Enclosure

Star Rt.
Gibbonsville, ID 83463

Dear Mr. Greenwood:

Enclosed is a claim to a water right, checks #92-1 for \$30.00 each and an application for permit that was received by this office.

The claim is not acceptable because development was after May 20, 1971, and; therefore should not be re-submitted.

The application for permit needs to have item #7 and #9c completed. Item #7 should have one year entered as it appears that the system is already in use and item 9c needs a description of the arrangement enabling you to have the point of diversion on public land.

It appears that in addition to the SE $\frac{1}{4}$ NW $\frac{1}{4}$, the water is also used in the NW $\frac{1}{4}$ of NW $\frac{1}{4}$, Sec. 23, T. 26N, R. 21E. If this is true, the NW $\frac{1}{4}$ of NW $\frac{1}{4}$ needs to be added to item 8a1.

Upon receipt of only the completed application for permit and filing fee, processing will begin.

Please feel free to contact this department for any additional assistance that may be needed.

Sincerely,

KEITH C. WILSON
Sr. Resource Agent

Dear Mr. Greenwood:

Enclosed is a claim to a water right and check #92-1 for \$30.00 that were received by this office and an application for permit with instructions.

A claim to a water right records what has historically been diverted prior to May 20, 1971 for surface water. From item #1, the date of priority would require that an application for permit be filed; therefore the submitted claim is being returned.

Upon receipt of a completed application for permit and appropriate filing fee (see fee schedule), processing will begin.

Please feel free to contact this office for any additional assistance that may be needed.

Sincerely,

KEITH C. WILSON
Sr. Resource Agent
