Dear Sir:

The Department of Water Administration has completed the processing of the above referenced claims to a water right and although the claims are not in the final form desired by the Department, we will retain them in our files in their present form. The Department is not authorized to take any further action under Sections 42-225a and 42-225b, Idaho Code.

As you are aware, the filing of your claims does not, in themselves, guarantee you a water right; it only records and preserves the information and the evidence which you included in your claims.

If, at a later date, you find that you have additional information or supporting evidence that you would like to have included in your claim files, you may have that information or evidence added at any time. Please refer to your claim numbers when corresponding with this office.

We are enclosing, for your records, copies of your claims. If you have any questions or if we can be of further assistance, please feel free to call upon us.

Very truly yours,

Dear Mr. Snook:

We have received the exception dated May 18, 1973, filed in behalf of Mr. Woodrow Conklin, Mr. Ed Corbett and Mr. Sidney Downton against the above referenced claim to a water right. The following is a quote from the provisions of the Idaho Code under which this claim has been filed.

42-225b. Recording of claims by department—Corrections.—

.....
At any time after filing a claim under the provisions of this section, any person who disagrees that a right has been established as set forth in said claim may file an exception thereto in duplicate, in affidavit form, accompanied by such proof as said person deems appropriate. An exception filed shall be made a part of the file of the claim in the department of reclamation (renamed department of water administration, July 1, 1970) and shall be considered the same as other evidence in said file. A copy of an exception filed shall be forwarded to the claimant by the department of water administration. Such claims may be corrected by the claimant only by filing of an amended claim in the same form as the original which shall be recorded and numbered by the department the same as the original and for which no additional filing fee shall be required.

Only the above action has been contemplated by the Idaho Legislature and we are not authorized to hold hearings or evaluate for conformation or final endorsement of the described rights.

If you have any questions regarding this matter, please contact us.

Gentlemen:

Please be advised that Mr. Woodrow Conklin, Mr. Ed Corbett and Mr. Sidney Dowton have requested that we file an exception on their behalf to the claim filed by Salmon River Properties, Inc., to establish a water right for 6.0 cubic feet per second from Hat Creek. This exception is filed on the grounds and for the reason that said water claim has not been used continually; said water has not been used for irrigation on the number of acres claimed; and contestants believe there is not adequate water in Hat Creek to justify the granting of this claim.

Dear Jim:

We have re-evaluated the above referenced claims based upon your letter indicating that the acreage in each 40-acre subdivision is shown on the plats included with each claim. However, summing the acreages in each 40-acre subdivision results in a total acreage in excess of that claimed.

We, therefore, again find it necessary to ask that you provide us with information on the acreage in each 40-acre subdivision.

These claims have been advertised using the total acreage claimed, and our final action awaits the above requested information.

Dear Mr. Herndon:

Attached herewith is departmental receipt No. 7158 in the amount of \$40 for the four Claim to a Water Right forms you submitted on behalf of Salmon River Properties, Inc.

There are several items that need to be clarified on the claims:

1. On the application for 1.8 c.f.s. for irrigation in Sections 8 and 9, Twp. 17N, Rge. 21E, is the source of water Upper Hat Creek, or is it Ezra Creek? The point of diversion listed is on Ezra Creek. If the right involves an exchange between Upper Hat Creek and Ezra Creek, the point of diversion from Hat Creek and the point of injection into Ezra Creek should be listed.
2. On the other three claims, the actual acreage in each 40-acre subdivision or lot should be clarified.
3. This office will require either a power of attorney for the individual signing the claims, or an indication that he is an elected official of the corporation.

Please provide this information in the form of a notarized supplement to the original claims at your earliest convenience.
