Dear Mr. McFarland:

Our field engineer's report on his inspection of the application of water to beneficial use under the terms of Permit No. 26870 shows the creek is capable of conveying 15 miner's inches, or .3 c.f.s. of water for the irrigation of 15 acres.

Upon receipt of the statutory fee of \$ 4.00 -based at the rate of \$2.00 for each 40-acre subdivision - we will issue the License and Certificate of Water Right, confirming the right with priority of March 20, 1957 to the use of .3 second feet of surface water with the point of diversion in NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 24, Township 23 North, Range 22 East, B.M. Re: Permit # 26870

Mr. Glen McFarland
Carmen, Idaho

Dear Mr. McFarland

Statutes requires a field inspection in connection with the proofs on Permit # 26870 before license and certificate of water right can be issued.

Such inspection and report on same is required for any and all permits being brought to license within this State.

An inspecting Engineer from this Department requests that you or someone familiar with the terms of the permit and representing you be prepared to accompany him on the inspection, on Wednesday, October 14,
1959.

If he cannot get in touch with you by phone or otherwise he will drive to the well location or point of diversion given in the permit.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Carmen Creek - 600 feet distant from the $\frac{1}{4}$ corner of Section 24, Twp. 23 N.R. 22 EBM Lemhi County, Idaho

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 250 miners inches.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Used for irrigation in the E $\frac{1}{2}$ SE $\frac{1}{4}$ Sec. 23, Twp. 23 N. Range 22 E.B.M. Cultivated land. Fenced, ditched and seeded this land

26870

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Not for any other purpose.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Cultivated meadow land. Would probably take 40 or 50 inches of water.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have lived neighbors to this land for 50 years and have personally witnessed application of water for beneficial use for the past ten years.

Dear Mr. McFarland:

This acknowledges the Notice of Proof of Application of Water to Beneficial Use, under Permit No. 26870 - (We typed the Form 10 in duplicate, from the information sent in your letter of March 17, 1959). The proof is to be made at 2:30 P. M. on the 1st day of May, 1959, at Salmon, Idaho, before Joe Herndon, Notary Public.

As of this date we have mailed the Notice to the Recorder Herald, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you. We are returning one Form 11, as we only require one for our files.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, at the place, and the date and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

Dear Sir:

Under the terms of your Permit No. 26870 you are required to make proofs of completion of works and application of water to beneficial use on or before May 1, 1959.

We enclose Form 6 to be filled in and sworn to by you before a Notary Public, and returned to this department on or before the above date, for making proof of completion under the permit. Upon receipt of this affidavit, provided same satisfactorily shows the completion of works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

We enclose Form 10, in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date or before the time you intend to make proof. This form, in duplicate, is to include the time of day, the date (allowing for four weeks publication), the name of the town, the address of the Notary Public before whom you will appear to make the depositions of proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use or lands which are irrigated--by 40-acre legal land description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

Also enclosed is Form 11, which is the authorization for us to have the Notice published in the designated county newspaper, at your expense. This is to be returned with Forms 10.

At the time we send the notice to the newspaper will will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set and at the place named, before the Notary Public, as advertised in the publication notice.

Very truly yours,
