RE: Permit No. 75-07605

I am returning your Proof of Beneficial Use submitted in connection with the above referenced permit. Before I can complete processing of the proof, additional information is required.

A drilling permit is required for all wells drilled, deepened or enlarged after July 1, 1987 (Section 42-235, Idaho Code). You indicate your well was drilled in October of 1993 by Dahle Excavator. I have been unable to locate a drilling permit or a well log for the well in question. The driller is required to submit the well log within 30 days of the completion of the well.

Please return the original proof form along with a copy of your drilling permit and the well log if you have a copy.

Please return the requested information within 30 days of the date of this mailing. Please address any correspondence directly to my attention.

If you have any questions or if I can be of any assistance, please feel free to contact me at (208)327-7953.

PROOF DUE NOTICE

RE: PERMIT NO. 75-07605

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before August 1, 1994. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

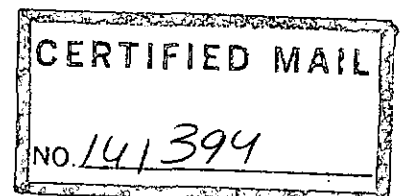

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,
