**RE: APPLICATION TO LEASE WATER RIGHT NO. 77-02095 TO THE WATER
SUPPLY BANK**

Dear Mr. Neal:

The department has reviewed the Application to Sell or Lease a Water Right to the Water Supply Bank ("bank") that you submitted to this office in the name of Rose M. Neal Estate. Please consider that the offered water right is accepted into the bank.

Several items to keep in mind in connection with lease of a water right to the bank is as follows:

1. There is no rental payment to the owner of the water right if the right or a part thereof is not rented from the bank.
2. While a right is in the bank, the owner of the right may not use the right even if the right is not rented.
3. A right accepted into the bank stays in the bank until the Board releases it or until the lease term expires.
4. While a water right is in the bank, forfeiture provisions are stayed.
5. Acceptance of a right into the bank does not, in itself, confirm the validity of the right or any elements of the water right.

If you have questions, please feel free to contact me.

Sincerely,

L. GLEN SAXTON, P.E.
Chief, Water Allocation Bureau

Dear Mr. Neal:

Returned herewith is your depositions of beneficial use of water from Lick Creek.

You neglected to complete Question 6. You should show each legal subdivision with the number of acres that have actually been irrigated.

The deposition of W. A. Miller was not signed by the Notary Public.

You used a different Notary Public so we must have an affidavit from the named Notary Public that his office was open August 7th and no protests were received in regard to the proof of beneficial use of water under Permit No. 20185.

Don't forget we need the affidavit of publication from the paper. We do not have it in our file.

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. Scott Neal

Boise, Idaho

August 1, 1952

Big Creek, Idaho

Dear Sir:-

Under the terms of your Permit No. 20185..... you are required to complete your diversion works on or before October 4, 1952..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intened use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP
