wheel trailer, a $1\frac{1}{2}$ " PE intake pipe in the Salmon River, a $1\frac{1}{2}$ " PE pipe discharge line on top the ground connected to a 1" fire hose on top the ground, and one portable sprinkler. The single sprinkler is a $7/16$ " nozzle impact type P65-24°. The $1\frac{1}{2}$ " PE discharge pipe and 1" fire hose with the attached sprinkler is moved around to irrigate the land.
2. Flow was measured at the end of one length of fire hose after the pump was started, with a 5 Gal. bucket.
3. Additional lengths of fire hose are added to cover the irrigated land. The pump and pipe system are removed each winter and stored.
4. Using a planimeter, the irrigated tract was found to be 3.06 Acres - Plot was for 2.0 Acres however.
(Irrigation, Domestic)
5. WR License # 77-07323A includes irrigation of 0.5 Acres of garden/yard at the house, which is not part of this irrigated tract (2.0 Acres).
6. WR Permit # 77-07322 is for Power, Domestic, and Fire Protection at the 2 Houses.

Have conditions of permit approval been met? ☒ yes ☐ no, except there is no irrigated land in Section 15 (2.0 Ac.); and irrigated land in Section 14 is 2 Ac., not 8.0 Ac. as shown on application.

Additional Computation Sheets Attached

$$\frac{5 \text{ Gal. Bucket} - \varphi}{12 \text{ sec.} - 17 \text{ sec.}} = \frac{5 \text{ Gal.}}{20 \text{ sec.}} = 15 \text{ GPM} = \underline{0.03 \text{ cfs}}$$

Note: Although a large 12 HP Diesel Engine is used, the pump is a small 16 stage, high head (300'), low volume well type pump mounted horizontally.

$$Q_{\text{allowed}} = (0.03 \frac{\text{cfs}}{\text{Ac.}}) / (2.0 \text{ Ac.}) = \underline{0.06 \text{ cfs}}$$

G. VOLUME CALCULATIONS

1. Volume Calculations for Irrigation:

$$V_{LR} = (\text{Acres Irrigated}) \times (\text{Irrigation Requirement}) = (2.0 \text{ Ac.}) / (3.0 \frac{\text{AF/A}}{\text{Ac.}}) = 6.0 \text{ AF/A}$$

$$V_{D,R} = [\text{Diversion Rate (cfs)}] \times (\text{Days in Irrigation Season}) \times 1.9835 = (0.03)(275)(1.9835) = 16.4$$

$$V = \text{Smaller of } V_{IB} \text{ and } V_{DB} = 6.0 \text{ A/E}$$

2. Volume Calculations for Other Uses:

Irrigated Acres: Measured with Planimeter = 3.06 Acres

Allow 2.0 AC. in Proof.

RE: PERMIT NO. 77-07262

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before August 1, 1992.

(See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.
