EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the department to conduct the field examination, but you may change to another certified examiner.

Dear Mr. Boyd:

In response to your letter of December 29, 1980, your permit, No. 77-7053, has not been cancelled and will not be since you have submitted proof of beneficial use.

Due to a severe backlog of field examinations, your system has not been examined. At present, I can not give you a definite date as to when the examination will be done; however, we will try to complete the exam during the next irrigation season.

If you have any additional questions or need more information, please contact this office.

Dear Sirs:

Department of Water Resources

Re: Permit No. 77-7053

I submitted an affidavit as proof beneficial use of Boulder Creek water as noted in permit no. 77-7053 in the month of September, 1978. Your office acknowledged that affidavit and indicated that your office would make an "on site" examination of my water system. I assume that it has not been examined nor inspected, because I was not notified of any inspection.

My permit, no. 77-7053 expires September 1, 1981. If your office cannot issue a water license, will you please reinstate the permit?

Dear Mr. & Mrs. Boyd:

Re: Permit No. 77-7053

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions regarding the field examination, please contact our regional office in Boise.

Sincerely,

RITA FLECK

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. In order to receive payment, the following certification must appear in the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid."

Sincerely,

Boyle Stokes
