Gentlemen:

We acknowledge receipt of the depositions and affidavits of publication in the
Cascade News, Cascade, Idaho, submitted as proof of com-
pletion of works and beneficial use on Permits 32771, 32772, 32773, 32774,
32775, and 32776.

Before a certificate and license of water right can be issued, a field
examination must be made by a representative from this department. We
cannot tell just when this examination will be made, but our field examiner
will try to contact you at the time he makes the examination so that you
may show him the system.

Very truly yours,

Donald W. McEldowney

Dear Mr. Hill:

Pursuant to our telephone conversation, we are forwarding 8 sets of depositions for the above referenced permits. Please have the completing notary public submit a deposition stating why the proofs are to be taken late and before another notary public. Also, this deposition must state that the office of the original notary public was open on the advertised date and state if any protests were offered or received.

Contact us if we can be of any assistance.

Very truly yours,

Cascade News
Cascade, Idaho

Gentlemen:

The Attorney General has ruled that all legal notices required by statutes relating to Proof of Completion of Works and/or Proof of Beneficial Use for licensing public waters of the State of Idaho to individuals or organizations must have the correct legal description for the points of diversion and lands to be irrigated.

In checking the galley proofs for the above numbered permits, we have found permit Nos. 32770, 32771, 32772, 32774, 32776, and 32777 to be correct.

For permit No. 32733, item No. 3 should be changed to read: 3. The use to which said water has been applied is domestic purposes, and the amount applied to beneficial use is 0.07 cubic feet per second.

For permit No. 32775, item No. 5 should be added and should read: 5. The place where said water is used is SE 1/4 SW 1/4, Sec. 14, T. 15 N., R. 6 E. and then: 6. The date of priority which said user is prepared to establish is March 9, 1966.

The date for making the proofs will be April 24, 1967.

Very truly yours,

Gentlemen:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. listed above. The proofs are to be made ~~at~~ ~~xxxxxx~~, on the 24th day of April, 19 67. before Fred Howe Cascade, Idaho, Notary Public.

As of this date, we have mailed the Notice to the Cascade News, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION

Very truly yours,

U. S. Forest Service
Forest Service Building
Ogden, Utah

Dear **Sirs:**

Under the terms of your Permit No. **32773**
32774
32775 you are required to make proofs of comple-
tion of works and application of water to beneficial use on or before **MARCH 10, 1967**

Before this proof can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper in the county.

We enclose Form 36-A in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date and/or before the time you intend to make proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use, or lands which are irrigated - - by legal description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your notice is published, or you may have to readvertise and complete another set of proof forms.

Also enclosed is Form 11, which is the authorization for us to have the notice published in the designated county newspaper, at your expense. This is to be returned with Forms 36-A

At the time we send the notice to the newspaper we will send you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, and at the place named, before the Notary Public as advertised in the publication notice.

The amount of water allowed in a license cannot be more than is actually produced and measured and put to beneficial use, and cannot be more than the statutory amount allowable per acre of land actually found by the field inspection to have been irrigated at the time of proof.

Very truly yours,

Carl E. Tappan
