WATER RIGHT LICENSE

WATER RIGHT NO. 77-07141

Priority: June 9, 1981

Maximum Diversion Rate:
Maximum Diversion Volume:¹

0.20 CFS
11.4 AF

This is to certify, that PIONEER METALS CORP.

P.O. BOX 1055

CASCADE, ID 836110000

has complied with the terms and conditions of the permit, issued pursuant to Application for Permit dated June 9, 1981; and has submitted Proof of Beneficial Use on September 22, 1986. An examination indicates that the works have a diversion capacity of .200 cfs of water from a **GROUNDWATER** source, and a water right has been established as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>	<u>ANNUAL VOLUME</u>
-----------------------	----------------------	--------------------------	----------------------

DOMESTIC	01/01 to 12/31	0.20 CFS	11.4 AF
----------	----------------	----------	---------

LOCATION OF POINT(S) OF DIVERSION:

NWSW , Sec. 11, Township 18N, Range 09E
VALLEY County

PLACE OF USE: DOMESTIC

TWN RGE SEC

18N 09E 11

NWSW

SWSW

CONDITIONS/REMARKS:

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount which can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. Domestic use is for 19 homes.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. Witness the seal and signature of the Director, affixed at Boise, this 10TH day of JANUARY, 1970.

ACTION OF THE DEPARTMENT OF WATER RESOURCES

I, R. Keith Higginson, of the Department of Water Resources hereby approve the above Application for Amendment for Permit No. 77-07141 with the following;

CONDITIONS/REMARKS:

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount which can actually be beneficially used. The maximum diversion volume may be adjusted to reflect cropping patterns or acceptable standards of water delivery efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. Domestic use is for 19 homes.

Witness my hand this 10TH day of JANUARY, 1990.

ASSIGNMENT AND ASSUMPTION AGREEMENT

This Assignment and Assumption Agreement is effective as of the 18 day of April, 1986, by and between The Superior Oil Company, a Nevada corporation ("Assignor"), and Pioneer Metals Corporation, a Canadian corporation, and Pioneer Metals Corp., a Delaware corporation (both hereinafter referred to as "Assignee").

Assignor, for the sum of Ten Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, does hereby grant, bargain, convey, assign, transfer and deliver to Assignee, and Assignee does hereby accept in full, all of Assignor's rights, interests, duties and obligations, legal and equitable, from and after the date hereof, in, to and under the contracts, agreements, permits, and other documents listed in Schedule A attached hereto and incorporated herein by this reference.

Assignee hereby assumes and agrees to faithfully perform and discharge each and all of the obligations, claims, and liabilities of Assignor which are to be performed or discharged subsequent to the date hercof in accordance with and subject to all the terms, covenants and conditions to the same extent and in the same manner as if Assignee were the original contracting party.

MICROFILMED

This Assignment and Assumption Agreement shall bind and inure to the benefit of Assignor and Assignee and their respective successors and assigns.

IN WITNESS WHEREOF, the parties hereto have caused this Assignment and Assumption Agreement to be duly executed by their duly authorized representatives as of the day and year first above written.

Subject: Stibnite Mining Project Water Rights Permit Assignment

Dear Mr. Shaw:

Enclosed is the Assignment of Permit for the Stibnite Mining Project. As you are aware, Superior Mining Company is currently operating the project. The Superior Oil Company is the parent company, authorized to do business in Idaho.

Please advise me if there are any other permits and/or licenses we should also be transferring or assigning. Specifically, I would like confirmation on whether we also need to assign the Stream Channel Alteration Permit and Well Permits. We are assuming that no action is required on the Meadows Creek Diversion, as construction was completed last year. However, any input on other actions we should be initiating would be appreciated.

Very truly yours,

Rick T. Richins

To appropriate the public waters of the State of Idaho

1. Name of applicant Canadian Superior Mining (U.S.) Ltd. Phone (509) 624-4211
Post office address P.O. Box 385, Spokane, Washington 99210

2. Source of water supply groundwater which is a tributary of _____

3. Location of point of diversion is SW $\frac{1}{4}$ of SW $\frac{1}{4}$ of Section 11 Township 18N
Range 9E B.M. Valley County, additional points of diversion if any: _____

4. Water will be used for the following purposes:

Amount .20 cfs for domestic purposes from Jan. 1 to Dec. 31 (both dates inclusive)
(cfs or acre-feet per annum)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per annum)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per annum)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per annum)

5. Total quantity to be appropriated:

a. .20 cubic feet per second and/or b. _____ acre-feet per annum.

6. Proposed diverting works:

a. Description of ditches, flumes, pumps, headgates, etc. Well with pump and pipeline.

b. Height of storage dam _____ feet, active reservoir capacity _____ acre-feet; total reservoir capacity _____ acre-feet, materials used in storage dam: _____

Period of year when water will be diverted to storage _____ to _____ inclusive.
(Month/Day) (Month/Day)

c. Proposed well diameter is 6 inches; proposed depth of well is 150 feet.

7. Time required for the completion of the works and application of the water to the proposed beneficial use is 5 years (minimum 1 year - maximum 5 years).

8. Description of proposed uses:

a. If water is not for irrigation:

(1) Give the place of use of water: SW $\frac{1}{4}$ of SW $\frac{1}{4}$ of Section 11 Township 18N

Range 9E B.M. and NW $\frac{1}{4}$ of SW $\frac{1}{4}$ of Section 11 Township 18 N Range 9E

(2) Amount of power to be generated: _____ horsepower under _____ feet of head.

(3) List number of each kind of livestock to be watered _____

(4) Name of municipality to be served _____, or number of families to be supplied with domestic water 20

(5) If water is to be used for other purposes describe: Domestic use

ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No. 77-7141, and said application is hereby APPROVED.

1. Approval of said application is subject to the following limitations and conditions:

- a. SUBJECT TO ALL PRIOR WATER RIGHTS.
- b. Proof of construction of works and application of water to beneficial use shall be submitted on or before October 1, 19 86.
- c. The rate of diversion, if water is to be used for irrigation under this permit, when combined with all other water rights for the same land shall not exceed 0.02 cubic feet per second for each acre of land.
- d. Other:

The issuance of this permit in no way grants any right-of-way or easement across the land of another.

Witness my hand this 15th day of Sept, 19 81.

May 17, 1983

Ms. Jan Grover
Sr. Water Resource Agent
Idaho Department of Water Resources
Statehouse
Boise, ID 83720

Subject: Water Rights - The Superior Oil Company, Stibnite, Idaho
Nos: 77-7073, 77-7147, 77-7142, 77-7141, 77-7122, 77-7143,
77-7036, 77-7072, 77-7071, 77-7074

Dear Ms. Grover:

Following your discussion with Rick Richins of our office, The Superior Oil Company has requested that I contact IDWR and explain the Company's position with regard to the ten water right permits in their name.

At this time four of the 10 permits are developed. Permit No. 77-7122 (EFSF Salmon River) provides mill process water via a pump diversion and buried pipeline; No. 77-7142 (well) provides domestic water to the approximate 50-75 residences of the permanent camp; No. 77-7141 (well) was developed to provide water to the laboratory and administration building facilities; and 77-7143 (well) is being developed to provide water to the mill building support facilities and for environmental testing.

Permit No. 77-7147 (Fiddle Creek) has been trenched up to its diversion point to provide an auxiliary domestic water supply for the housing area once a PVC pipeline and the diversion structure are installed.

Of the remaining permit Nos., 77-7036, 77-7072 and 77-7074 are of no further interest to the company and No. 77-7073 (Sugar Creek) will be used in part this year as a source of water for exploration drilling. The Sugar Creek site will not be provided with a permanent diversion structure as such, however at this time the Company feels that it may be necessary to utilize the right for filling water trucks for drilling support.

PROOF DUE NOTICE

RE: PERMIT NO. 77-7141

DEAR PERMIT HOLDER:

ONE OF THE CONDITIONS OF APPROVAL OF THE ABOVE REFERENCED WATER PERMIT WAS THAT PROOF OF THE EXTENT OF YOUR BENEFICIAL USE MUST BE SUBMITTED TO THIS OFFICE ON OR BEFORE OCTOBER 1, 1986. (SEE LAST PAGE OF YOUR APPROVED PERMIT OR YOUR LAST APPROVED EXTENSION REQUEST.) ENCLOSED IS A FORM WHICH WHEN ACCOMPANIED BY THE LICENSE EXAMINATION FEE OR A COMPLETED FIELD EXAMINATION REPORT PREPARED BY A CERTIFIED WATER RIGHT EXAMINER MAY BE USED TO SUBMIT THE REQUIRED PROOF.

IF YOU HAVE NOT FULLY COMPLETED YOUR PROJECT, AND YOU OR A PREVIOUS OWNER OF THIS PERMIT HAVE NOT RECEIVED A PRIOR EXTENSION OF TIME, YOU MAY REQUEST AN EXTENSION OF TIME IF THE DELAY IS FOR REASONABLE CAUSE AS PROVIDED IN SECTION 42-204, IDAHO CODE. IF YOU HAVE BEEN PREVENTED FROM PROCEEDING BY A GOVERNMENTAL AGENCY OR BY LITIGATION WHICH MIGHT BRING TITLE TO THE WATER IN QUESTION, MORE THAN ONE EXTENSION OF TIME CAN BE GRANTED. AN EXTENSION OF TIME REQUEST FORM IS ENCLOSED FOR YOUR CONVENIENCE.

EITHER AN ACCEPTABLE PROOF OF BENEFICIAL USE SUBMITTAL OR AN ACCEPTABLE REQUEST FOR AN EXTENSION OF TIME MUST BE RECEIVED BY THIS DEPARTMENT ON OR BEFORE THE ABOVE DESCRIBED PROOF DUE DATE. IF NEITHER IS RECEIVED, THE DEPARTMENT WILL SEND YOU A LAPSE NOTICE. WITHIN SIXTY (60) DAYS OF THE MAILING OF THE LAPSE NOTICE, THE PERMIT WILL NO LONGER BE OF ANY FORCE NOR EFFECT.

SINCERELY,

RITA FLECK

Mr. Dave Tuthill
Idaho Department of Water Resources
450 W. State
Boise, ID 83720

Dear Dave:

Enclosed please find an executed copy of the Assignment and Assumption Agreement which transfers all of The Superior Oil Company's interest, duties and obligations under the contracts, agreements, permits and other documents listed in Schedule A pursuant to the Stibnite mining project, Valley County, Idaho, to Pioneer Metals Corporation. This correspondence officially requests that the following contracts, agreements, permits or other documents held by your agency in the name of The Superior Oil Company/Superior Mining Company be transferred to Pioneer Metals Corporation.

- Water Right Application No's 77-7071, 77-7122, 77-7141, 77-7142, 77-7143, 77-7147
- Stream Alteration Permits 77-S-74, 77-S-95, 77-S-95A, 77-S-95B

If this Assignment and Assumption Agreement meets your approval for transfer of obligation to Pioneer Metals Corporation, please so accept by signing one copy of this letter in the space provided below and return it to this office. If additional information is required, please contact me at 322-4040.

RE: Water Rights and Stream Channel Applications
in the Name of the Superior Mining Company

Dear Mr. Josey:

We are in receipt of your letter dated November 25, 1985 in which you apprised this office of the results of the inter-agency meeting in Boise on November 19, 1985. I regret that our office was not represented at the meeting due to other commitments, but we do appreciate the correspondence update.

A review of our Water Right files has verified the list of filings with this office as provided in your letter, with one exception. Water Right No. 77-7036 is a water right permit which was assigned to The Superior Mining Company on October 6, 1982. A copy of the permit is enclosed for your information. Note that proof of beneficial use was required to be submitted on or before March 1, 1985 to maintain the original priority date. No proof of beneficial use has yet been submitted. I recognize that you may have intentionally omitted this permit from the description of water rights, because the grace period for submittal of proof is normally only 60 days after the proof due date. However, in this specific case please be advised that the grace period has been extended to December 29, 1985 because the final notification of lapsing was not mailed until October 30, 1985. Thus, please be advised that if the water project proposed in the permit has been completed or if there is a reason to grant a second extension of time for submittal of proof, then there is a possibility that the permit can be reinstated if the appropriate documents are submitted prior to the December 29 deadline.

As you indicated, the Assignment of Permit form is the correct means of assigning ownership of the permits from The Superior Oil Company to the purchaser of Superior's interest. Ownership of all permits can be assigned on a single form, as was done when Canadian Superior Mining Ltd assigned interest to Superior. The current status of each of the permits in question is described below:

MICROFILMED

A review of our Stream Channel Alteration files has verified that Permit No. 77-S-95B is in the name of The Superior Oil Company. This document refers to an alteration in an unnamed creek tributary to Cinnabar Creek. Additionally, two stream channel alterations, Nos. 77-S-95 and 77-S-95A were filed with respect to alterations of West End Creek. During a conversation between Mr. Luther Russell of your office and myself on November 15, 1985, we discussed the fact that the work contemplated under these two applications has essentially been completed. However, the permit issued on July 27, 1984, for these applications is still in an active status with respect to the associated proposed final reclamation of the Lower West End Creek Waste Dump. As you are aware, this proposed final reclamation is currently in the review stage and has not been finally approved.

Another Stream Channel Alteration Permit which is still active is No. 77-S-74, in the name of Canadian Superior Mining (U.S.) Ltd. This permit pertains to a rerouting of Meadow Creek, a tributary of the East Fork of the South Fork of the Salmon River. The permit that was issued on June 29, 1981 includes as a condition of approval that it shall expire at the conclusion of the mining operation, so by our records this remains valid and in effect.

Regarding the assignment of Stream Channel Alteration Permits, please be advised that the booklet entitled "General Information and Instructions for Completion of a Joint Application for Permit, State of Idaho/Corps of Engineers" dated January, 1984, states in part that:

The Department of Water Resources issues Stream Channel Alteration Permits in the name of the applicant and the applicant is responsible for all activity under that permit. If a new applicant plans to perform any activity, a new application must be filed. If the proposed activity is unchanged from the activity previously permitted, the review period will be abbreviated and the permit will normally be issued in a short time.

Page 3

However, it is my understanding that an exception to this general instruction can be granted on a case-by-case basis. The mechanism for requesting assignment of the Stream Channel Alteration Permits would be for both the assignor and the assignee to send letters to this office specifically requesting assignment of the Permits. This office would solicit comments regarding such an assignment from pertinent agencies, and can grant the assignment if appropriate.

Thank you for the opportunity to comment on the assignment procedure in advance of consumation of conveyance of the above-referenced documents. If you desire further assistance please feel free to contact this office.

Sincerely,

DAVID R. TUTHILL, JR., P.E.
Manager, Western Regional Office

Suite 210
Boise, ID 83705

Dear Mr. Cryer:

Sometime ago you wrote asking the status of the Superior Oil Co. permits. During the past few months our office was swamped with people filing for water rights as our mandatory claims filing program came to an end. Therefore, your letter was not answered as soon as I would have liked.

The status of the permits mentioned in your letter is as follows: Permit no. 77-7073: Proof of beneficial use was due on July 1, 1983 and the permit automatically lapsed on that date. You do have a 60 day notice period within which to submit the enclosed proof of beneficial use card. In your letter you stated that the Superior Oil Co. does wish to keep this permit in good standing. Therefore, the proof card should be submitted as soon as possible.

Permit no. 77-7072: This permit is now in the process of lapsing. If a proof card or extension of time request is not received by August 16, the permit will lapse. In your letter you stated Superior Oil does not have any further interest in this permit. If this is the case, then you can allow the permit to lapse on August 16.

Permit no. 77-7074: This permit has a proof due date of July 1, 1983. This permit will have a lapse notice sent in a few days, and if Superior Oil Co. has no interest in it as stated in your letter, then no proof card or extension of time request need be submitted and the permit will be allowed to lapse.

Permit nos. 77-7122, 77-7141, 77-7142, 77-7143, and 77-7147 all need one of the enclosed proof of beneficial use cards submitted since all of these projects have been completed. After the proof of beneficial use cards are submitted, a field exam will be conducted and licenses issued for each permit based on the findings of the field examiner.

MICROFILMED

One of the permits listed at the top of your letter, but not mentioned in the body was 77-7071 for Meadow Creek. This permit has had proof of beneficial use submitted and a field examination by our Department is now pending.

If you have any further questions concerning these water right filings, please do not hesitate to contact us.

Sincerely,

A handwritten signature in cursive script, appearing to read "Jan Grover".

Gentlemen:

This office acknowledges receipt of the Assignment of the above referenced permits to you.

Enclosed for your records are copies of the permits. Be sure to note the special conditions of approval on the fourth page that identify requirements necessary for developing the permits into licensed water rights.

The 1982 Idaho Legislature added a requirement to your permits. Because of the change, you must commence the excavation and construction of the diverting works for your permits no later than July 1, 1983. The statute further requires that you then proceed with due diligence in completing the diverting works and applying the water to beneficial use.

To maintain the validity of your permits, you must return the Commencement of Works postcards for your permits subject to the requirement. Note that on the card you can indicate that either (1) you have commenced construction or (2) you have been prevented from initiating development due to a factor beyond your control, such as the Idaho Power Moratorium, a required approval of the Federal Government, or litigation which prevents development of the project. Please note the recent purchase of the land is not considered a reason for prevention from initiating development under this permit. Enclosed you will find the Commencement of Works postcard. Please return these cards to our office no later than July 1, 1983.

If you have any questions on this matter, please feel free to contact us.

Sincerely,

ROBYN CARLSON
Chief Clerk

Gentlemen:

Enclosed you will find a legal notice which we wish to have published on the dates indicated (once a week for two consecutive weekly issues) in your newspaper. We have allowed ample time for you to submit a galley proof to this office for review before the first publication date. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. Your cooperation is appreciated.

Please send the affidavit of publication and publication billing to this office before JULY 13, 1981.

Yours truly,

HELEN L. HARRINGTON
Secretary
