INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

AFFIDAVIT OF PUBLICATION

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

NOTICE is hereby given that at 2:00 P. M., on the 10th day of July, 1964, at Dixie, County of Idaho, State of Idaho, before Zilpha L. Wenzel, Notary Public, at Dixie, Idaho, proof will be submitted of the completion of works for the diversion of one (1) cubic feet per second of the waters of 4th of July Creek (SW Fork) and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 30589, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is: John Wenzel of Dixie, Idaho via Elk City.

2. Said works of diversion will be such completion and the amount of such completion and the amount of water which said works are capable of conveying to the place of use is one (1) cubic feet per second.

3. The use to which said water has been applied is Domestic Purposes, and the amount applied to beneficial use is one (1) cubic feet per second.

4. The point of diversion of said water is 800 ft. NW of Mineral Monument No. 1 corner No. 1 of Crooked Creek Placer (patented).

5. The place where said water is used is 600 ft. NE MM No. 1 & is in Sec. 28 Unsurveyed T. 26 N., R. 8 E. (Idaho County)

6. The date of priority which said user is prepared to establish is July 20, 1962.

CARL E. TAPPAN,
State Reclamation
Engineer

RE: Permit No. 30587, 30588 and 30589

Mr. J. G. Wenzel
Dixie, Idaho

Dear Mr. Wenzel:

In checking our records we find you originally filed three permits. Information on each permit is as follows:

30587 - Amount of water claimed: 2.0 c.f.s.
Source of water: Slide Creek
Point of Diversion: 2100' from the SE Corner
of Section 22 in the SE $\frac{1}{4}$
(unsurveyed) Section 22,
T 25 N., R 9 E., B.M.
Use: Placer mining and domestic

This permit was relinquished in July, 1965.

30588 - Amount of water claimed: 1.0 c.f.s.
Source of water: Unnamed stream tributary of
the Salmon River
Point of Diversion: SW $\frac{1}{4}$, Section 22 (Unsurveyed)
T 25 N., R 9 E., B.M.
Use: Placer mining and domestic

In July, 1965, you forwarded a completion works affidavit on this permit stating the works were completed. However, it now is due for beneficial use.

30589 - Amount of water claimed: 1.0 c.f.s.
Source of water: 4th of July Creek (SW Fork)
Point of Diversion: 800' NW from the Mineral Monument
#1, Corner No. 1 of Crooked Creek
Placer patent.
Use: Domestic and Fire protection

This permit has been completed except for the \$5.00 license fee that has not been received. This is the permit examined by Mr. Johnson from our office.

30589

page - 2 -

The present status of your permits look like you can make proof on 30588 anytime between now and the 27th of July, 1966, thereby, obtaining a water license for placer mining, fire protection. On permit No. 20589 upon receipt of the \$5.00 fee we will issue you a water license for domestic and fire protection.

We are sorry for the mix-up on these permits and hope this letter helps clear up some of the problems.

Very truly yours,

M. RUSSELL BOSCH
Office Manager

Boise, Idaho 83701

Attn: Carl E. Tappan
State Reclamation Engineer

Dear Mr. Tappan:

In reply to your letter of May 2nd regarding permit No. 30588.

We originally made application for two different water rights which were to be permits No. 30587 & 30588. Somewhere along the line we have become all mixed up and we now have a further No. 30589 of which I know nothing. I was under the impression that #30588 referred to the waters of an unnamed stream, a tributary of Fourth of July Creek in the NE $\frac{1}{4}$ corner of Section 33, R 8E, T 26N. The other permit was to be for Slide Creek, a tributary of Salmon River in the SE $\frac{1}{4}$ section 22, R 9E, T25N.

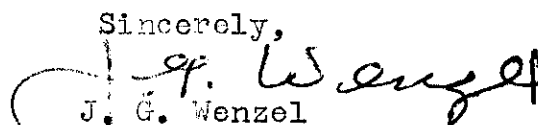

Due to a controversy with the forest service, we have been unable to do anything on the #30587, the waters of Slide Creek, a tributary of Salmon River.

We have completed the work on permit No. 30588, an unnamed tributary of Fourth of July Creek. This was inspected by Mr. Johnson, your field engineer, and approved in September of 1965 and we are at present using this water for domestic use as we stated in our application.

In checking back I find that there has been a complete mix up and we were given a Certificate of Completion of Works dated August 2, 1965 with a Receipt No. 32583 for monies paid. However, in reading this Certificate of Completion of Work I find that instead of the Fourth of July Creek water right, we were approved as having done the Slide Creek water right, which we have not gone ahead with. We would like at this time to drop the Slide Creek permit but we would like to have a certificate of Completion of Work on the tributary of Fourth of July Creek, NE $\frac{1}{4}$, section 33, R 8E, T 26N which was inspected and approved by your Mr. Johnson.

If there are any further fees on this, please notify us.

Sincerely,

J. G. Wenzel

Dear Mr. Wenzel:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the IDAHO COUNTY FREE PRESS, all submitted in proof of completion of works and beneficial use on Permit No. 30589.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours ,

Re: Permit No. 30589

John G. Wenzel
Dixie, Idaho
Via Elk City

Dear Mr. Wenzel:

Our records show the point of diversion for subject permit as follows: 800 ft. NW of Mineral Monument No. 1, corner No. 1 of Crooked Creek placer (patented), Idaho County. The point of diversion you have given on proof of completion of works and beneficial use (Forms 16 and 17) does not agree with the permit.

If the point of diversion has been changed since you made application for permit, it will be necessary to make an amendment and republish legal notice in the newspaper. We are returning the forms to you again, and if the point of diversion is as shown above, please correct the forms and return to us.

As far as the fire protection is concerned, we can make the addition to the permit under the circumstances shown in your letter of July 20, 1964.

Very truly yours,

CARL E. TAPPAN
State Reclamation Engineer

Department of Reclamation

Attn: D. L. Rhodes, Assistant
State Water Rights Clerk

Dear Mr. Rhodes:

I am sorry I made the errors in the completion of the work papers and have gone through and tried to correct same.

The only major change made was the addition of fire protection. This was added on the recommendation of the U. S. Forest Ranger of this district. It involves no extra work done, nor does it entail taking more water than we are allowed. The putting in of this water does afford us a certain amount of fire protection and the Ranger wished this listed in order to warrant the laying of the pipe line across forest ground.

We hope this will complete the papers satisfactorily.

Sincerely,

John G. Wenzel
Idaho County
Dixie, Idaho

Re: Permit No. 30589

John G. Wenzel
Dixie, via Elk City
Idaho

Dear Sir:

Returned herewith is proof of completion of works and beneficial use (Form 16 and 17) for the above noted permit for correction and clarification.

Ques. #4. The point of diversion does not correspond with our record. Please refer to the legal notice with affidavit of publication for point of diversion description.

Your permit shows domestic use only. You have fire protection on the proof also.

We have underlined with red pencil a number of items on witnesses depositions we would like to have answered.

Please take care of these matters as soon as possible and return the forms to us.

Very truly yours,

CARL E. TAPPAN

Re: Permit No. 30589

June 4, 1964

Mr. John Wenzel,
Dixie, Idaho,
Via Elk City.

Dear Mr. Wenzel:

This acknowledges the Notice of Proof of Completion of Works and Application of water to Beneficial Use under Permit No. 30589. The proofs are to be made at 2:00 o'clock P.M., on the 10th day of July, 1964, before Zilpha L. Wenzel, Dixie, Idaho, Notary Public.

As of this date, we have mailed the Notice to the Idaho County Free Press Grangeville, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Very truly yours,

CARL E. TAPPAN
State Reclamation Engineer

Re: Permit No. 30589
John Wenzel

Date:

May 4, 1964

Calvin Dworshak
Attorney at Law
P. O. Box 737
Boise, Idaho

Dear Mr. Dworshak:

Under the terms of your Permit No. 30589 you are required to make proofs of completion of works and application of water to beneficial use on or before **July 27, 1964**

Before this proof can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper in the county.

We enclose Form 36-A in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date and/or before the time you intend to make proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use, or lands which are irrigated - - by legal description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your notice is published, or you may have to readvertise and complete another set of proof forms.

Also enclosed is Form 11, which is the authorization for us to have the notice published in the designated county newspaper, at your expense. This is to be returned with Forms 36-A

At the time we send the notice to the newspaper we will send you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, and at the place named, before the Notary Public as advertised in the publication notice.

The amount of water allowed in a license cannot be more than is actually produced and measured and put to beneficial use, and cannot be more than the statutory amount allowable per acre of land actually found by the field inspection to have been irrigated at the time of proof.

Very truly yours,

Carl E. Tappan
