Attention C. Walker Lyon

Dear Mr. Lyon:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Recorder Herald, all submitted in proof of completion of works and beneficial use on Permit No. 23987.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

Dear Mrs. Rule:

I am enclosing herewith the affidavit of publication, two depositions of witnesses, and deposition of holder, in the matter of the Edwards proof of completion of works and application of water for beneficial use under permit No. 28987, which was held in my office September 28, 1965.

The Recorder Herald has been paid \$25.96 for the publication of the notice.

When the notice of proof was sent to the newspaper, I noticed that we had left out the Northwest quarter of the Northeast quarter of Section 24 and took the liberty of inserting this so that the publication was proper. This forty is in the application for amendment, I find, but was not included in the assignment although the parties intended to do so. Would you please insert the NW $\frac{1}{4}$ NE $\frac{1}{4}$ after the word Section 23 in the assignment like it is in the notice and accept our thanks.

Dear Mr. Lyon:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. 28987, in the name of Gladys M. Edwards, Eugene F. & Edgar Edwards. Final Proof is to be made before you, as Notary on the 28th day of September, 19 65, at 2:00 o'clock P.M., at Lyon Building, Main Street, Salmon, Idaho.

As of this date, we have mailed the Notice to the Recorder H. H. Hald Salmon, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Re: Permit No. 28987
Gladys M. Edwards

Dear Mr. Tappan:

When the above permit was filed water was to be used on certain land that was applied for under a desert entry from the Bureau of Land Management. As you will remember, all desert entries were then withdrawn, so the applicant, who was a member of the partnership of Edwards & Sons used the water on land owned by the partnership, being the Southeast quarter of the Southeast quarter of Section 14, and the North half of the Northeast quarter of Section 23 and the Southwest quarter of the Northwest Quarter and the Northwest quarter of the Southwest quarter of Section 24, all in Township 21 North, Range 21 East of the Boise Meridian, because the ditch was already built.

This water has been continually used since the year of application and we were wondering if Gladys M. Edwards as a member of the partnership should proceed to make proof of completion of work and putting the water to a beneficial use on this land or whether we should amend the permit also to the Edwards & Sons who owns the land in question. We will proceed on the matter as you suggest.

Re: Permit No. 28987
Gladys M. Edwards

Date: July 1, 1965

C. Walker Lyon
Attorney at Law
Salmon, Idaho

Dear Mr. Lyon:

Under the terms of your Permit No. 28987 you are required to make proofs of completion of works and application of water to beneficial use on or before **Sept. 13, 1965**

Before this proof can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper in the county.

We enclose Form 36-A in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date and/or before the time you intend to make proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use, or lands which are irrigated - - by legal description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your notice is published, or you may have to readvertise and complete another set of proof forms.

Also enclosed is Form 11, which is the authorization for us to have the notice published in the designated county newspaper, at your expense. This is to be returned with Forms 36-A

At the time we send the notice to the newspaper we will send you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, and at the place named, before the Notary Public as advertised in the publication notice.

The amount of water allowed in a license cannot be more than is actually produced and measured and put to beneficial use, and cannot be more than the statutory amount allowable per acre of land actually found by the field inspection to have been irrigated at the time of proof.

Re: Permit No. 28987
Gladys M. Edwards

Mr. C. Walker Lyon,
Attorney at Law,
Salmon, Idaho.

Dear Mr. Lyon:

We enclose Permit No. 28987 in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer, together with two copies of same, one of which has been certified, as per your request of September 7, 1960.

Departmental Receipt No. 30260 which was issued covering payment in the amount of \$5.75 for the filing fee, was mailed to you with our letter of August 31st.

Also enclosed is Departmental Receipt No. 30269 which covers payment in the amount of \$2.00 for two copies, one certified, of the above numbered permit, together with a \$1.00 refund.

Very truly yours,

Re: Application No. 36974
Gladys M. Edwards

Dear Mrs. Rule:

Returned herewith is the above application together with a check in the amount of \$3.00 for which we would like a certified copy and one other copy to be returned to me to be filed later with our U. S. desert land entry.

I am sorry the application had to be returned, but the maps were made by the local surveyor, and although we had the description correct in the application, he did not etch in the correct 40's. I have personally redrawn the maps hoping they will comply.

Very respectfully,

CWL/lc

Dear Mr. Lyon:

Returned herewith is the application for permit with attached receipt No. 30260 for the \$5.75 filing fees.

The land list under No. 14 on page 2 does not agree with the map. Kindly correct the error and return the application at your earliest convenience.

You indicated in your letter that the land to be irrigated is covered by a Desert Land Entry. That should be noted under remarks. The Bureau of Land Management requires 2 copies of the Permit, one certified. A letter can be sent to the Bureau from this office upon receipt of a correct application showing nature of permit to be. See fee change in Jap Latimer case.

Dear Mr. Carter:

Enclosed herewith is application for permit to appropriate the waters of Chipp Creek, which is a tributary of Jessie Creek, Lemhi County, Idaho, of Gladys M. Edwards, Salmon, Idaho, together with the required filing fee of \$5.75.

Should you wish any additional information, please feel free to write my office. I would appreciate it if you would tell me the permit number as soon as possible as I would like to place the number on a desert land entry application to the Bureau of Land Management.

Sincerely,
