Mr. C. N. Woods, Regional Forester,
U. S. Forest Service,
Ogden, Utah.

Attention- Mr. John N. Kinney

Dear Sir:-

We acknowledge receipt of your letter of December 26th, enclosing statement from the Payette Lake Star for publication of notice of beneficial use proof under Permit No. 18382, which we are returning herewith.

While it is true that the advertising order was issued by this Department, our authorization to do so was on the regular form prescribed by this Department, and was signed by Mr. H. M. Shank, Forest Supervisor, as per copy enclosed which is in accordance with the regular procedure in such cases.

Section 41-203, Idaho Code Annotated, states that the expense of such publications must be paid by the person making such proof, and under this ruling it would not be possible for us to present a voucher for such payment, to be afterwards repaid by you, as our Board of Examiners would not approve such voucher.

Why would it not be possible to have Mr. Shank make this payment himself, and then submit a voucher to you for repayment?

We regret that we are unable to help you in this matter.

Very truly yours,

A

Dear Mr. Spofford:

Reference is made to the attached statement and affidavit from the Payette Lake Star covering the cost of publication of Notice of Proof of Application of Water, which notice was published at the request of the United States Forest Service, McCall, Idaho.

Our regulations require that when a notice is published in a newspaper or journal, Advertising Order signed by the Forest Supervisor or Regional Forester must be issued, such order to accompany the voucher in payment of the account. It is our understanding that in this instance the Advertising Order was issued by the Idaho Department of Reclamation, which we could not use to support a payment made direct to the publisher. Under these circumstances, we would request that you make payment of the account, submitting your statement to us for the charges. We can then make payment to you without the necessity of an Advertising Order to support the voucher.

Your assistance in this matter will be appreciated and if there is any further information we can give you do not hesitate to advise us.

Very sincerely yours,

Gentlemen:-

Under date of October 6th, we enclosed you a notice to be published once a week for four consecutive weeks prior to November 4th.- said Notice being in connection with the above numbered Permit, in the name of the U. S. Forest Service, at McCall.

On August 21st, we sent you this same notice- only with the date of proof October 2nd, instead of November 4th, but inadvertently addressed the envelope to Payette instead of McCall.

This letter has not been returned to us, and the Postmaster at Payette informs us that the letter was probably forwarded to you at McCall.

Will you please advise if you received the former letter- and if so, if publication was made in accordance therewith.

In reply to your letter of October 2, we beg to advise that we have notified the PAYETTE LAKE STAR, of McCall, to publish in four issues prior to November 4, 1939, the date that we have set for proof.

We are very sorry you are inconvenienced, but as you have time before the date beneficial use proof is due, there will be no loss of priority or anything like that involved in this later publication. If November 4 would be inconvenient for you, you might notify the paper and also this office as to the date that you would like to have proofs taken. This date should be ahead of the time required for four consecutive issues in the paper.

Dear Mr. Spofford:

Reference is made to your letter of August 21 regarding Permit
#18382.

The address of the Payette Lakes Star is McCall, Idaho rather
than Payette, Idaho. The notice has not yet appeared in the Payette
Lakes Star--undoubtedly a result of the incorrect address.

Very truly yours,

Re: Application for Permit No. 25600.

Mr. R. R. Brown
Acting Forest Supervisor
McCall, Idaho

Dear Mr. Brown:

We have your application to appropriate 0.01 of a cubic foot per second from an unnamed spring, to be used for culinary purposes at one of your ranger stations. The plats which accompanied it were also in proper form.

It is my understanding that the Forest Service will not issue a warrant for a filing fee until such time as you have the permit, and with reference to this situation I wish to quote briefly from Section 41-202 of the Idaho Code Annotated:

"No application shall be accepted and filed by the department of reclamation until the applicant shall have deposited with the department a filing fee of five dollars, if the quantity of water claimed is one cubic foot or less per second, and if the quantity of water claimed is in excess of one cubic foot per second, the fee to be so deposited by the applicant shall be increased twenty-five cents for each additional cubic foot or fraction thereof."

Do you not think that in view of the State law, the Forest Service will pay this fee immediately? If they refuse, it appears that the only thing we can do is to reject the application, since in the face of the law, we certainly have no authority to issue a permit without the fee.

If you have any suggestion in the matter, will you kindly communicate with this office.

Very truly yours,

Chief Clerk & Office Engineer
