**NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 10:00 A. M. on the 27th day of October, 1958, at Challis, County of Custer, State of Idaho, before Jack Furey, Notary Public proof will be submitted of the application to beneficial use of .04 cubic feet per second of the waters of Un-named spring in accordance with the terms and conditions of Permit No. 24480 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are E. L. Bailie, Provo, Utah, 330 South, 1080 East.

The use to which said water has been applied is Domestic and irrigation.

The amount applied to beneficial use is .04 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated)

SW corner of Homestead No. 628, consisting of 5.182 acres and is in Township 18 North, Range 17 East, B. M., County of Lemhi Unsurveyed.

The right to take water from such works is based upon Permit No. 24480.

The source of supply from which such water is diverted is Un-named spring.

The date of priority which said used is prepared to establish is September 4, 1953.

 DISTRICT No.

1. Name of Applicant: E. L. BAILIE

Postoffice address: Box 1272, Boise

County: Ada

State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of capital stock:

(c) Amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are:

(b) Treasury stock:

(d) Other resources:

(a) Cash on hand:

(c) Bonds to be issued:

2. Quantity of water claimed: Two inches or .04

cubic feet per second.

3. Source of water supply: Unnamed spring

which is a tributary of

4. Location of point of diversion: S. 36° West 1940

feet distant from the U.S.L.M. No. 240

corner of Section , T. , R. , B.M., and is in the S. 30° W. 231' from H.S. Corner No. 11

approx. of Section 27 , T. 18 N. , R. 17 E. , B.M., County of Lemhi (Unsurveyed)

5. Water is to be used for Domestic and irrigation purposes

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T. , R. , B.M., in the of Section , T. , R. , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section , T. , R. , B.M., in the
 of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 100.00

8. Kind of works: Gathering box and pipe-line

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

dimensions of flume:

Diameter of pipe 1 inches; length of conduit 400 ft. pipe-line miles.

Average grade per mile feet.

12. The time required for the completion of such work is Five years.

13. The time required for the complete application of the water to the proposed use is none additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

Re: Permit No. 24480

E.L. Baillie
330 South 1080 East
Provo, Utah

Dear Mr. Baillie:

Our field engineer's report on his inspection of the application of water to beneficial use under the terms of Permit No. 24480 shows the spring is capable of conveying 2 miner's inches, or .04 c.f.s. of water for the irrigation of 2 acres.

Upon receipt of the statutory fee of \$ 2.00 -based at the rate of \$2.00 for each 40-acre subdivision - we will issue the License and Certificate of Water Right, confirming the right with priority of October 14, 1953 to the use of .04 second feet of surface water with the point of diversion in S.W. 1940' from U.S.L.M. No. 240 in Section 27 for irrigation of two acres in S.W. end of Parcel No. 1 of H.E.S. No. 628, Section 27, Township 18 North, Range 17 East, Boise Meridian (unsurveyed).

Dear Mr. Bailie:

Statutes requires a field inspection in connection with the proofs on Permit # 24480 before license and certificate of water right can be issued.

Such inspection and report on same is required for any and all permits being brought to license within this State.

An inspecting Engineer from this Department requests that you or someone familiar with the terms of the permit and representing you be prepared to accompany him on the inspection, on October 15, 1959

If he cannot get in touch with you by phone or otherwise he will drive to the well location or point of diversion given in the permit.

Re: Permit No. 24480
E. L. Bailie

Dear Roy:

Thanks for your letter regarding the Bailie Proof, from which I assume your health is still O. K. or you wouldn't be in the salt mine working as hard as you are. Hope you don't overdo the thing, but I don't blame you for keeping at work. I certainly hope Mrs. Thompson is feeling O. K., too.

The reason I have not sent anything back on that E. L. Bailie Permit, Roy, is due to the fact this man Bailie listed me as the person before whom Proof was to be taken without ever discussing it with me in advance. My first knowledge of the matter was when I saw it in the newspaper. Then, on the date the Proff was to be taken, Bailie showed up in my office without the witnesses, and for some reason we weren't able to locate the forms.

I called the woman in your office and she checked the records to advise that the deposition forms had been sent to me at Challis. It may have been that they were lost here in my office, although we have never found them to this date. While I had your office girl on the phone, she read me the list of questions as best she could and we attempted to fill out a deposition fo holder from the information she read to me over the phone. However, Mr. Bailie did not have his original application for the water permit with him, and it developed that his recollection of the point of diversion and some other matters were not accurate. For these reasons, and due to the fact I was a little disgusted with Mr. Bailie from the outset, I returned all the depositions to him and told him I felt certain he would have to republish the matter and that I would not be interested in taking the proof in my office when completed. I suggested

24480

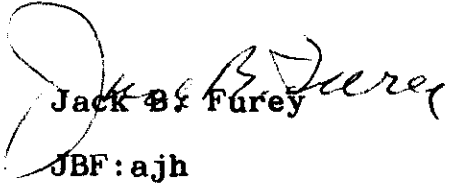

Roy W. Thompson----Page 2

he contact someone in Lemhi County, which is the county in which the summer homesite is located.

I hope this won't inconvenience you in any way as, no doubt, Mr. Bailie will undertake to publish for the final Proof at some later date when convenient to him.

With best personal regards.

Very truly yours,

Jack B. Furey

DEPARTMENT OF RECLAMATION

DEPOSITION OF HOLDER

PERMIT NUMBER 24408 24480

The undersigned, E. L. BAILIE, being first duly sworn, on his oath, does depose and say: That on the 27th day of October, 1958, at 10:00 o'clock A. M., I did appear in the office of Jack B. Purey, a Notary Public, for submission of proof of Application of Beneficiary use of .04 cubic feet per second of the waters of an unnamed spring in accordance with the terms and conditions of PERMIT NO. 24408⁸⁰; That on said date the Department of Reclamation Form for the taking of a deposition of a holder was not available, either having been lost or misplaced, whereupon I do make the following statements in connection with said deposition in order that said proof be furnished on the date ordered and without delay in establishment of the date of priority of September 4, 1953.

1. My name is E. L. Bailie, residing at 330 South, 1080 East, Provo, Utah, and my occupation being self-employed trucking business.

2. The undersigned is the owner of the real estate to which it is sought to establish priority of September 4, 1953, as an individual, and not as a corporation.

3. That said Permit is numbered 24408⁸⁰, whereby the date of September 4, 1953, is sought to be established as the priority for the use of the water in said Permit described.

2 The source of the supply of water described in said Permit is an unnamed spring, located approximately fifty (50) feet North of the Southwest Corner of Homestead Number 628, in Township 18 North, Range 17 East, B. M., County of Lemhi, unsurveyed, and being on public domain.

5. The diversion works consist of a four by four (4x4) head box located over and around said spring and 150 feet of 1½ inch plastic pipe from the head box to the lands of the undersigned. Said diversion works are capable of flowing at least

.04 cubic feet per second of the waters of said unnamed spring.

6. The diversion works primarily consist of a pipe line from the above-mentioned spring head box.

7. The purpose of the use of said waters is for irrigation primarily, and domestic use. It is to be used on the Southwest Corner of Homestead Number 628, consisting of 5.182 acres, and is in Township 18 North, Range 17 East, B. M., County of Lemhi, unsurveyed.

8. The type of improvements needed and now constructed are the head box and plastic pipe line, above described, and the minimum amount of water needed by affiant is .04 cubic feet per second of the waters of said spring.

9. The original owner of said property and permit application is E. L. Bailie.

10. Water has been used continuously for irrigation and domestic purposes in connection with the above-described real property by this affiant, continuously, commencing September 4, 1953 to the full extent of at least .04 cubic feet per second of the waters of said unnamed spring.

11. No other waters of any description have been used on the above-described lands for irrigation or domestic purposes other than the water in this deposition described.

E. L. Bailie

I hereby certify that the foregoing testimony was read to the above **subscribed**, before his signing; that I believe him to be the person he represents himself to be, and that said testimony was subscribed to before me at my office in Challis, Custer County, State of Idaho, on this 27th day of October, 1958.

DEPOSITION OF HOLDER

PERMIT NUMBER 24408

The undersigned, E. L. BAILIE, being first duly sworn, on his oath, does depose and say: That on the 27th day of October, 1958, at 10:00 o'clock A. M., I did appear in the office of Jack B. Purey, a Notary Public, for submission of proof of Application of Beneficiary use of .04 cubic feet per second of the waters of an unnamed spring in accordance with the terms and conditions of PERMIT NO. 24408; That on said date the Department of Reclamation Form for the taking of a deposition of a holder was not available, either having been lost or misplaced, whereupon I do make the following statements in connection with said deposition in order that said proof be furnished on the date ordered and without delay in establishment of the date of priority of September 4, 1953.

1. My name is E. L. Bailie, residing at 330 South, 1080 East, Provo, Utah, and my occupation being self-employed trucking business.

2. The undersigned is the owner of the real estate to which it is sought to establish priority of September 4, 1953, as an individual, and not as a corporation.

3. That said Permit is numbered 24408, whereby the date of September 4, 1953, is sought to be established as the priority for the use of the water in said Permit described.

4. The source of the supply of water described in said Permit is an unnamed spring, located approximately fifty (50) feet North of the Southwest Corner of Homestead Number 628, in Township 18 North, Range 17 East, B. M., County of Lemhi, unsurveyed, and being on public domain.

5. The diversion works consist of a four by four (4x4) head box located over and around said spring and 150 feet of 1½ inch plastic pipe from the head box to the lands of the undersigned. Said diversion works are capable of flowing at least

.04 cubic feet per second of the waters of said unnamed spring.

6. The diversion works primarily consist of a pipe line from the above-mentioned spring head box.

7. The purpose of the use of said waters is for irrigation primarily, and domestic use. It is to be used on the Southwest Corner of Homestead Number 626, consisting of 5.182 acres, and is in Township 18 North, Range 17 East, B. M., County of Lemhi, unsurveyed.

8. The type of improvements needed and now constructed are the head box and plastic pipe line, above described, and the minimum amount of water needed by affiant is .04 cubic feet per second of the waters of said spring.

9. The original owner of said property and permit application is E. L. Baillie.

10. Water has been used continuously for irrigation and domestic purposes in connection with the above-described real property by this affiant, continuously, commencing September 4, 1953 to the full extent of at least .04 cubic feet per second of the waters of said unnamed spring.

11. No other waters of any description have been used on the above-described lands for irrigation or domestic purposes other than the water in this deposition described.

E. L. Baillie

I hereby certify that the foregoing testimony was read to the above subscribed, before his signing; that I believe him to be the person he represents himself to be, and that said testimony was subscribed to before me at my office in Challis, Custer County, State of Idaho, on this 27th day of October, 1958.

PERMIT NO. 24408

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Worth Boggeman, 50 years, Challis, Idaho, ---Rancher.

Ques. 2. Are you acquainted with E. L. Baillie, the holder of Permit No. 24408 --Yes. ? How long have you known him and where does he reside? I have known him about five years, and he resides at

Ans. Provo, Utah.

Ques. 3. Have you read or heard read said Permit No. 24408, and are you familiar with its provisions and conditions?

Ans. Yes, it was read to me. I am familiar with its provisions etc.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. An unnamed Spring approx 50 feet North of the SW corner of Homestead No. 628, Twp 18 N., R. 17 E., B. M. (Lemhi County). The diversion works are made up of a four-by four headbox located over and around said spring and 150 feet of 1½ inch plastic pipe from the headbox to the lands of Mr. E. L. Baillie.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. .04 Cubic feet or more, as I have witnessed.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. This water from this spring is used mostly for irrigation and domestic use. It is being used to irrigate the Southwest corner of Homestead No 628 consisting of 5.182 Acres.

This land is natural meadow land.

24480

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. It is not being used for power or any other purpose. It
is being used only for irrigation and domestic use.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The soil is a loamy type and I estimate it would take one-half
inch ($\frac{1}{2}$) or more of water to the acre.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No, none whatever.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I witnessed the construction of the spring box and saw the
pipe line installed at the time it was constructed.

(Signed)

Worth Boggsman

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Challis,
County of Custer, State of Idaho, on this 24th day of November,
A. D. 1958.

My commission expires 4-4-61.

**NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 10:00 A. M. on the 27th day of October, 1958, at Challis, County of Custer, State of Idaho, before Jack Furey, Notary Public, proof will be submitted of the application to beneficial use of .04 cubic feet per second of the waters of Un-named spring in accordance with the terms and conditions of Permit No. 24480, heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are E. L. Bailie, Pocatello, Utah, 330 South, 1680 East.

The use to which said water has been applied is Domestic and irrigation.

The amount applied to beneficial use is .04 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated)

SW corner of Homestead No. 628, consisting of 5.182 acres and is in Township 18 North, Range 17 East, E. M., County of Lemhi Unsurveyed.

The right to take water from such works is based upon Permit No. 24480.

The source of supply from which such water is diverted is Un-named spring.

The date of priority which said used is prepared to establish is September 4, 1953.

Dear Mr. Furey:

This acknowledges the Notice of Proof of Application of Water to Beneficial Use under Permit No. 24480, in the name of E. L. Bailie. Final proof is to be made before you, as Notary, on the 27th day of October, at 10:00 A. M., at Challis, Idaho.

As of this date we have mailed the Notice to the Recorder-Herald, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof.

It is important that the enclosed depositions be executed by the permit holder and his two disinterested witnesses, who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions (Holder and two Witnesses) are being returned.

Date July 1, 1958

Mr. E. L. Baille
P. O. Box 1272
Boise, Idaho

Dear Sir:

Under the terms of your Permit No. 24480 you are required to make proofs of completion of works and application of water to beneficial use on or before September 17, 1958.

We enclose a blank affidavit Form 6 to be filled out, sworn to by you before a Notary Public, and returned to this office on or before the above date, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit, provided same satisfactorily shows the completion of works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

We enclose also blank notice for proof of application of water to beneficial use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. Before this proof can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the County in which the land is located. For this required information we have enclosed Form 10, in duplicate, which you are to complete and return. In filling out this form be sure to include the time of day, the date (allowing for four weeks publication), the name of the town (any place convenient for you and your two witnesses), the name and address of the Notary Public before whom you will appear to make the depositions of proof, the quantity of water filed on, for what purpose it is used, the point or points of diversion and the place of use or the lands which are irrigated (by legal land description).

In completing the Notice of Proof for Publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which have been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

Enclosed also is Form 11 which is the authorization for us to have the Notice of Proof published in the designated county newspaper at your expense. This is to be returned with Form 10.

At the time we send the Notice to the newspaper, we will also send to you the forms used for the depositions of holder and two disinterested witnesses, which are to be executed at the time, on the date set, at the place and before the Notary Public, as was advertised in the Notice of Publication.

24480

Very truly yours,
GEO. N. CARTER

Dept of Reclamation:

Dear Mr. Thompson:

I dropped in to see
you today and to thank you
for your letter of Sept 16.
notifying me of Andy Anderson
filing on same spring HES 628

Please advise him of previous
filing for a portion of same spring
we have funds for years.
but should be on your records of
him being notified by your Dept.

Thanking you again
yours. Sincerely
E L Bailie

RE: Permit No. 24495

Mr. Andy Anderson
Challis
Idaho

Dear Mr. Anderson:

We enclose Permit No. 24495 and direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

We also enclose departmental receipt No. 26224 for the \$5.00 filing fee.

For your information will say that Mr. H. L. Baillie of Boise, Idaho, has also filed on this same spring and Permit No. 24480 has been issued to him for 2 inches of water with priority of September 4, 1953.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

**NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 10:00 A. M. on the 27th day of October, 1958, at Challis, County of Custer, State of Idaho, before Jack Furey, Notary Public proof will be submitted of the application to beneficial use of .04 cubic feet per second of the waters of Un-named spring in accordance with the terms and conditions of Permit No. 24480 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are **E. L. Baillie**, Provo, Utah, 330 South, 1080 East.

The use to which said water has been applied is Domestic and irrigation.

The amount applied to beneficial use is .04 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated)

SW corner of Homestead No. 628, consisting of 5.182 acres and is in Township 18 North, Range 17 East, S. M., County of Lemhi Unsurveyed.

The right to take water from such works is based upon Permit No. 24480.

The source of supply from which such water is diverted is Un-named spring.

The date of priority which said used is prepared to establish is September 4, 1953.

GEORGE N. CARTER
