NOTICE OF EXISTING WATER PERMIT

Notice is hereby given that Hugh M. Coiner and V. Eron Coiner, Box 111, Salmon, Idaho, have received an approved permit No. 31517 issued by the Idaho State Reclamation Department authorizing the diversion of 3.728 cubic feet per second of water from Phelan Creek tributary of Napias Creek, subject to all prior rights. The priority to be established under this permit is October 30, 1963, and the permit was approved November 18, 1963. Water is to be diverted by ditch from a point within the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 9 and NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 17, T. 21 N., R. 20 E., B.M., Lemhi County to be used for irrigation in the NE $\frac{1}{4}$ E $\frac{1}{2}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 17; NE $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 18, T. 21 N., R. 20 E. B.M.

Proof of the application of the water to beneficial use is to be submitted to the Department on or before November 18, 1969. Any protests against the issuance of a license for the above referenced permit should be filed with the Department of Reclamation within ten (10) days of the last date of publication of this notice or prior to the licensing of the permit. Licensing may commence prior to the date beneficial use proof is due without further notice.

Dear Sirs,

Could you please tell me the status of this
water application?

The ditches have been completed and
we have been using the water for
several years

I understood that someone from the Dept
was to make an examination of the case,
but no one has ever been here. We are the
only users on either Poney Creek or Pheban
Creek.

It is impossible to get there this time of
year, also, we only use the water during
the irrigation season, so if this requires
an extension of time, could you consider
this letter as a request for such extension

Yours truly

Gentlemen:

One of the conditions of the approval of your permit no. 31517 was that proof of application of the water to beneficial use be submitted to this office on or before November 18, 1969.

Enclosed is an affidavit form which must be used to submit this proof. You may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code Amended.

Either the proof or a request for extension of time must be received by this department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Re: Permit No. 31517

Hugh M. Coiner and V. Eron Coiner
Box 111
Salmon, Idaho

Gentlemen:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit and are now submitting proof of beneficial use. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

Very truly yours,

Dear Mr. Coiner:

Returned herewith is your proof of completion of works on the above mentioned permit. We find that the proof checks out with the permit except for item eight. There you list two homestead entry survey numbers and not the legal description as listed on the permit. We have written in red the correct description as listed on your permit. Would you please check this and if it is correct return to our office indicating the correct information. We do not have copies of the homestead surveys.

Very truly yours,

Gentlemen:

Under the terms of your Permit No. 31517 you are required to complete your diversion works on or before Nov. 18, 1966. I enclose blank affidavit to be filled out, sworn to by you before a Notary Public, or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the said permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

R. KEITH HIGGINSON

State Reclamation Engineer

Dear Sirs

I was under the impression
that an N. E. S. , made prior to
the Township Survey comprised a Gov't
Subdivision

However, I have listed the acres in each
40 acre tract, if they exist as such

Yours truly

Returned herewith is your application for permit with attached
Receipt No. 31886 for \$5.75 fee.

The amount of water claimed has been reduced to 3.7 c.f.s. to
agree with the acreage shown, 185 acres. The extra point of
diversion has been included under 4.

Kindly show the acres in each 40-acre subdivision as required
under 14 on page 2.

Return the application after correction and additional in-
formation is shown.

Very truly yours,
