RE: Claim No. 75-4419

Dear Mr. Brown:

Responding to your letter of September 2, 1983, another claim has been partially prepared which hopefully you will find more acceptable.

You will notice in reviewing the claim, that the priority date, item #1, is not listed. This date should reflect when the water was first diverted and put to a beneficial use. If there were periods of time in excess of 5 years when the water was not diverted then the priority would be the date use of the water was re-established. Please enter the date you feel is most accurate, indicating at least a month and year.

Under item #3 the amount of water for each use has been listed separately rather than by diversion. However, in remarks there is a statement describing how the water from each diversion is used. Item #4 identifies the total amount diverted for both uses..

Prior to signing the claim in the presence of a notary, correct all information you feel is in error and draw the map on the back. When completed, please return the claim to this office.

Respectfully submitted,

Ernest Carlson

Claim # 75-4419

Gentlemen,

you have made the following mistakes in copying
my claim, that are evident to me

- 1- The ZIP code is 83462 not 83452
- 2 - Beneficial use by my family was May, 1942
prior beneficial use had transpired. I do
not know that date - But 1942 is not
actually correct. The home was built in 1910[±],
and that water came with the home and land.
- 3 - Diversion No 1 is for both irrigation and
stock watering and is for 0.2 CFS not
0.02 CFS! Same for Diversion No. 2
- 4 - The total then is for 0.4 CFS not 0.04 CFS.

Thank You for your prompt action. With the
above corrections made I'll endorse the
Corrected Copy.
