Dear Sir:

March 30th we received Form 6, Proof of Completion of Works under Permit No. 31084, with voucher, for \$5.00 fee, which was signed and returned.

April 12, 1965, we received Forms 36A showing that Proof of Completion of Works and Beneficial Use of the water would be made at McCall on June 7, 1965. The legal notice was mailed to the Idaho County Free Press April 12, 1965. Also voucher for \$10.00 fees for Certificate of Completion of Works and Water License was received.

Today your representative came to the office to pay cash for the voucher for \$5.00 fee for Certificate of Completion of Works. The proof of completion of works and the \$5.00 voucher were marked void and returned.

If you make proof of completion of works on Form 6 and send \$5.00 voucher, please do not use Form 36A. Form 10, proof of beneficial use of the water should be used.

The Voucher for \$10.00 will be held in the file until payment is due after the field check is complete.

PROOF OF COMPLETION OF WORKS

RE: Permit No. 31084

Boise, Idaho
February 1, 1965

U. S. Forest Service
Forest Service Building
Ogden, Utah

Dear Sir:

Under the terms of your Permit No. 31085 you are required to complete your diversion works on or before April 12, 1965. I enclose blank affidavit to be filled out, sworn to by you before a Notary Public, or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

State Reclamation Engineer
