Re: Permit No. 18404

Mr. Clifford Hinkley,
Riggins, Idaho.

Dear Sir:-

A short time ago we received our field engineer's report on examination for beneficial use under the above numbered permit.

This report shows that you are irrigating ten acres of land in Lot 8 (or the SE $\frac{1}{4}$ NE $\frac{1}{4}$) of Section 13, Twp. 24 North, Range 3 East, and are also operating a small power plant for lighting purposes.

The statutory fee will therefore amount to \$7.00, upon receipt of which a license will be issued.

Re: Permit No. 18404.

Mr. Cliff Hinkley
Riggins, Idaho

Dear Sir:

This will acknowledge receipt of the deposition of the holder, depositions of two witnesses, and the affidavit of proof of publication from the newspaper, all in connection with beneficial use proof under the above permit.

Before final action can be taken in this matter, the law requires that a field examination be made by an engineer from this department. We are unable to say just when this examination will be made, since the department has but one field engineer who makes examinations all over the state.

However, Mr. Tolman, Field Engineer for this department, will contact you at the time set for examination so that you may show him over the grounds. After his report is on file in this office, you will be further notified as to fees due before the issuance of your license.

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO,

January 25, 1938

John H. Clay
Notary Public
Riggins, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 18404

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On February 2, 1938, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Riggins, Idaho before John H. Clay, Notary Public.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly.

R. W. PARIS

Re: Permit No. 18404.

Mr. Clifford Hinkley
Riggins, Idaho

Dear Sir:

This will acknowledge receipt of notice in duplicate for publication in connection with beneficial use proof, and also your authorization to have the notice published in the County Free Press, Grangeville, Idaho, all in connection with Permit No. 18404.

Your notice stated that you would submit your proof before R. W. Faris, Commissioner of Reclamation. We have changed your notice to read that you will submit your proof before Maurice Greene, Notary Public.

A copy of the notice has been mailed to the newspaper with instructions to publish it once a week for four consecutive weeks prior to February 2, 1938. About ten days prior to this date depositions, consisting of one for the holder and one each for two witnesses, will be mailed to Maurice Greene, Notary Public, Boise, Idaho, so that he will have them in ample time for the proof.

On the date designated you should appear at Mr. Greene's office with two disinterested witnesses who are familiar with the terms of the permit and the works constructed thereunder, for the purpose of executing the depositions.

Inasmuch as it is necessary for you and your two witnesses to appear before the notary taking your proof, it occurs to us that you might prefer to make your proof at Riggins, Idaho. John H. Clay is a notary public at Riggins. In the event that you do wish to make your proof at Riggins, please instruct the newspaper at once to change the notice to read: "**** at Riggins, County of Idaho, State of Idaho, before John H. Clay, Notary Public, proof will be submitted ****." Also, please notify this office, so that we will mail the depositions to Mr. Clay, or to another notary you might wish to designate.

Very truly yours,

R. W. FARIS

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho, **June 9, 1937**

Clifford Hinkley
Riggins, Idaho
Dear Sir:—

Under the terms of your permit No. **18404**.....you are required to complete your diversion works on or before **August 2, 1937**..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00 a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.
