BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF PERMIT NO. 75-07503	)	
	)	
IN THE NAME OF MARION WRIDE	)	ORDER OF
	)	REINSTATEMENT

This matter having come before the Idaho Department of Water Resources (Department), the Department finds as follows:

FINDINGS OF FACT

1. On July 9, 1990, the Director of the Department of Water Resources issued Permit No. 75-07503 with a condition of approval that proof of construction of works and application of water to beneficial use be submitted on or before August 1, 1991.

2. On May 31, 1991, the Department sent a proof due notice to the permit holder.

3. On August 6, 1991, the Department sent a lapse notice to the permit holder since the permit holder did not submit either proof of beneficial use or a request for extension of time to the Department.

4. On November 27, 1991, the permit holder submitted Proof of Beneficial Use to the Department.

5. Section 42-218a.2., Idaho Code, authorizes the Department to reinstate a lapsed permit, with the priority date advanced to the date that proof of beneficial use was received, upon submittal of evidence clearly establishing the extent of beneficial use prior to the proof due date and a showing of reasonable cause why the proof was submitted late.

6. The permit holder has submitted evidence to confirm that water has been put to beneficial use prior to the proof due date. Evidence includes an affidavit stating that the permit holder had trailer moved to the Panther Creek area ten years ago, thus indicating that the permit holder used the water for domestic purposes.

7. The permit holder states, in correspondence to the Department, that he has been quite ill for the past few years, indicating that the department's correspondence was misplaced during that time frame. Therefore, he did not file timely.

MICROFILMED

MAY 21 1992

CONCLUSIONS OF LAW

1. The permit holder has submitted proof of beneficial use along with supporting evidence which establishes that water was in fact beneficially used as identified on the permit.

2. The permit holder has shown sufficient cause why the proof of beneficial use was not submitted in a timely manner.

3. The permit can be reinstated with the date of priority advanced to the date proof of beneficial use was received by the Department.

ORDER

IT IS HEREBY ORDERED that Permit No. 75-07503 is REINSTATED.

IT IS FURTHER ORDERED that the date of priority of this permit is advanced to November 27, 1991.

Dated this 25th day of March, 1992.

Dear Permit Holder:

The Department received your proof of beneficial use statement for the above referenced permit on November 25, 1991. The permit lapsed August 1, 1991 so the 60-day late period during which the permit can be readily reinstated has passed.

Pursuant to Section 42-218a, Idaho Code, (copy enclosed) the permit can now be reinstated only if you submit the following:

- a) Evidence to show that beneficial use of the water did commence and to show the extent of the use of water during the authorized permit period from the time the permit was issued until the proof due date.
- b) Reasonable cause why the proof of beneficial use was filed late.

Your proof of beneficial use statement along with any information which may have been submitted with it, will remain on file in this office for 60 days to allow you an opportunity to assemble and submit the additional required information.

Please feel free to contact this office if you have additional questions.

LAPSE NOTICE

RE: PERMIT NO. 75-07503

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced permit has lapsed and is of no further force nor effect. The department provided the proper forms to you in our proof due notice dated May 31, 1991. No further construction or additional development is authorized under this permit unless it is reinstated.

The permit can only be reinstated if you submit an acceptable proof of beneficial use or an acceptable request for extension of time to the department within sixty (60) days of the mailing of this lapse notice. An acceptable proof of beneficial use submittal must include the examination fee or a completed field examination report. A request for extension of time must be accompanied by a fifteen dollar (\$15) fee.

Enclosed again for your use are a proof of beneficial use form and a request for extension of time form. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a government agency or by litigation which may bring title to the water in question.

PROOF DUE NOTICE

RE: PERMIT NO. 75-07503

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before August 1, 1991. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Rita Fleck

Re: Application #75-7503

Dear Harold:

We have no real concerns over Mr. Wride's Application for Permit because of the small quantity of water proposed for diversion. However, to date he has not contacted the Forest Service for a Special Use Permit. Please inform Mr. Wride that he needs to obtain a Special Use Permit from the Salmon National Forest prior to constructing his proposed diversion ditch.

Sincerely,

For JOHN E. BURNS
Forest Supervisor

RE: #75-7503 - Marion Wride

Dear Harold:

Department personnel have reviewed Mr. Wride's application to divert 0.04 cfs of water from Panther Creek for domestic use and have no objection to the issuance of a permit.

Thank you for the opportunity to comment on this matter.

Sincerely,

Herbert A. Pollard, II

RE: Application for Permit No. 75-7503

Dear Water Right Applicant:

The Department of Water Resources acknowledges receipt of your water right permit. This office is currently in the process of advertising the application in the RECORDER-HERALD on MAY 3 & 10, 1990. The advertisement will be published for two consecutive weeks, and a period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested, you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our state office in about five weeks. State office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Sincerely,

MICROFILMED
