Gentlemen:

Enclosed, you will find two (2) legal notices which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates, allowing ample time for you to submit us a galley proof for our review before publication.

After sending us a galley proof for each legal notice, proceed with the publication on the dates we have inserted, assuming the notices are correct. If we have any corrections, we will notify you before the first publication date. If you cannot publish the notices on the proposed dates, please contact us immediately.

An affidavit of publication for both notices must be submitted to the Department, along with the publication bill. In order to receive payment, the following certification must appear on the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits and that no part of the same has been paid."

Dear Mrs. Eisenbarth:

In regard to the 50 acres in the South $\frac{1}{2}$ of the N.W. $\frac{1}{4}$ of Sec. 36, not being allocated to water right 75-0091 or 75-0092. This 80 was added to the place after the water right was decreed in 1905. Part of this 80, has been irrigated for 30-40 years. I usually only irrigate it one time and with high water so that it wouldn't have to be allocated to the water permit of 8 C.F.S. as I suppose it would be under use right for high water. This place has used high water probably 2-3 C.F.S. for 40-50 years or longer.

It is probably best for now to delete the 80 acres I reported in S. $\frac{1}{2}$ of N.W. $\frac{1}{4}$ of Sec. 36, and get the water diversion approved. I would like to get it done this spring.

Your cooperation in this matter will be greatly appreciated. If there is any other reason why this cannot be approved, please let me know. Thank you.

Dear Glen:

We are returning the transfer you helped to complete for Mr. Edward S. Tolman. It is necessary to file two separate transfers, due to the fact that there are two separate decreed rights. We have completed the two transfers, except for the signature. Please review the transfers and if you find them acceptable, have Mr. Tolman sign both applications, notarize and return them to us. It will also be necessary to receive \$30.00 more for the remaining transfer.

Please note that we could list only 160 acres on each transfer, so as not to expand the original right. However, all of the 165 acres are covered under the two documents.

If you should have any questions in this matter, please do not hesitate to contact this Department.

Dear Mr. Tolman:

During the initial processing of your transfers, we have found that you list 50 acres in the S $\frac{1}{2}$ NW $\frac{1}{4}$, Section 36, Township 21 North, Range 21 East, which is not listed on the original decree.

If you are irrigating this land, you could list it on the transfer as a change in the place of use. A right cannot be expanded, so it would be necessary for you to delete 50 acres from the original listed acreage, which is approximately 320 acres.

If we can be of any further assistance in this matter, please feel free to contact our Salmon District Office, or this office.

Dear Mr. Fleenor

Enclosed is an application to
change point of diversion.

As you will notice it is a
very minor change & doesn't have
any effect on anyone else, as
I use all the water myself. The office
here in Salmon, earlier, thought it
wouldn't be necessary to file an
application on it. Then later said
perhaps I had better send in the
application & you could decide

I have secured a right-of-way
