Dear Sirs:

We acknowledge receipt of the affidavits submitted as proof of beneficial use for the above referenced permits.

Before licenses can be issued, field examinations must be made by a representative of this Department. We cannot tell just when these examinations will be made, but our examiner will try to contact you at the time he makes the examinations so that you may show him the systems.

If you have any questions concerning the field exams, please contact our Eastern District Office at 1515 Lincoln Road, Idaho Falls, Idaho.

Sincerely,

D. Darlene Reich
Water Rights Supervisor

Re: Permit No.'s 75-7007 & 75-7008

Box 111
Salmon, ID 83467

Dear Sirs:

One of the conditions of approval of your water Permit No.'s 75-7007 and 75-7008 (see last page of your approved permits) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before April 1, 1974. Enclosed are affidavit forms which must be used to submit the required proofs of beneficial use.

If you have not fully completed your projects, and you have not previously received extensions of time, you may request an extension of time provided the delay is for reasonable causes as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension can be granted for each permit.

Either the beneficial use affidavits or a request for extensions of time must be received by this Department on or before the above mentioned date, otherwise the permits will lapse and be of no further force or effect.

Gentlemen:

We enclose a copy of your approved application for permit 75-7007 & 75-7008 in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

Very truly yours,

C. Stephen Allred, ~~Assistant~~ Deputy
State Reclamation Engineer

Enclosures: Copies of permits
Receipt No. 3941 for \$30
Receipt No. 3942 for \$25

NOTE: Regarding Permit No. 75-7008, there are two other water permits filed on this source (Pony Creek). If these two permits are filled from Pony Creek, there will probably not be enough water in the creek to fill this permit.

P.S. Be sure to note that a special condition requiring you to install and maintain measuring devices at your points of diversion has been placed on your permits. We are enclosing a letter describing different types of measuring devices accepted by this office.

Gentlemen:

We are ready to take final action on the above referenced applications for permit. You have stated on both applications that the property at the points of diversion is owned by the U. S. Forest Service, therefore we will require a copy of your Special Use Permit from the Forest Service.

If you have any questions on this matter, please contact me.

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department of Reclamation along with the publication bill. In order to receive payment, the following certification must appear on the bill:

I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid.
