INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make a plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.

Affidavit of Publication

STATE OF IDAHO, }
County of Idaho, } ss.

I, E. M. Olmsted

being first duly sworn, says he is the Publisher of the IDAHO COUNTY FREE PRESS, a weekly newspaper, published and issued weekly at Grangeville, Idaho County, State of Idaho, and is of general circulation in said county and state, that the said notice, of which the one hereto attached is a true copy, was published in said paper for four weeks, being published four times, the first publication being on the 28th day of August, 1941, and the last publication on the 18th day of September, 1941; and that the said notice was published in the newspaper proper and not in a supplement; that said newspaper has been continuously and uninterruptedly published in said county during a period of seventy-eight consecutive weeks prior to the first publication of said notice or advertisement.

E. M. Olmsted

Subscribed and sworn to before me this 19th day of September, 1941.

J. B. Ramsey, Notary Public,
for State of Idaho, residing at Grangeville, Idaho

NOTICE FOR PUBLICATION NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 12 noon on the 21st day of October, 1941, at Grangeville, County of Idaho, State of Idaho, before Wilbur L. Campbell, Notary Public, proof will be submitted of the application to beneficial use of 3 cubic feet per second of the waters of Jersey Creek in accordance with the terms and conditions of Permit No. 19064 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Gordon Prentice, 300 Westlake No., Seattle, Washington.

The use to which said water has been applied is irrigation, domestic and milling.

The amount applied to beneficial use is 3 c.f.s.

The place where said water is used Painter Homestead—H. E. S. 634, Idaho County, State of Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is None.

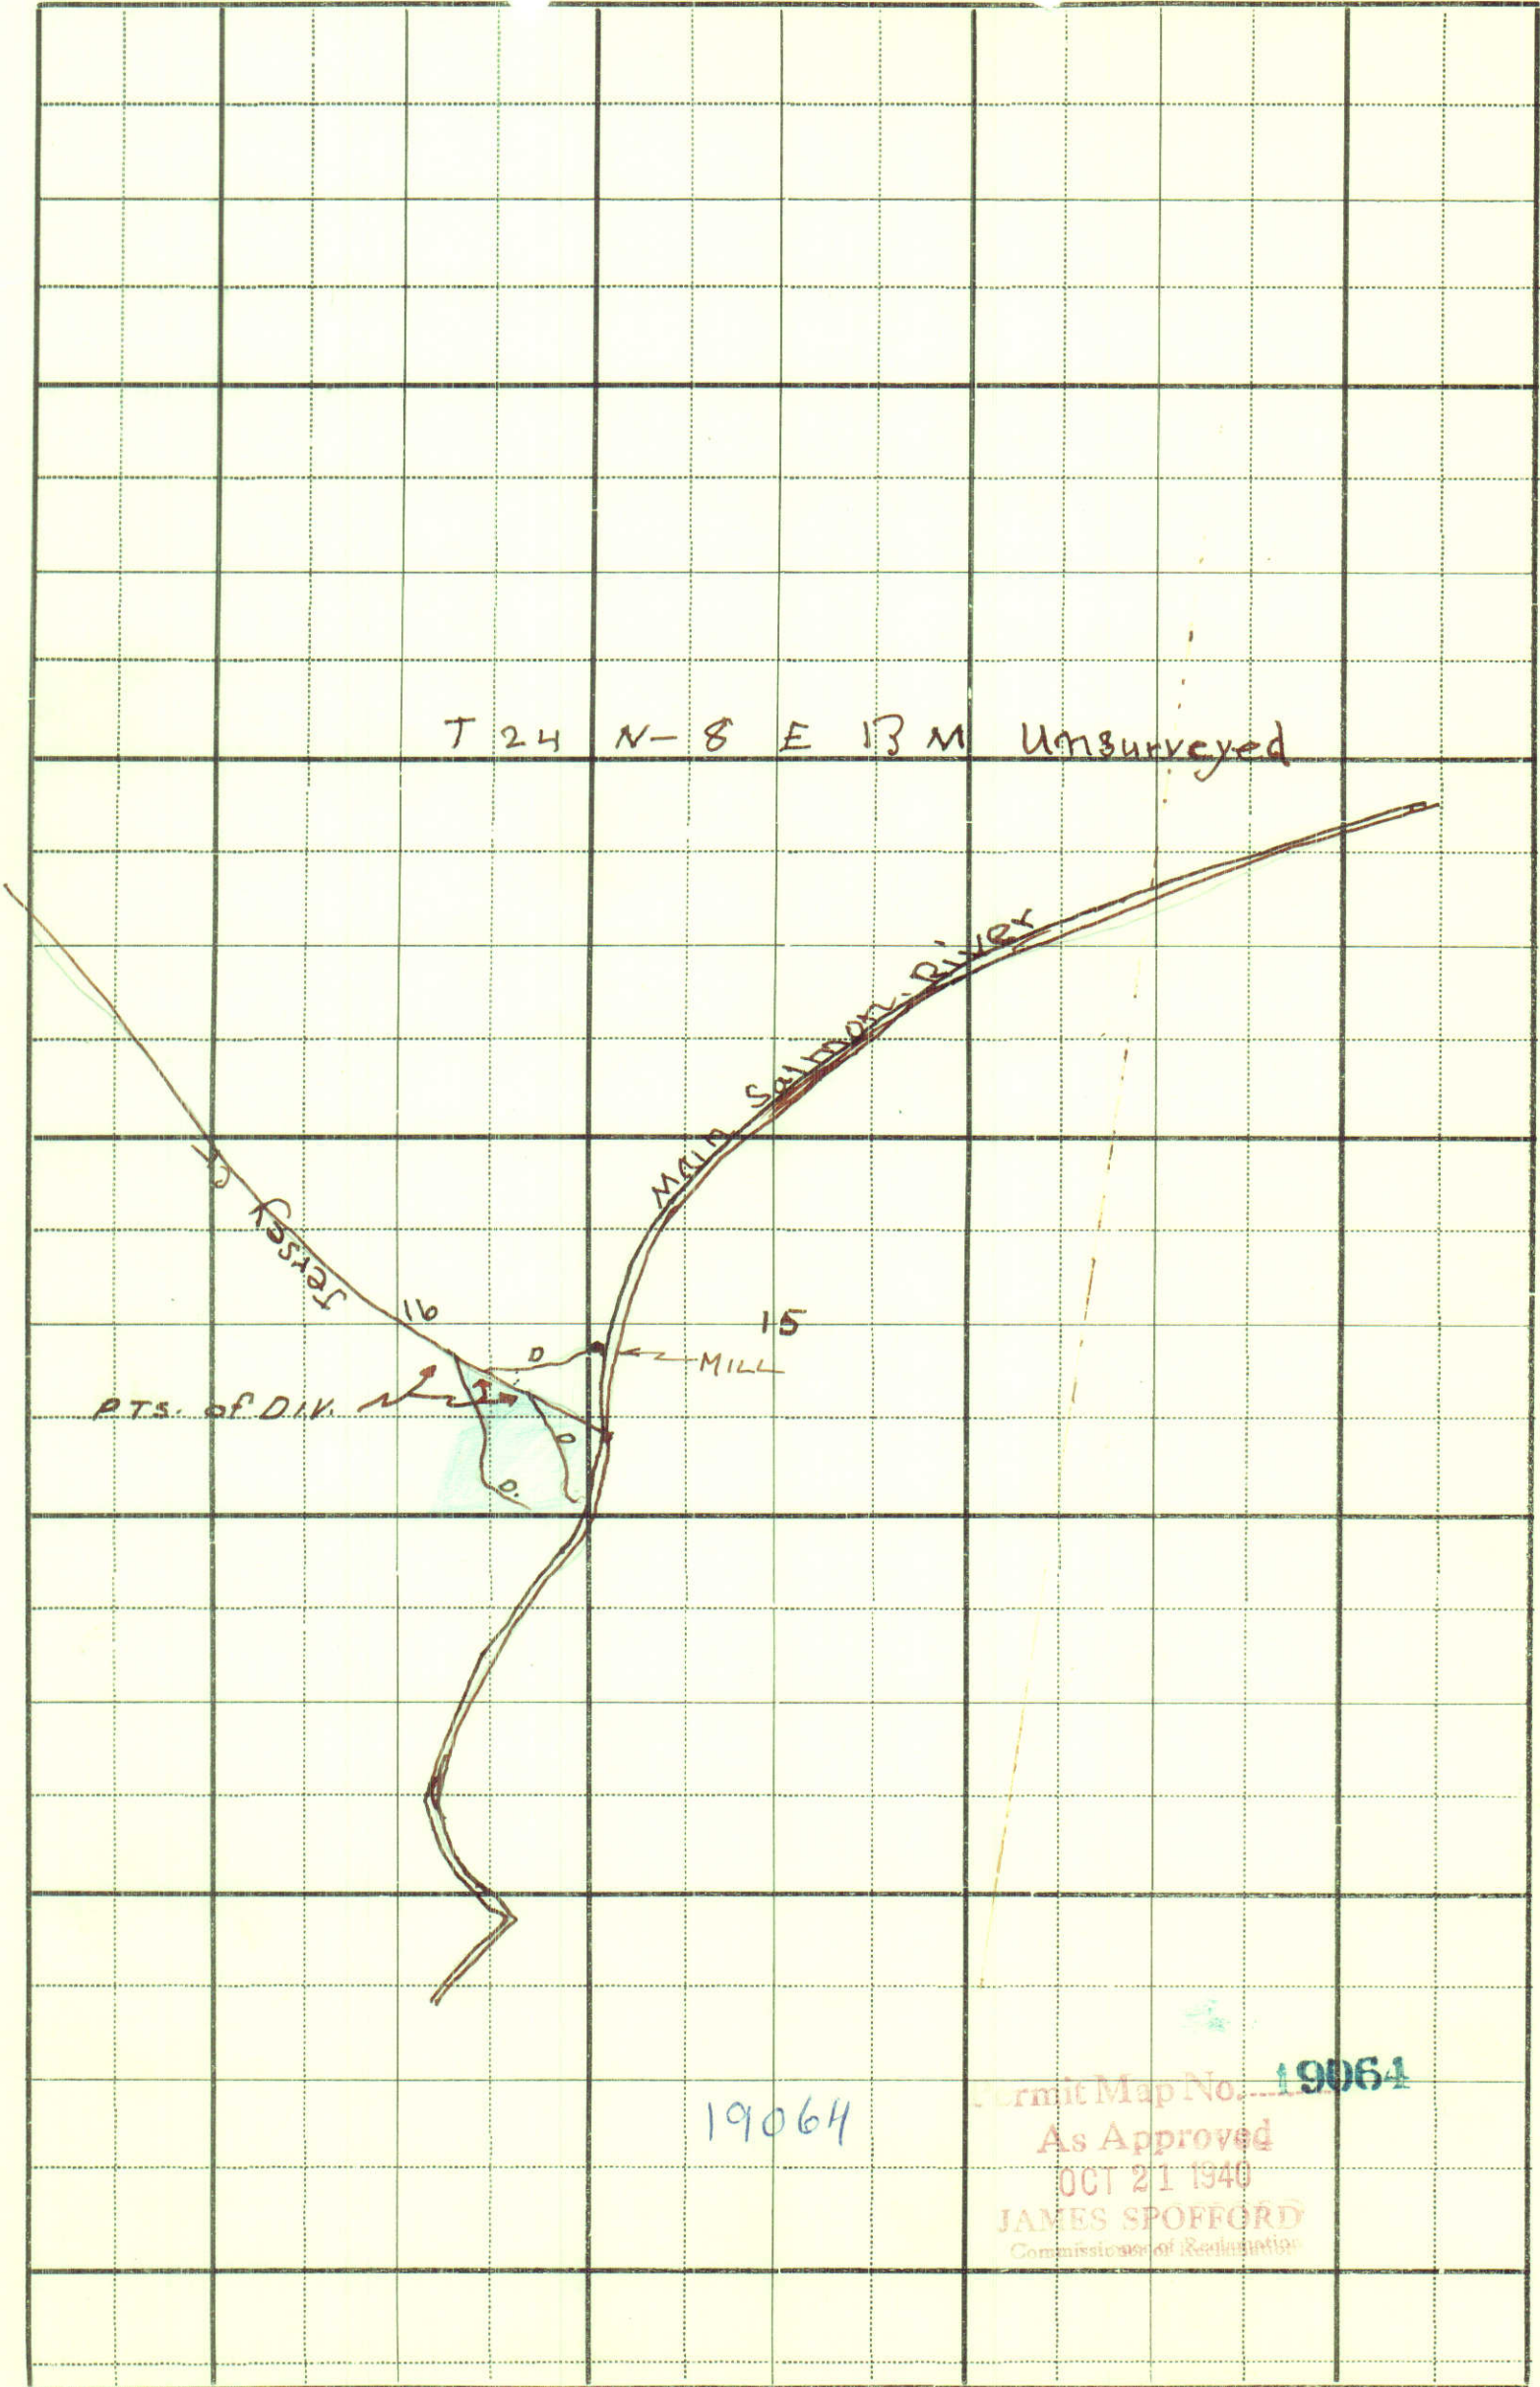

The right to take water from such works is based upon Permit No. 19064.

The source of supply from which such water is diverted is Jersey Creek.

The date of priority which said user is prepared to establish is August 14, 1939.

E. V. BERG,
a28-s18 Commissioner of Reclamation.

19064

State of Idaho

License and Certificate of Water Right

Water License No. 19064

Amount One second foot

Water District No.

Priority October 10, 1940

THIS IS TO CERTIFY that GORDON PRENTICE
 of Seattle, Washington, made application for a permit to appropriate the
 public waters of the State of Idaho, dated October 10, 1940; that Permit No. 19064
 was issued under said application; that Certificate of Completion of works, with a carrying capacity of
 3 second feet, was issued thereunder on August 23, 1941, showing that said works
 were completed on the 12th day of August, 1941; and that on the 21st
 day of October, 1941,

GORDON PRENTICE

of Seattle, State of Washington, made proof to the satisfaction of the
 Commissioner of Reclamation of Idaho, of the right to use the waters of Jersey Creek
 , a tributary of Salmon River, for the purpose of irrigation, domestic
 and milling, under Use Permit No. 19064 of the Commissioner of Reclamation
 and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is
 hereby confirmed by the Commissioner of Reclamation of Idaho and entered of record in Volume 7
 of Licenses, at page 4215, on the 1st day of April, 1944;

The right hereby confirmed dates from October 10, 1940;
 are

The Point of Diversion is located in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ and NW $\frac{1}{4}$ SE $\frac{1}{4}$
 in the $\frac{1}{4}$ Sec. 16, Twp. 24 N., R. 8 E., B.M. Idaho County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid,
 is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed One (1)
 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
24 N.	8 E.	16	NE $\frac{1}{4}$ SE $\frac{1}{4}$	10	-
			NW $\frac{1}{4}$ SE $\frac{1}{4}$	10	-
(Unsurveyed)			SW $\frac{1}{4}$ SE $\frac{1}{4}$	10)	
			SE $\frac{1}{4}$ SE $\frac{1}{4}$	30)	10
			Total Number of Acres Actually Irrigated - 10		
			Point of use for milling is located in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 15, Twp. 24 N., Range 8 E., B.M.		

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use
 herein described, as provided by the laws of Idaho.

APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

77-2076

Application No. 26507
Permit No. 19064
District No.

Gordon Prentice
C/o Sunshine Elec. Co.
Seattle, Washington

1. Name of Applicant: GORDON PRENTICE
Postoffice address: Seattle County: King State: Washington
 I. If applicant is a corporation, give:
 (a) Date and place of incorporation:
 (b) Amount of capital stock:
 (c) Amount paid in:
 (d) Names and addresses of directors:
 II. The financial resources of the applicant are:
 (a) Cash on hand:
 (b) Treasury stock:
 (c) Bonds to be issued:
 (d) Other resources:
2. Quantity of water claimed: Three (3) cubic feet per second.
3. Source of water supply: Jersey Creek which is a tributary of Salmon River
4. Location of point of diversion: feet distant from the
 corner of Section , T. , R. , B. M., and is the
 of Section , T. , R. , B. M., County of Idaho
5. Water is to be used for: Irrigation, domestic and milling
6. If for mining, milling, power or manufacturing purposes, give:
 (a) Point of use of water: feet distant from corner of Section
 T. , R. , B. M., in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 15 , T. 24 N. , R. 8 E. , B. M.
 H. P., under feet head.
 (b) Amount of power generated: feet
 (c) Water is to be returned to Salmon River at a point
 distant from the corner of Section , T. , R. , B. M., in the
 of Section 15 , T. 24 N. , R. 8 E. , B. M.
 NW $\frac{1}{4}$ SW $\frac{1}{4}$
7. Estimated cost of works: \$ 500.00
8. Kind of works: Diversion dams and ditches
9. Height of dam 2 feet; length of dam at top 5 feet; length of dam at bottom 10
 feet; material used in dam: Earth and rock
10. Size of headgate: Width feet; height feet.
11. Ditch: Width at bottom 2 feet; width at water line 3 feet; depth of water 1/2
 feet; dimensions of flume:
 Diameter of pipe inches; length of conduit 1 1/2 miles.
 Average grade per mile 10 feet.
12. The time required for the completion of such work is One years.
13. The time required for the complete application of the water to the proposed use is No additional years.
14. The land to be irrigated is described in the following tabulation: See remarks.

15. (a) Is reservoir to be used? If so, fill in (b) and (c) below.
(b) Name of Reservoir and number of Storage Permit:
(c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

GORDON PRENTICE Applicant.

By J. J. Oberbillig Agent.

Date of first receipt at Department of Reclamation: 2:15 P.M. October 10, 1940

Returned to applicant for correction:

Corrected application received:

APPROVAL OF COMMISSIONER OF RECLAMATION

The number of this permit is 19064
Recorded in Book 69 Page 19064 Approved October 21, 1940
This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:
Bond in the sum of \$ to be filed on or before
Work to begin on or before December 19, 1940 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.
One-fifth of the work above specified to be completed on or before April 21, 1941
The whole of said work to be completed on or before October 21, 1941
Beneficial use of water appropriated in accordance herewith, to be made on or before October 21, 1941

Witness my hand this 21st day of October, 1940

JAMES SPOFFORD
Commissioner of Reclamation.

Mr. Charles Herndon
Attorney at Law
Solomon, Idaho

Dear Mr. Herndon:

The enclosed letter addressed to Mr. Charles Ernst at Leesburg, Idaho, has been returned, marked "no such office in state named."

We cannot quite understand this as that was the address given by Mr. Ernst in connection with his water filing. However, we do note that most of the correspondence in regard to it has been with you and for that reason, we are sending you the letter and shall appreciate your taking the matter up with Mr. Ernst.

This is important if he is to complete the water right.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 19064

Mr. Gordon Prentice
No. 300 Westlake North
Seattle, Washington

Dear Mr. Prentice:

Reference is made to your letter of March 16, 1944, in regard to beneficial use or license fee on the above numbered permit.

There are three different fees required in the regular order of filing an application for a permit, and making the two proofs requisite to completing the water right.

The first, is the filing fee, as per your Receipt No. 17605; second, the fee for completion of works proof, as per your Receipt No. 17933; and finally the fee for beneficial use proof, amounting in your case to \$5.00.

This is in accordance with Sections 41-202 and 41-215, Idaho Code Annotated.

Very truly yours,

Re: Permit No. 19064

Dear Sir:

Referring to your letter of March 14 with reference to the above numbered permit, in this letter you state we should forward you \$5.00 for the statutory fee for a license.

On October 15, 1940, on your receipt number 17605, we paid \$5.50 for the application for a permit, this application number being 26507. On August 15, 1941 we paid \$5.00, your receipt number 17933.

With these two receipts is it necessary that we pay another \$5.00 or has the \$5.00 that we paid on August 15, 1941 been overlooked?

If there are to be three payments, please advise and we will immediately forward the additional \$5.00.

Yours very truly,

Gordon Prentice

Permit No. 19064

This proof is for Beneficial Use In Water District No. _____

1. Name of applicant Gordon Prentice, 300 Westlake North, Seattle, Washington
2. Source of water supply: Jersey Creek
3. Location of point of diversion: Is in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ and NE $\frac{1}{4}$ SE $\frac{1}{4}$ (For irrigation of Section 16 NW $\frac{1}{4}$ SE $\frac{1}{4}$ (Milling))
T. 24 N. R. 8 E. County of Idaho
4. Describe works as they exist, giving dimensions and capacities of same: A small rock dam diverts for mill and domestic use through a structure 18" X 18" X 2ft. long; thence by flume 16" X 8" X 700ft. long to ditch and wood stave tank 10ft high X 10ft. diameter, and thence by 400 feet of 2" pipe to mill. Also, a 2" pipe line 400ft. long leads to camp buildings. Diversion #2 is similar and the irrigating ditch is 1 $\frac{1}{2}$ ft. wide X 1ft. deep
5. Water is used for: Irrigation, domestic and milling
6. State whether or not water has been turned into works of diversion: Yes
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): SE $\frac{1}{4}$ Section 16, Twp. 24 North, Range 8 E. B. M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Salmon River

INSTRUCTIONS TO EXAMINERS

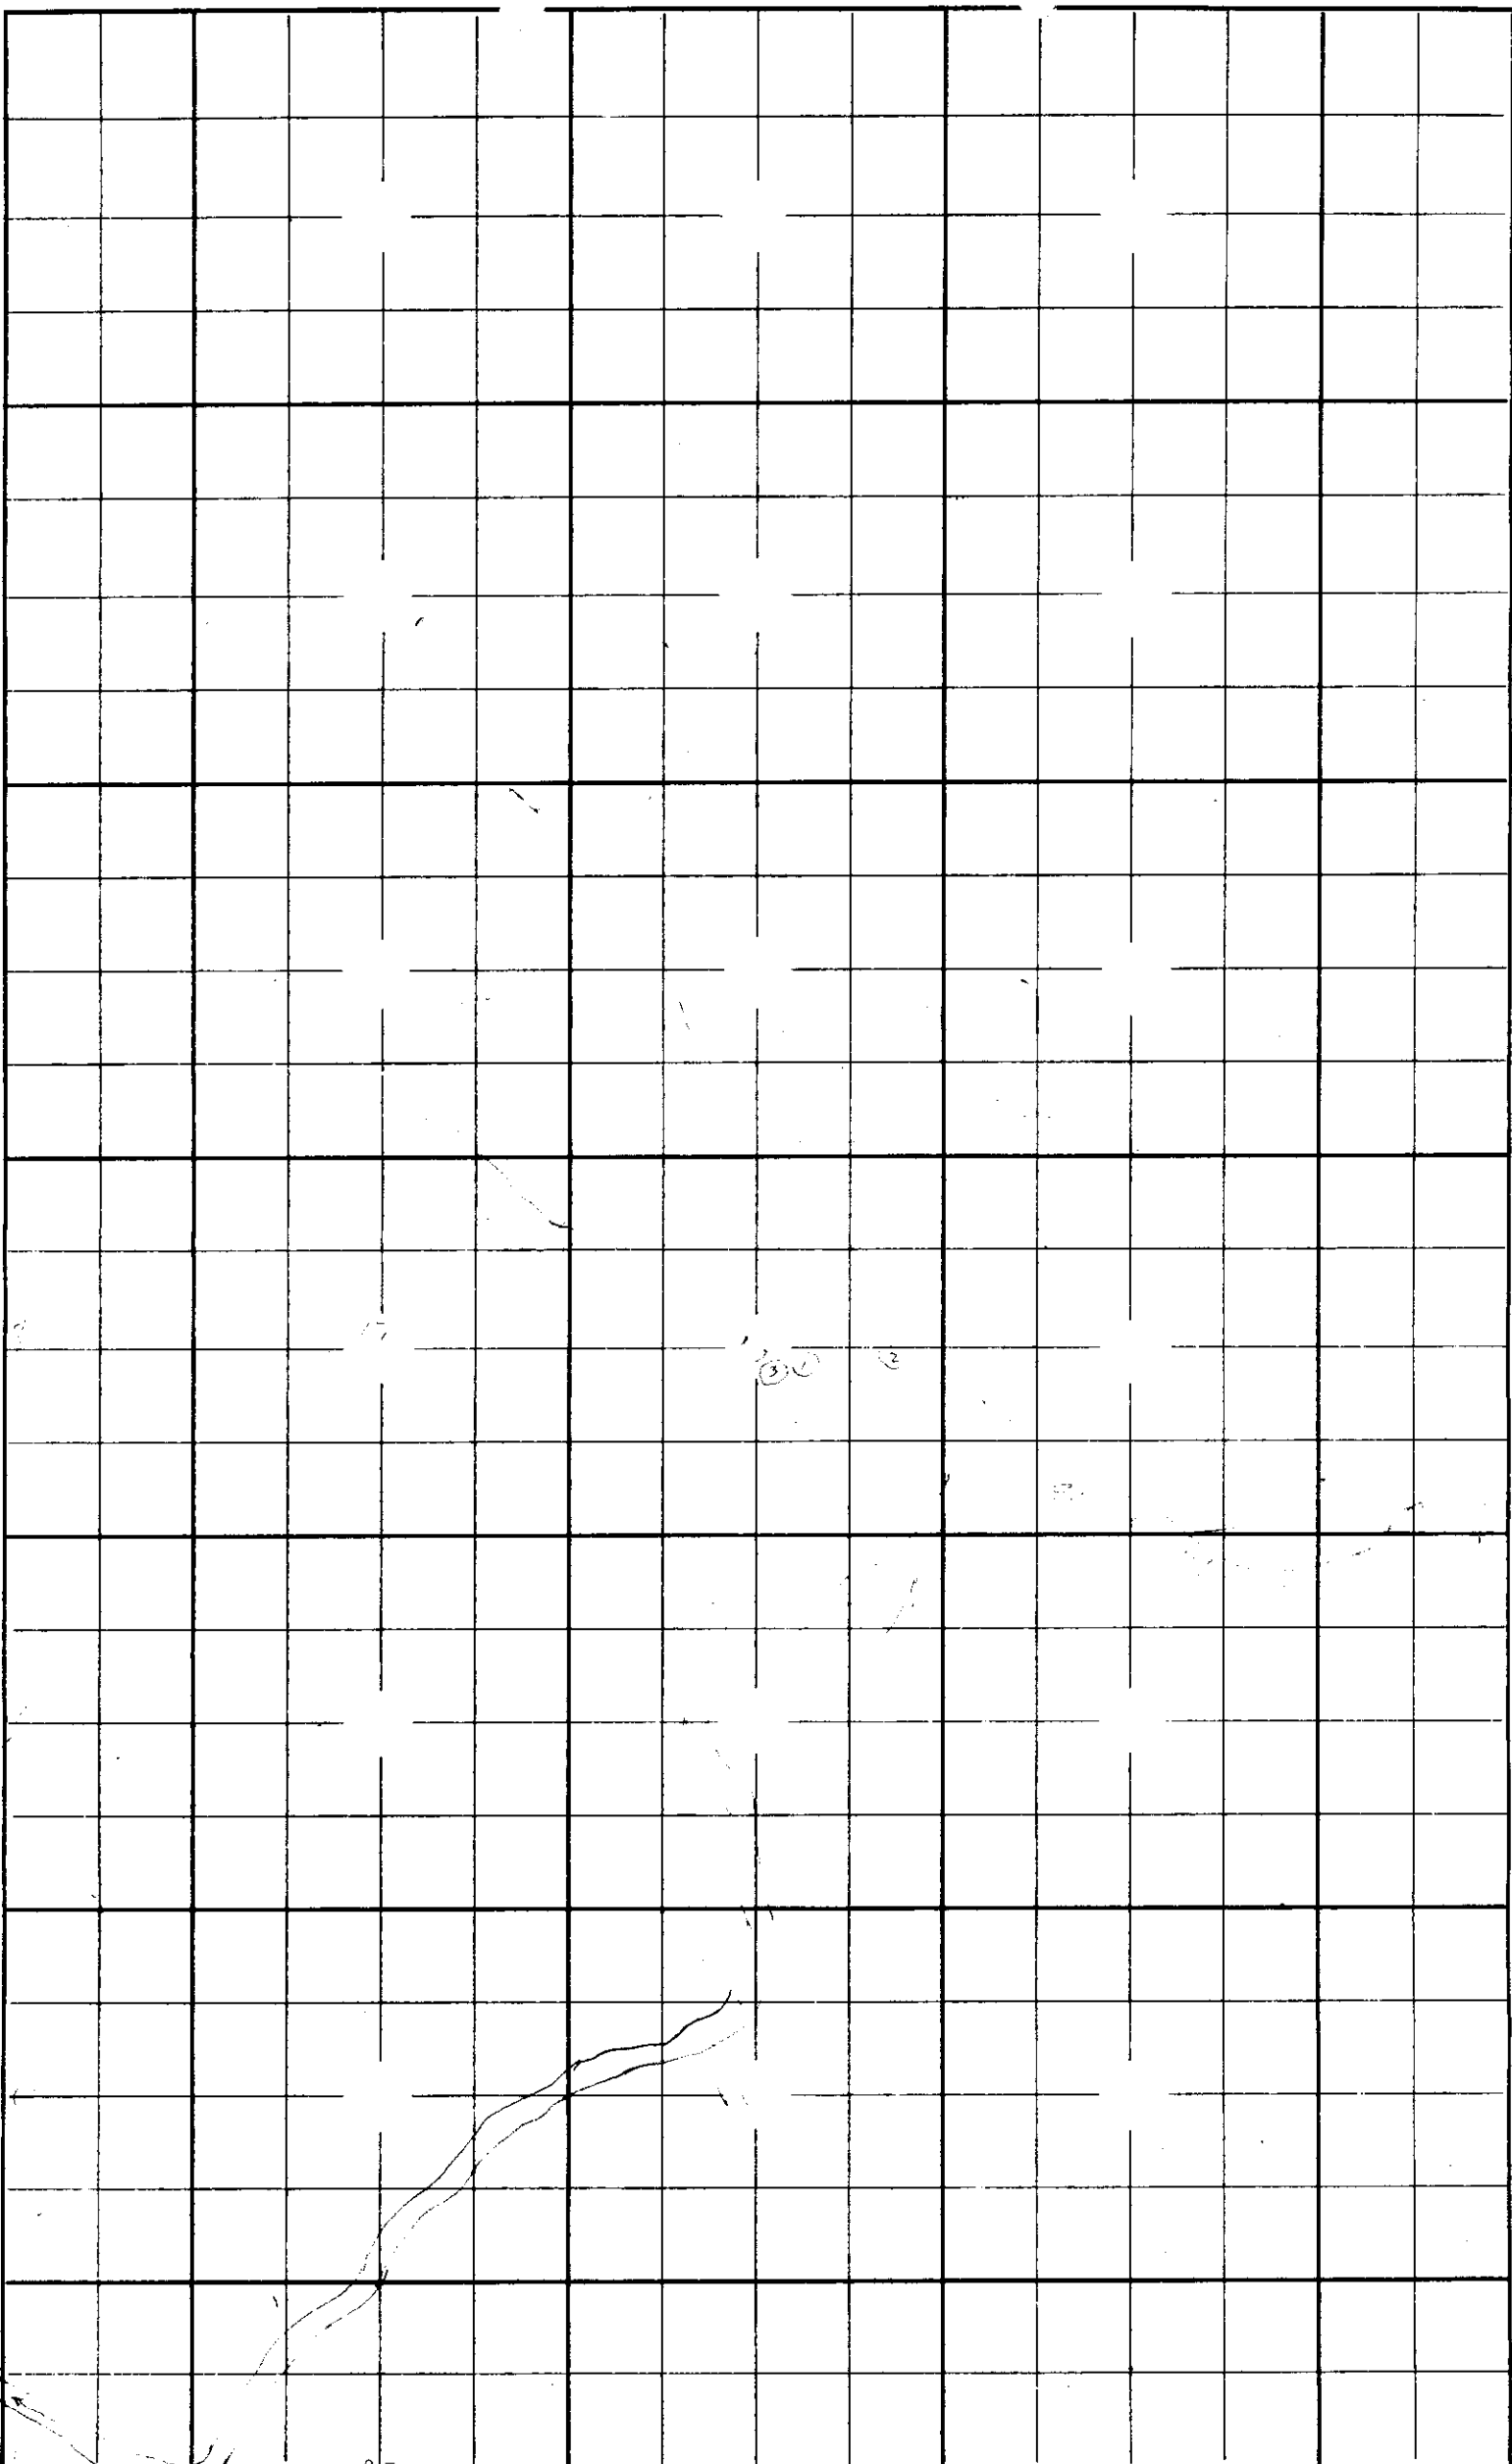

1. Always carefully note the location of the point of diversion and accurately plat same.
 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 4. If any unusual conditions are discovered, make a plain statement of them under remarks.
 5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.

Re: 19064

State of Idaho
Department of Reclamation
Boise, Idaho

Attention: Maude Lile, Chief Clerk

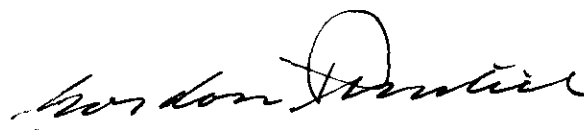

Gentlemen:

Replying to your letter of December 15, in which you acknowledge receipt of the deposition of two witnesses and the affidavit of proof of publication from the Idaho County Free Press, in connection with beneficial use proof under Permit No. 19064.

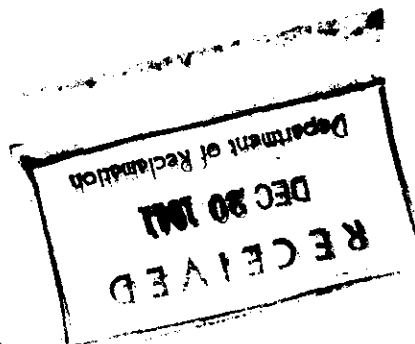

The property is located in a very inaccessible place, and it would be impractical for an inspector to attempt to visit this property before June, at which time the roads should be open.

For the information of the inspector, there are two watchmen on the place who are familiar with all the improvements.

Yours very truly,

Gordon Prentice

GP
gmb

Dec. 15, 1941

Re: 19064

Mr. Gordon Prentice
300 Westlake N
Seattle, Wash.

Dear Mr. Prentice:

This will acknowledge receipt of the deposition of the holder, depositions of two witnesses, and the affidavit of proof of publication from the Idaho County Free Press, all in connection with beneficial use proof under the above numbered permit.

Before final action can be taken in this matter, the law requires that a field examination be made by an engineer from this department. We are unable to say just when this examination will be made, since this department has but one field engineer, who makes examinations all over the State.

However, Mr. Tolman, field engineer for the Department, will try and contact you at the time set for examination, so that you may arrange to show him over the grounds.

When the engineer's report is filed, you will be notified of the amount due for Beneficial Use proof and upon receipt of your check, a license will be issued.

Very truly yours,
E. V. BERG.
Commissioner of Reclamation

BY: Chief Clerk.

19064

WILBUR L. CAMPBELL
ATTORNEY AT LAW
GRANGEVILLE, IDAHO

Dec. 9, 1941

Mr. E. V. Berg,
Commissioner of Reclamation,
Boise, Idaho.

Re: Permit No. 19064
Gordon Prentice

Dear Mr. Berg:

Herewith please find enclosed the following:
Affidavit of Publication of Notice of Proof of Application
of Water to Beneficial Use; deposition of Permit Holder
Gordon Prentice; deposition of Witness, Walter Hovey Hill;
deposition of Witness, J. S. Devenny.

These depositions were noticed for taking
on October 21st, and this was at the time when the District
Court was in session, and I went into court the next day
and commenced the trial of cases which I had pending, and
later left town. The depositions were further held to
check descriptions and to gather information in connection
with the proof submitted. This by reason of the fact that
the section where the property is located, is in unsurveyed
territory.

Attention is directed to the fact that in the
certificate of completion of works, that it is stated that
the lands proposed to be irrigated by use of said water
are described as follows:

" SE $\frac{1}{4}$ Section 16, Township 24 N. R. 8 E.B.M."

In the opinion of the engineer and witness
whose deposition was taken, the water used for irrigation
is probably located in both sections 15 and 16 of said Town-
ship 24, and it is so stated in the deposition, after a care-
ful check by Mr. Walter Hovey Hill, who surveyed out the
whole territory wherein the irrigation works are located.
I assume therefore, that the certificate of completion of
works possibly should be amended to show that the lands pro-
posed to be irrigated are located in what would probably be
a part of Sections 15 and 16 of Township 24 N.R. 8 E.B.M.

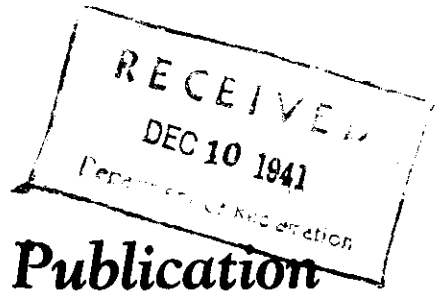

I trust that you will find these depositions in
good form and that the delay in transmitting the same will not
in any manner effect the rights of Mr. Prentice. The water has
been appropriated and used over a long period of years for the
purpose of irrigation.

19064

WLC-JV

Sincerely yours,

Wilbur L. Campbell
WILBUR L. CAMPBELL

Affidavit of Publication

STATE OF IDAHO, }
County of Idaho, } ss.

I, E. M. Olmsted

being first duly sworn, says he is the Publisher of the IDAHO COUNTY FREE PRESS, a weekly newspaper, published and issued weekly at Grangeville, Idaho County, State of Idaho, and is of general circulation in said county and state, that the said notice, of which the one hereto attached is a true copy, was published in said paper for four weeks, being published four times, the first publication being on the 28th day of August, 1941, and the last publication on the 18th day of September, 1941; and that the said notice was published in the newspaper proper and not in a supplement; that said newspaper has been continuously and uninterruptedly published in said county during a period of seventy-eight consecutive weeks prior to the first publication of said notice or advertisement.

E. M. Olmsted

Subscribed and sworn to before me this 19th day of September, 1941.

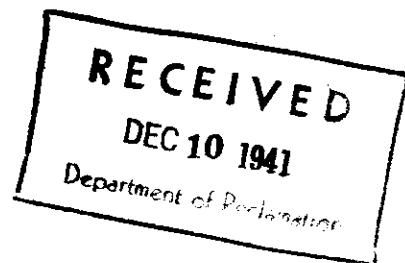

J. B. Ramsey, Notary Public,
for State of Idaho, residing at Grangeville, Idaho

Point of Diversion No. 1, diverting 1.2 cu. ft. per second for irrigation purposes from Jersey Creek, is in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 16, Twp. 24, N. R. 8 E. B. M., in Idaho County, Idaho, unsurveyed, the point of diversion being about 1200 feet in a northwesterly direction from the mouth of Jersey Creek.

Point of Diversion No. 2, diverting 1.3 cu. ft. per second for gold milling purposes from Jersey Creek, is in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 16, Twp. 24 N. R. 8 E. B. M., in Idaho County, Idaho, unsurveyed, the point of diversion being about 1400 feet in a northwesterly direction from the mouth of Jersey Creek.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 19064

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Gordon Prentice, 300 Westlake North, Seattle, Washington.
Occupation, merchant and mining.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Acting on my own behalf as sole owner.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 19064; date of permit Aug. 23, 1941; date of priority Aug. 14, 1939. (Set 10-1940)

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source of water supply is Jersey Creek, and the point of diversion:

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Point of Diversion No. 1: Diversion dam 10 ft. long and 2 ft. high, Diverting 1.2 cu. ft. of water in a six inch pipeline, 1000 feet in a south easterly direction to point of use. Point of Diversion No. 2, a dam of same dimensions as above point of diversion No. 1; 1.8 cu. ft. per second conveyed in a ditch and flume; ditch about 18 inches wide at top; 12 inches deep and about 12 inches wide on bottom; conveyed in an easterly direction 1500 ft. to Surprise No. 2 Quartz Claim, Mineral Survey No. 3366.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. From point of diversion No. 1, 1.2 cu. ft. per second for domestic use and irrigation on H. E. S. No. 684, in Sec. 15, Twp. 24 N. R. 8 E. B. M., Idaho County, Idaho; approximately 5 acres of garden and orchard. Land cultivated for years; improvements house and outbuildings, complying with requirements of Homestead laws of ~~Idaho~~ U. S. Patent issued.

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. From point of Diversion No. 2, 1.8 cu. ft. per second used for milling, batteries and tables at mill located about 1500 feet from point of diversion. None used for power purposes.

19064

Handwritten signature/initials

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. Water used in practically total amount of flow of stream for irrigation purposes and milling purposes.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water has been used continuously for irrigation before and after the application herein; and also for milling purposes during 1940 and 1941 when mill was operating.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None other than the foregoing.

(Sign)

Gordon Dentice

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Grangeville, County of Idaho, State of Idaho, on this 21st day of October, A. D. 19 41.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 19064

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. J. S. Devenny, age 48, miner, of Dixie, Idaho

Ques. 2. Are you acquainted with Gordon Prentice, the holder of Permit No. 19064? How long have you known him and where does he reside?

Ans. I am personally acquainted with him. Have known him for more than three years. He resides in Seattle, Washington.

Ques. 3. Have you read or heard read said Permit No. 19064, and are you familiar with its provisions and conditions?

Ans. I have read the permit and am familiar with its provisions.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use. 1

Ans. From point of diversion, below set forth, water conveyed in a six inch pipe line; from point of diversion No. 2, below set forth water conveyed by ditch and flume; diversion dams at each points 10 ft. long by 2 ft. high. ditch and flume 18 inches wide at top, 12 inches at bottom; 12 inches deep.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. The full amount of 5 cu. second feet, or more if available

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. For irrigation, about 5 acres on E.E.S. 684, patented, and domestic use in the dwelling on said property, approximately 1.2 cu. ft. For use in gold milling and ore reduction methods, at mill located at or near the above, about 1.8 cu. feet. All located in Sec. 15, Twp. 24, N. R. 8 E. B. M., in Idaho County, State of Idaho, unsurveyed.

19064

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. None is used for power; all for irrigation and for milling purposes as above stated.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is on a bar on Salmon River, having been set out to orchards years ago, and the balance being used for garden.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None except as employee of Gordon Prentice..

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have observed the use of the water to the extent and for the purposes above stated since 1939 and prior thereto. All available water has been used.

(Signed) *J. B. Nease*

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Grangeville, County of Idaho, State of Idaho, on this day of October 21, A.D. 1941.

PERMIT NO. 19064

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Walter Hovey Hill, Licensed Civil and Mining Engineer, age 73
residence and post-office address, Grangeville, Idaho

Ques. 2. Are you acquainted with Gordon Prentice, the holder of Permit No. 19064? How long have you known him and where does he reside?

Ans. I have known him for about three years. He resides and makes
his home in the City of Seattle, State of Washington.

Ques. 3. Have you read or heard read said Permit No. 19064, and are you familiar with its provisions and conditions?

Ans. I have read it and am fully informed as to every condition and
provision therein contained.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. From point of diversion No. 1 below set forth, water conveyed by
a six inch pipe line; from point of diversion No. 2, set forth below,
water conveyed by ditch and flume, dimensions, 18 inches wide at top;
12 inches wide at bottom; 12 inches deep. Other facts as follows:

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. The full amount of 3 cu. ft. per second, or more if available.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. For irrigation, on about 5 acres on H.E.S 684, patented, located
in Sec. 15, Twp. 24 N. R. 8 E. B. M., in Idaho County, State of Idaho,
unsurveyed, the amount used being approximately 1.2 cu. ft. per second,
when available, and during the irrigation season. 1.8 cu. ft. per second
used for milling purposes, concentrating tables, and batteries, in mill
located near the house on HES 684 above referred to.

19064

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. The water solely used for irrigation, domestic use and for
gold milling and concentration, and none used for power purposes.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is on a bench or bar near the banks of the Salmon River
All available water required during irrigation season, to limit of
appropriation.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None whatever.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have surveyed out the mining claims and other properties and
the ditches and other works, and have seen the water applied to the
use for which it was appropriated and intended.

PROOF OF BENEFICIAL USE OF WATER

Boise, Idaho,
October 9, 1941

Re: 19064

~~Mr.~~ Gordon Prantice

Mr. Wilbur L. Campbell
Grangeville, Idaho

Dear Sir:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 19064

Deposition of Permit Holder,
Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On Oct. 21, 1941, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Grangeville, Idaho before Wilbur L. Campbell, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

E. V. BERG
Commissioner of Reclamation.

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) August 12, 1941

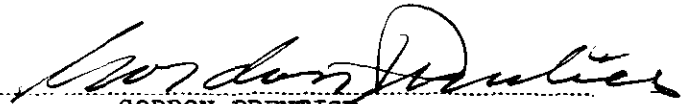

(P. O.) Seattle, Washington

TO THE COMMISSIONER OF RECLAMATION:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Idaho County Free Press of Grangeville, published in
the county in which the works are situated.

GORDON PRENTICE

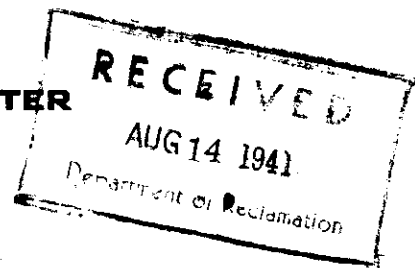

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water
per second, the following certificate must be signed by a well-known and competent engineer)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

19064

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 12 noon A. M. on the 21 day of October, 1941,
 at Grangeville County of Idaho, State of Idaho, before
Walter L. Campbell, Notary Public, proof will be submitted of the
 application to beneficial use of 3 cubic feet per second of the waters of Jersey Creek
 in accordance with the terms and conditions of Permit No. 19064
 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are
Gordon Prentice, 300 Westlake No., Seattle, Washington

The use to which said water has been applied is irrigation, domestic and milling

The amount applied to beneficial use is 3 c.f.s.

The place where said water is used (~~if for irrigation, give full and accurate description of the~~
~~lands irrigated~~)

Painter Homestead - H.E.S. 684, Idaho County, State of Idaho

The name of the canal or ditch or other works by which said water is conducted to such place
 of use is None

The right to take water from such works is based upon Permit No. 19064

The source of supply from which such water is diverted is Jersey Creek

The date of priority which said user is prepared to establish is August 14, 1939

19064

E. V. Reed
 Commissioner of Reclamation.

Department of Reclamation

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO

County of IDAHO

} ss.

GORDON PRENTICE

, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 19064, and that his postoffice address is 300 Westlake No., Seattle State of Washington

Second: That the name of the stream from which said water is to be directed is

JERSEY CREEK

Third: That the point of diversion of said water is 20 feet west of Corner No. 3 -

H.E.S. No. 684, Painter Homestead

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by October 21, 19 41

Fifth: That the use for which said water is intended is Irrigation, Domestic and Milling

Sixth: That on the date above mentioned, the works constructed under said permit were (~~or were not~~) fully completed and consisted of the following:

I. Kind of works: 1200' - 2" pipe and 1600' - 12"x12" flume - earth and rock dam
(Reservoir, dam, ditch, flume, pipe or otherwise.)

II. Dimensions of work:

(a) Height of dam 2 feet, length of dam at top 15' feet, length of dam at bottom 15 feet. Material used in construction Earth and rock

(State whether wood, earth, stone or concrete.)

(b) Capacity of reservoir fraction acre feet.

(c) Size of headgate: Width 1 feet, height 1 feet.

(d) Conduit flume width at bottom 1 feet, width at water line 1'

(State whether ditch, flume or pipe.)

feet, depth of water 1/4 feet; diameter of pipe 2 inches, average grade per mile is 30 feet. Length of conduit is 1/4 miles.

Seventh: That said works are capable of conducting to the place of intended use 3 c.f.s. second feet of water.

Eighth: That water appropriated under said permit is available for 10 acres of land described as follows:

Painter Homestead - H.E.S. 684, Idaho County, State of Idaho

Ninth: Remarks: That the water conveyed by the 12"x12" flume is for milling purposes and irrigation. The water conveyed by the 2" pipe line is for domestic use and irrigation.

Re: 19064

Gordan Prentice
c/o Sunshine Electric Co.
Seattle, Wash.

Dear Sir:

Under the terms of your permit No. ~~19064~~ you are required to complete your diversion works and make proof of Beneficial Use on or before ~~Oct. 21, 1941~~.

I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of Completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the Completion of the Works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

I also enclose blank notice for proof of application of water to Beneficial Use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is ~~Oct. 21, 1941~~, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Yours truly,

E. V. BERG.

Commissioner of Reclamation.
