Application No. 18586
Permit No. 12990

APPLICATION FOR PERMIT 77-2030

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

District No. 3-V.

1. Name of applicant: **Frank Hawthorn**

Postoffice address: **Warren**

County: **Idaho**

State: **Idaho**

- I. If applicant is a corporation, give
- (a) Date and place of incorporation:
 - (b) The amount of capital stock:
 - (c) The amount paid in:
 - (d) Names and addresses of directors:

- II. The financial resources of the applicant are:
- (a) Cash on hand:
 - (b) Treasury stock:
 - (c) Bonds to be issued:
 - (d) Other resources:

2. The quantity of water claimed is **Two** cubic feet per second.

3. Source of water supply: **Beemas Creek, which is a tributary of Warren Cr.**

4. Location of point of diversion: **Unsurveyed - In the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 2, T. 22 N., R. 6 E.B.M.**

County of **Idaho**.

5. To be used for: **Sawing domestic wood & domestic use.**

- I. Irrigation and domestic use:
- (a) Amount of land to be irrigated: _____ acres.
 - (b) In the following legal subdivisions:

II. Mining, milling, power, manufacturing, transportation or other purposes:

(a) At what point: **In the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 2, T. 22 N., R. 6 E.B.M.**

- (b) Amount of power to be generated: **4** H. P. under **35** ft. head
- (c) Is water to be returned to any stream? _____ (d) If so, name stream and locate point of return: **Warren Creek, at a point in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 2, T. 22 N., R. 6 E.B.M.**

6. Estimated cost of works: **\$200.00**

7. Description of works for diversion:

I. Kind of works: **small dam, ditch and pipe line.**

II. Dimensions of works:

(a) Height of dam **2** feet, length of dam at top **20** feet,
length of dam at bottom **4** feet. Material used in construction: **earth and rock**

(b) Capacity of reservoir _____ acres feet. (c) Size of headgate, width **2** feet,

Height **1** feet. (d) ~~Conduit~~ Ditch: width at bottom **1** feet,

width at water line **2** feet, depth of water **1** feet; diameter of pipe

6 & 10 inches; average grade per mile is 10 feet. Length of conduit is 1/8 miles, and it crosses the following quarter sections:

8. The time required for the completion of the construction of such work is **8 Months** years.

9. Time required for the complete application of the water to the proposed use is **same** additional years.

BE IT KNOWN That the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth.

Frank Hawthorn.

Applicant.

Agent.

Date of first receipt at office of State Engineer 9:00 A.M. June 1, 1917

Returned to applicant for correction

Corrected application received

APPROVAL OF STATE ENGINEER

The number of this permit is 12990

Recorded in Book 45 Page 12990 Approved June 20, 1917

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of _____ to be filed on or before _____

Work to begin on or before August 19, 1917 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before October 20, 1917

The whole of said work to be completed on or before February 20, 1918

Beneficial use of water appropriated in accordance herewith, to be made on or before October 20, 1918.

Witness my hand this 20th day of June, 1917. J.H. Smith.

State Engineer.

Remarks:

14. The land to be irrigated is described in the following tabulation: None.

15(a) Is reservoir to be used? No.

The ditch having been dug a number of years and water having been used for domestic purposes by the applicant, he wishes to use the flood water to run a cut-off saw and for irrigating yard and garden. He has water piped into house and asks for 8 months time in which to complete his pipe line and saw construction. The ditch takes out of Beemas Cr. 1000 ft. from confluence with Warren Cr. and runs South Westerly on the West side of said Beemas Cr. and is used at claimant's house in Warren and water flows back into Warren Creek about 500 ft. below mouth of Beemas Creek.

Permit No. 12990.

CERTIFICATE OF COMPLETION OF WORKS.

To All Whom It May Concern:-

This is to certify that Frank Hanthorn, of Warren, County of Idaho, and State of Idaho, the holder of Permit No. 12990, issued upon Application No. 18586, bearing date of priority of June 1. 1917, authorizing the diversion of two (2) Second feet of the waters of Beemas Creek, County of Idaho, State of Idaho, for domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said permit; that said works are adequate for diverting and conveying to the place of intended use two (2) second feet of the waters of Beemas Creek; that the point of diversion of said waters is in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 2., T. 22 N., R. 6 E. B.M., and that the place of use of said waters is at the dwelling of the applicant.

WITNESS my hand this 22nd day of March, A.D. 1918.

Fred A. Wilkie,

State Engineer of the State of Idaho.

Re: PERMIT No. 12990

Mr. FRED SHICKLER,
Warren,
I d a h o

Dear Sir:

We have your letter of the 13th inst. Your license bears date of priority as of June 1, 1917, and your right should be satisfied ahead of all rights which have been issued since that date.

The above is true only if the water has been used continuously. Sec. 5582, I. C. S., terms "abandonment" as failure to use the water for a period of five consecutive years. However, this Department will not investigate your right to determine whether or not the water has been applied to a beneficial use continuously from the date of the filing. Any interested party who has a permit for waters of the same stream would be in a position to petition the cancellation of your right on such a basis, in which case a hearing would be held to determine the facts.

A license is all you need to prove your right to anyone who may wish to interfere with you.

Very truly yours,

R. W. FARIS,
Commissioner of Reclamation

Boise

Ida

Dear Sir:

I received your letter to-day about the water right permit No. 12990. Thank you very much for the consideration and looking this up. but I don't understand clearly. Will you please answer my questions. Will this give us first right to water for our property? Can any one file on this water over us?

Would we have to file new on this ditch to have first water rights? If I keep these papers will that show we can have what water we need before any one else?

I hope to get this clear. and to hear from you soon

Enclose find self stamped envelope for your reply.

MR. FRED T. SHIEFER
Warren, Idaho

Dear Sir:

This is to inform you that a license has been issued to Frank Hanthorn on the above numbered permit. It will not be necessary for you to have the license assigned to you on the Department records, as it is the final document. Had we issued the license to you, it would have been necessary for you to furnish us with a certified copy of the decree of distribution from the Probate Court, or other evidence of your right to act in this matter.

RE: PERMIT NO. 12990

MRS. FRANKIE REED
Warren, Idaho

Dear Mrs. Reed:

We have your letter of May 3rd in which you make enquiry concerning the status of the above numbered permit. Upon going into this file it was noted that a letter had been written in 1918 by the State Engineer to Mr. Hanthorn saying that the license would be issued at once. The writer is of the opinion that the license was never issued. However, we are enclosing a blank license, and suggest that you compare it with any papers that Mr. Hanthorn might have left to you. In this way it can be determined whether or not the license was issued.

Very truly yours,

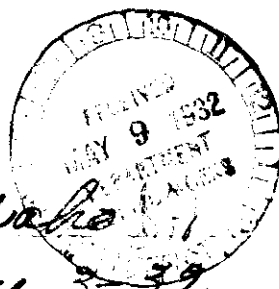

R. W. FARIS

PERMIT NO. _____

Proof of Application of Water to Beneficial Use**DEPOSITION OF HOLDER**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Frank Hawthorn Age 47 - Miner & Laborer
Warren Idaho County Idaho

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Not acting for corporation

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 12990 June 20 - 1917 Date of Priority June 1 - 1917

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Taken out of Remis Creek about 1000 from its
confluence with Warren Creek in Idaho County Idaho

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Ditch - width 2 ft. height 1 ft. width of bottom 1 ft.
width at water line 2 ft. depth of water 1 ft.
supposed to convey 2 cubic ft. per second.
Called the Hawthorn Ditch

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. For Domestic Purposes - running a cut off
saw and for irrigating yard and garden

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. Pipe line for running saw requires about
Three Horse Power

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. Two cubic ft. per second

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. By location and application

12990

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Since June 1-1917 for domestic use and irrigating yard and garden and running out off saw to the extent of Three Horse Power

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans.

None

(Sign)

Ernest Harrison

ENGINEERING DEPARTMENT
BOISE

INSTRUCTIONS

PROOF OF BENEFICIAL USE

BOISE, IDAHO, **September 13, 1918.**

Frank Hanthorn,
c/o Geo. L. Patterson,
Warren, Idaho.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under Permit No. ~~12990~~.

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of the permit holder's rights:

1. On ~~September 29, 1918~~, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to at ~~Warren, before Geo. L. Patterson, notary public.~~

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice. When these have been received, together with report of examining engineer, you will be further advised as to fees due before issuing license.

Yours truly,

FRED A. WILKIE,
State Engineer.

12990

REPORT OF ENGINEER

This proof is for Water right

In Water District No. _____

1. State name of applicant and number of permit: Franz Hanthorn, Permit No. 12990.

2. State source of water supply: Beemas Creek.

3. Location of point of diversion: from Beemas Cr. approximately 1000ft. from confluence with Warren Creek.

4. Describe works as they exist, giving dimensions and capacities of same: Diversion Dam: 7' ^{long} at top, 3' long at bottom, 2' in height, built of rock and dirt. At a pint approximately 200' above diversion dam, applicant has built a storage dam, 24' long at top, 18' long at bottom, 4 1/2' high, and 6' wide at top. Constructed of logs, rock and dirt. Ditch approximately 1/8 mi. in length, 1' wide at bottom, and 2' at top.

5. State whether or not water has been turned into works of diversion: Yes.

6. Give exact location of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation):

Water is used for domestic purposes mostly, applicant having it piped into house, is also used to run washing machine and a small cut off saw to saw wood, also a small yard and garden is irrigated not in over 1/4 acre.

7. Submit map on enclosed plat, showing location and details of above description.

8. How many parties conduct water in this system? _____

9. Give names and amount of each right: _____

10. What large stream would the water here appropriated finally reach? Warren Creek.

11. Describe the various tributaries en route, from point of diversion to the principal drainage stream: _____

Remarks: By permission of applicant, W.V. Martin, Gus Kupper, Lee Dick and Sleep Can, use water for house use from this ditch.

This examination was made on the 2 day of September, 1918.

Instructions To Examiners

1. Examiners will not be permitted to examine any of the records in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own rights in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

Aug. 26, 1918

State Engineer, Boise.

Dear Sir:

I have your letter of Aug. 24, 1918 enclosing Notice of Proof of ~~Completion of Work~~ Beneficial Use of Water under Permit No. 12990 which will be published as you request, beginning with our issue of Aug. 29, 1918

Thank you!

12990

K. S. Coffey, Pub.
Idaho County Free Press.

Office of the State Engineer

Boise, Idaho, Aug. 15, 1912.

Mr. C. M. De Witt,
Warren, Idaho.

DEAR SIR:

Frank Hanthorn, residing at Warren
County of _____, State of Idaho, has requested that
you make examination required under Permit No. 12990. Will you
therefore, arrange with the holder of said Permit to make such examination as will
enable you to answer the questions on the enclosed blank? Also, make a sketch on
the enclosed blank plat showing source of supply, point of diversion, route of ditch
and place of use. You should, also, arrange with the holder of said Permit for the
payment of your fee for your services, and such proper expenses as you will incur in
making this examination and report.

Please advise me promptly of receipt of this communication, and whether or not
you will be able to make the examination and report as required.

Very truly yours,

FRED A. WILKIE, ~~STATE ENGINEER~~
A. E. ROBINSON,

State Engineer.

August 5th, 1918.

Re Permit 22990.

Mr. Frank Hanthorn,
Warren, Idaho.

Dear Sir:--

Am in receipt of notices for final proof under above permit. One copy will be mailed to the Idaho County Free Press for the required four weeks publication prior to September 29th and deposition blanks will be mailed to Geo. L. Patterson, at Warren.

It will be necessary to have the report of some engineer on or before the date proof is made. If you can send us the name of some one near you who can do this work, he will be authorized to make the report and furnish the necessary blanks.

Very truly yours,

FRED A. WILKIE,

State Engineer.

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date)

July 31 - 1918

(P. O.)

Warren Idaho

TO THE STATE ENGINEER,

Boise, Idaho.

DEAR SIR:

You are hereby authorized to have the attached notice published at my expense in the
Idaho County Free Press of *Trangerville, Idaho* published in the
county in which the works are situated.

X *Frank Hawthorn*

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

12990

NOTICE FOR PUBLICATION

Notice of Proof of Application of Water to Beneficial Use

Notice is hereby given that at 10 a. m. on the 29th day of Sept, 1918,
 at Warren, County of Idaho, State of Idaho,
 before Geo. L. Patterson, Notary Public, proof will be submitted
 of the application to beneficial use of Two cubic feet per second of the
 waters of Bennis Creek in accordance with the terms and conditions of
 Permit No. 12990 heretofore issued by the State Engineer of the State of Idaho.

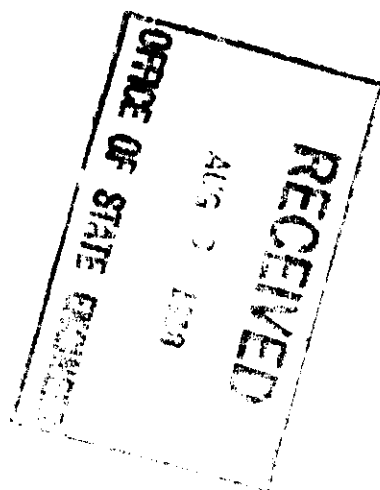

1. The name and postoffice address of the person or corporation holding said permit are Frank Hawthorn Warren Idaho
2. The use to which said water has been applied is for sawing domestic wood and for domestic use.
3. The amount applied to beneficial use is Two cubic feet per second
4. The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) at Claimants house in Warren
5. The name of the canal or ditch or other works by which said water is conducted to such place of use is The Hawthorn Ditch
6. The right to take water from such works is based upon Permit No. 12990
7. The source of supply from which such water is diverted is Bennis Creek 100 feet from its confluence with Warren Creek
8. The date of the priority which said user is prepared to establish is June 20 - 1917

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Frank Hawthorn,
Warren, Idaho.

Boise, Idaho,
Nov. 1, 1917.

Dear Sir:—

Under the terms of your Permit No. ~~12999~~ **12990**, you are required to complete your diversion works on or before ~~Feb. 20, 1918.~~ I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. SMITH,
State Engineer.
